

Lebanon Advertiser.

WM. M. BRESLIN, Editor and Proprietor. LEBANON, PA. WEDNESDAY, AUGUST 13, 1862.

FOR AUDITOR GENERAL: ISAAC SLENKER, UNION COUNTY. FOR SURVEYOR GENERAL: JAMES P. BARR, ALLEGHENY COUNTY.

TO THE PUBLIC.

We can have no further bandying of words with the Lebanon Courier until the war is over. Then, if we are spared, and occupy the same position we do now, we shall probably be ready to regain it. We have higher and nobler work at this time, viz: advocating the preservation of the Union, maintaining the inviolability of the Laws, and the putting down of the rebellion.

IMPORTANT CORRESPONDENCE.

We publish in this paper the correspondence between the President and the Representatives of the Border States in relation to his Emancipation Scheme. We trust no one will fail to read it. That scheme may truly be characterized as a plan to aid the rebellion and render the restoration of the Union impossible.

We do not propose to discuss the great questions raised in this correspondence, but simply desire to direct the reader's careful attention to two points in the letter of the Border States men—that showing that the great strength of the rebellion is derived from abolition agitation, and that relating to the abolition "pressure" which the President is unwilling to resist.

The following sentence may be found in the "appeal of the President" to the Border States representatives, printed on the first page of this paper:

"Yet, in repudiating it, I give dissatisfaction, if not offence, to many whose support the country cannot afford to lose. And this is not the end of it. The pressure in this direction is still upon us, and is increasing. By conceding what I now ask you can relieve me, and much more, can relieve the country in this important point."

It is a surprise to Democrats—who have been accustomed to be called "Traitors" by Abolition Pharisees—to find the President thus defining and "making history" of the qualified loyalty of Republican Senators and Congressmen! He intimates plainly that he is obliged to conciliate them, or the country will lose "their support," and thus we have it recorded by the highest authority, that the motto and determination of these Jacobins is, the Negro first the Union last!

EDITORS ARRESTED.—Messrs. Barrett, McDowell, Foster and Jones, Proprietors and Editors of the Harribsburg Patriot and Union were arrested on Wednesday, at Harrisburg, and taken to Washington and confined in the old Capital prison.

ATTENTION—COLORED MEN. The great Gen. Lane has arrived in this city to day, and will address the colored citizens of Harribsburg in front of the Market House at four o'clock this (Monday) afternoon.

It is professed that the issuing of said handbill was intended to prevent enlistments, and was TREASON!

While these proceedings against "Treason" were going on at Harribsburg, the Republican papers were spreading broadcast an order—(we believe it as bogus as the handbill)—that Gov. Sprague was organizing a Regiment of negroes in Rhode Island and intended to take the command of them himself.

Our Assessors have had some sport in enrolling the Militia. In one or two instances they have been ordered to leave the house, or take a stroke from a broom-stick!

A poor devil who signs himself "Union" in last week's Courier asks of the editor of that sheet whether it be true that there is a Lodge of the Knights of the Golden Circle in this place.

The War Department at Washington has issued an order, that all United States Marshals and Superintendents, and Chiefs of Police of any town, city or district, be and they are hereby authorized and directed to arrest and imprison any person or persons who may be engaged by act, speech or writing, in discouraging volunteer enlistments, or in any other disloyal practice against the United States.

The Courier has a rignarole of stuff about the Stars and Stripes being torn down at Ephrata Mountain Springs, Lancaster county, and that none of the Union visitors present had the courage to resent it, but that a negro took it up, replaced it, and defied the secesh to touch it again.

The noted rebel Ram Arkansas was abandoned and blown up by her officers and men near Baton Rouge, last week. Her machinery became deranged and she was in danger of capture, in preference to which she was destroyed.

The President refuses to accept negro soldiers. He says it would be the signal for the Border States to turn against the Union, and we cannot afford to lose them.

The army of the Potomac has again assumed the offensive. A reconnaissance was made by Gen. Hooker on Tuesday, of last week, to Malvern Hill, White Oak Swamp, &c. The rebels were obliged to skeddadle towards Richmond. We took 158 prisoners. Our loss was 3 killed and 11 wounded. On Wednesday Gen. Hooker fell back to his old position, the enemy appearing in force at Malvern Hill.

An order was issued on Friday last, by the War Department at Washington, prohibiting any person liable to be drafted for militia duty, from leaving the country.

Loss of the Steamer "Golden Gate."—The Pacific Mail steamship Golden Gate was burned at sea on the 27th ult., and 180 passengers and 20 of the crew lost.

All the negroes that come into our camps are invited to work but do not appear inclined to accept the invitation. Gen. McClellan employs all he can find, and says he does not have enough. So with other Generals, except those who keep negro academics.

Wickliffe did not, at the Indiana State Convention "advise his hearers against any more fighting against the rebels until we see what we are fighting for," as the Courier stated last week. It knew that the statement was false.

"JUST 46." Our Assessors have had some sport in enrolling the Militia. In one or two instances they have been ordered to leave the house, or take a stroke from a broom-stick!

The Republicans are very much put out with Hon. Francis W. Hughes, President of the late Democratic State Convention, because, as they assert, he has a brother in the rebel army. For that reason, they say, he was not fit to sit at the head of a Convention in the capitol of a loyal State.

The Editor of the Courier: When you administered on the effects of "Civis" and took possession of his personal property, did you see anything of the Dictionary which you said he purchased at auction?

NEGRO RIOT IN BROOKLYN, N. Y.—A riot took place last Monday afternoon, between a party of colored people employed in a tobacco factory in Atlantic street, Brooklyn, and a large number of Irishmen, in which a great many were injured.

Battle between Gen. Banks and Stonewall Jackson. Heavy losses on both Sides. HEAD-QUARTERS, 6 miles below Culpepper, Va. Aug. 10, 1862.

Physiologists tell us that the bodies of men—and pigs—are entirely changed in the course of about 7 years. If this be true it must have been an entirely different person from the T. T. W. of to-day, who enters

The fight was almost wholly with artillery at first, but the infantry became engaged about 6 o'clock, and a determined and bloody contest followed.

The whole rebel force suddenly attacked us in overwhelming numbers at all points. Nearly all their regiments had full ranks.

The rebels planted a battery against McDowell's centre, where Generals Pope and Banks were bringing both of them under fire.

The Rebels and their staff were so near the rebel lines, being actually in front of their own lines, that a sudden charge of the rebel cavalry was made from the woods, a quarter of a mile off, apparently with a view to capture them.

The enemy did not renew the attack, except by artillery. Our troops were under arms and in position all night.

Major Matthews had his arm amputated. Adjutant Boyd was severely wounded. Col. Donnelly, of the 28th New York, was fatally wounded; Lieut. Col. Brown had his arm amputated.

The 2d Mass. was in the hardest of the fight, and suffered severely. The 6th Conn., 27th Indiana, and 46th Penn. regiments are badly cut up.

Reinforcements to the amount of 18,000 men reached the rebels last night, at about the same time ours arrived.
