OF A battery of Light Artillery, with about six hundred men, reached Pottsville last week, to "enforce the draft" in Schuylkill county. The people of Schuylkill are making no resistance, and never contemplated making any, hence, it is an insult and an outrage to display a military power there, and will, if it has any effect, lead to the very things ostensibly guarded against. Let them send their soldiers to Bradford county where the draft has been interfered with

NOT DISPOSED TO Go.—The draft is but the merest farce in some of the New England districts. For example, in the Fourth (Boston) district the whole number examined last week was 1,135, of whom 937 were exempted, seventy paid three hundred dollars, which makes 1,007 that got clear, 108 offered substitutes, and TEN were passed as fit for duty.-Thus, less than one in a hundred of the original conscripts go into the army; and this, too, in a section of country that only required the recognition of the negro to "cause every road leading to the National Capital to swarm with recruits." At this rate it will require NINETY MILLIONS of conscripts to obtain the "nine hundred thousand men" so enthusiastically promised Father Abraham by the Radicals.

Of the 54 men from Nantucket and the Vineyard who have presented themselves to the Board of Enrollment in New Bedford, 51 have received exemption papers, two have paid \$300, and one has passed. Out of 53 Conscripts - 51 exempts!

So numerous are the exempts in Boston that the Government has recently sent one or more inspectors to that city to ascertain, if possible, the cause of the excessive disability prevailing there.

PROSPECTUS OF "THE AGE." NATIONAL DEMOCRATIC NEWSPAPER.
Published Daily and Weekly in the Cit BY A. J. GLOSSBRENNER & CO.

"THE ACE" will advocate the principles and policy of the Democratic party, and will. therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and that of this

the Constitution of the United states, and that of the Commonwealth.

It will freely and fairly discussed legitimate subjects of newspaper comment, including of course, and pre-eminently at this time, all questions connected with the exist ing unhappy condition of our country.

It will fearlessly critisise "the public acts of public servants and defend the legal and constitutional right of individual citizens and of sovereign states, against assaults from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republication present to them, truthfully, the fearful perfis in which we stand as a nation—to exhibit the magnitude of the task, that is before them, if they would check our downward progress—and to inspire them with pa-

of the general reader.

The many difficulties now surrounding an enterprise of the magnitude of that in which the undersigned are engaged; require them to appeal to the public for a generous support, and to ask for the "Tax Ags" a liberal patronage and extended circulation.

Notice.

In brief, it will in all things, aim to be the hithful exponent of Democratic principles, and to renderified? worthy to be an organ of the Democratic party, under whose anspires our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power in the legislative and executive governmental branches of the States and of the Union, we believe to be necessary to sweet anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our highest aim.

The News. Liberry, Commercial and other departments, will receive due attention, and will be so one ducted as to make "The AGE" worthy of the support of the gengral reader.
