of the bridge, while Sumner's and Franklin's corps were on the left. Hentzelman,s corps, with Gen. McCall's division, was posted out on the New Market road to meet the enemy, who was approaching from the direction of Richmond. The enemy came up boldly early in the forenoon, having been heavily reinforced by troops that had fought the battle of Friday on the opposite side of the Chickahominy.

At about 2 o'clock it became evident that some portions of our lines must give way, as the enemy were evidently throw-ing fresh troops into action. Our troops in front of the bridge now fell back to within three and a half miles of Turkey Island bridge, where the fight was short-ly after renewed, and continued with the greatest determination on both sides. The loss on Monday was very heavy on both sides. During the day all the cattle and a greater part of the transporway, as the enemy were evidently throw-

cattle and a greater part of the transportation had safely crossed Turkey Island bridge. Some of the rear wagons were abandoned and fired on this day in order to make room for the artillery.

THE BATTLE ON TUESDAY. The fight was renewed early on Tuesday morning by the enemy, who evidently expected to crush our army. It lasted

about three hours, resulting in considerable loss to both parties. The enemy then retired, leaving the field to our troops.---They again advanced about 3 o'clock P. M., in considerable force, but retired after being shelled by the gunboats and artillery for about two hours, without coming near enough for the use of musketry.

The loss of our army during these engagements is not known, but twenty thousand is considered as near an estimate as can, at present, be given in killed, wounded, and missing. Many of those at present unaccounted for may have straggled away through the country, and may hereafter return.

We have taken about seven hundred prisoners, among whom are three lieutenant colonels and one major.

The loss in field artillery during the seven days amounted to about thirty al men should be chosen in order to restore the Union guns.

General Reynolds and Captain Kingsbury of his staff were taken prisoners, as was also Col. Stockton of Michigan.

General Mead, of Pennsylvania, was severely wounded. General Burns was wounded in the face. Generals Sumner and Heintzelman were

both slightly wounded in the left arm, but they did not leave the field. Gen. McCall was seen to fall from his horse during the battle of Monday. He

was taken prisoner. The extent of his injuries is not known. The army is now encamped on high,

rolling ground on the banks of the James river, fifteen miles from Richmond. The transports are already unloading supplies at the wharves.

OPINION OF GEN. McCLELLAN. The Commanding General feels confident of successfully meeting any attack that the enemy may make on his present position. The moving of the army over the James river was not a part of the gentack of Jackson's forces on the right, last br. Gloninger, Respectfully, N. J. WASHINGTON, Sec'y. eral plan, as has been stated. ## CAMP, NEAR BATTLE GROUND,

June 23, 1862. DEAR PARENTS :- Events in Camp are without much change, and the condition of the "98d" to the poor unfortunates that have so long labored beneath its distressing power, and many of these who were formerly classed on the "well list" are who were formerly classed on the "well list" are now beginning to complain, and also gradually collapsing into this unhappy state. Individu-ally, I manage to jog along tolerably well, and, although to day I may be in fine health and spir-its, to-morrow brings a relapse and prostrates me so much that I am unfit for snything. Captain Murray, who, by diat of determined resistance, has staved off sickness for a long while past, also begins to complain, but we hope and trust be will begins to complain, but we hope and trust he will not be taken sick, as his loss would leave our Company without a single Commissioned Officer. A few evenings ago, our pickets were driven in by a large reconneitring force of the enemy. A few discharges of musketry soon increased to continued and heavy volleys, and in a very short time the batteries were blazing away, throwing our array into a state of activity and readiness. In less time than it takes to write it, the cannon-

iers, &c., commanding the reserved batteries plu-ced behind the entrenchments near our Camp, were at their posts and ready for action. I can assure you, my dear Parents, that in the army,-and especially since the unfortunate surprise which proved so disastrous at Fair Oaks,-- the "bogs" are not to be caught napping. Ever on the alert, and ready to perform their respective duties, they await with painful anxiety the event-ful day which must decide the fate of Richmond, and strike the death blow to the great Rebellion. The "23d" has a position assigned her, and, should the fight be a desperate one (which ap-
