THE CORNER.

"Chopping His Fingers Of After Receiving Bounty .- Stephen Williams, a young man of this city, of better name than character, says the Worcester Transcript, enlisted in the 34th regiment last week. He was accepted, sworn in, and received his bounty money. A night or two since, he obtained leave to go home to see his family .- Proceeding to the back yard he deliberately took an axe and cut off the first three fingers of his left hand. After the wound was dressed he claimed exemption from returning to service, on the ground of inability to duty. But Colonel Wells declined te exempt him. He must go to the war, the laughing stock of are such that we feel cor his company, if only fit to be a hewer of wood and drawer of water.

A Prediction Verified .-- Dan'l. Webster said : "If the Abolitionists ever get power in their hands, they will override the Constitution, set the Supreme Court at defiance, change and make laws to suit themselves, lay violent hands on those who differ with them in their opinions or dare to question their infallibility; and finally bankrupt the country and deluge Checks, it with blood." How has this prediction been verified !

05 The Exempts.-The laws of the United States, as well as the laws of Pennsylvania, exempt certain parties from being drafted into the militia, but it is not generally known that the laws of Moses Our facilities for exce also exempt certain parties which our laws do not. We find in Deuteronomy, 24th chapter, 5th verse, the following stat. ute :

"When a man halh taken a new wife, he shall not go out to war, neither shall he be charged with any business; but he shall be froe at home one year, and shall cheer up his wifo which he has taken."

Caught in the Act .- An Irishman catching a thief's hand in his pocket at we beare enjoyed during the Post Office, the other day, knocked continuance of the tayer the rascal down, and began to trample on his carcass as if he were dancing a Fardowner's jig.

"What's that for ?" said a bystander. "Och !" said Pat, "it's small change the fellow wanted, and faith I'm after giving him a few post office stamps !"

Negro Equality .- "The liberty of the descendants of Africa in the United States is incompatible with the liberty and safety of the European descendant. Their slavery forms an exception, resulting from stern and inflexible necessity, Printed and furnished to to the general liberty in the United States. We did not originate nor are we responsible for their necessity. Their liberty, if it were possible, could only be established by violating the incontestable powers of Double, the States and of subverting the Union. And beneath the ruins of the Union would be buried, sooner op later, the lib. erties of both races."-Henry Clay.

The Rev. Mr. Childs, in a war speechmade in Springfield Ohio, on the eve ning of the 19th ult., said : "The man who desires to have the Union as it was, ought to be hanged by the heels until he be dead, dead, dead ! and the wolves and ravens ought to eat the flesh from his carcass."
