THE CORNER.

Mr. Greeley it is said is about to take a tour through the various Federal armies.

Gen. Dix at Fortress Monroe said "if anybody attempts to haul down the American flag shoot him on the spot." Greeley's Tribune poetry reads as fol-

"Tear down the flaunting lie! Half-mast the starry flag! Insult no sunny sky
With hete's polluted rag!

after him.

"Destroy it ye who can"! Deep sink it in the waves! It bears a fellow man
To groan with fellow slaves!" If Greeley goes, it is to be hoped that no one will send this copy of his Tribune

English Girls.—The English girl spends more than half her waking hours in physical amusements, which tends to develope, invigorate, and ripen the bodily powers. She rides, walks, drives, and rows upon the water, throws the ball. hurls the quoit, draws the bow, keeps up the shuttle cook, and all this without hav. ing it pressed forever upon her mind that she is thereby wasting her time—She does this every day, until it becomes a habit which she will follow up through life. Her frame, as a natural consequence with the state of the state ing it pressed forever upon her mind is large, her muscular system is in better subordination, her strength more enduring, and the whole tone of her voice healthier. Girls, think of this.

A Shocking Case of Hydrophobia.—A shocking case of hydrophobia occurred in Cleveland, Ohio, on the 11th inst. A lit. tle boy attending a public school, who had been bitten by a dog some time before, suddenly became mad and bit a little girl in school.—He then ran out of the No. 37 Park Row, New York, & 6 State fore, suddenly became mad and bit a litschool frothing at the mouth, and rushed into a house near by. The family in the house were terribly frightened and ran and out. The neighbors surrounded the house, and some of them ventured in and North Lebanon Steam Grist Mill secured the unfortunate boy, who was at once placed under medical treatment.-Up to last accounts he was still alive.

FELIX LIGHT. Until within a very few years, these were rigidly excluded from the various burving grounds of Friends, but finally the discipline was so far relaxed as to permit stones of certain prescribed form and very limited dimensions, without epitaph or any inscription, save that of the name and age of the deceased, to be used to designate the graves. The yearly meetind is now asked to enlarge this privilege so as to permit stones of greater dimensions to be used when more than one body is laid in the same grave. The matter is not regarded as a s'ight one by the

leading Friends.

A word of Solemn Conscientious Advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, doomsing at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation. or symptoms are Nervous Beblitty, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; Asthma, Bronchitts and sow Throat; skaking of the Hands and Limbs; aversion to society and to business or study; dimners of eye sight, loss of memory, dizziness of the Heart, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Luminago, Dispepsia or Indigestion, irregularity, of the bow els, derauged secretion of the Kidneys' and other glands of the body, as Louocordore or Flear Albus, &c. Likewise Epilepy; Hysteria and Nerveus Spasms.

Now in ninety-nine cases out of every one hundred, all the aboved named disorders, and a host of others on thamed, as consumption of the Lungs and that most insidious and willy form of Consumption of the Spinal Norves. known as Erbes Dorsales, and Tabes Blesenterics, have their scat and origin in diseases of the Polvic Viscora. Hence the want of success on the part of old school practice in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution. is now engaged in treating this class of Modern Maladies with the most astonishing success. The treatment adopted by the Institution is now; it is based ubon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the century, from accurate descriptions of their case, by letter; and have the medicines sent by Malior express. Printed interrogatories will be forwarded on application.
