Absence from town prevented us from attending the meeting of the Central Club of Lebanon, at Benson's on Thursday evening hat, but we are informed that it was a glorious re-union of the Democracy. Addresses were de-livered by Wm. M. Derr and Jacob Weidle, jr.,

The inauguration of the new Head Quarters of the Central Club of Lebanon, in Funck's Hall, will take place the latter part of next week, probably Saturday evening. The time has not yet been definitely fixed, but will be announced with other particulars at an early day. The ladies of Lebanon we understand are preparing a handsome flag for the Club, which will be presented on the occasion of inaugura-tion. Several speakers in English and German from abroad will be produced. It is expected that the occasion will be one long to be remom-bered.

We stated last week that Policeman Wheat, beretofore a violent Republican, had made some pertinent and appropriate remarks, at the Democratic Club Meeting. We have been requested by him to make a contradiction, not of what we said, but of the inferences that might be drawn therefrom. In attempting to do so, we and it a pretty hard job, not knowing exactly what all the people are thinking, and hence must postpone" the correction, as Andy Curtin's election will be, to some future period. Large numbers of Republicans are now joining the Democracy, disgusted with the National Administration, its policy and its acts. The sins of omis-sion and commission, of Curtin's State Administration have also been so many and glaring that Alex. Cummings. for many years one of the pro-prietors of the Philadelphia Bulletin, a ranting abolition sheet, said at the Pittsburg State Convention :---

"GOVERNOR CURTIN CANNOT SE-CURE THE SUPPORT OF EITHER HIS OWN PARTY OR HIS OFFICE HOLDERS." The Philadelphia Inquirer one of the most in fluential Republican papers of this State, said

FOR FEMALES.

This valuable medicine is now offered to the American Ladies as the only sure, positive, and never-failing cure and regulator of suppression of nature, from whatever cause. Particular care should be used to know that Pregnarey is not the cause, as the Drops would surely produce an effect entirely contrary to the course of nature, for which I will not hold myself responsible. These Drops are so mild and pleasant, that the feeblest can take them with perfect security, yet so powerful in their effects, that they may be safely called a never failing Regulator. Disorders and Liver Complaints.

Washington, D. C., Teb., 1886.

Siz: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have sedom found a case of bilious dissues to obstitute that it did not reality yield to them.

From a Forwarding Merchant of St. Louis, Feb. 4, 1866.
Dr. Atke: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous series upon her hands and feet that had proved incurable for years. Her mother had been long grievous-ly afflicted with blotches and pluples on her skin and in her hair. After our child was sured, she also tried your Pills, and they have cured her.

Ba. Area: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pluing away for months. Went off to le doctored at great expense, but got no better. She then commissioned taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They affairwirds cured her and our two children of bloody dysentary. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

Normal Class.

A FTER we had closed our examination of Theachders last Fall, there were still upwards of thirty
Vacancies in different parts of the County, for which
there were no applicants, except such as had already
been rejected as being incompetent. This was owning
to the fact that many of our Teachers were in the military service. Many more will quite likely be called by
the draft which is soon to take place, and consequently
it will be more difficult to supply the demand for Teachers this Fall than what it was last.

The Millersville Normal School which has always
furnished us so many teachers has been suspended, I
therefore propose to organize a NORMAL CLASE, in
the Lebanon Valley Institute

A'T ANN VILLE,
to commence on Monday, August 8d. and continue five

AT ANNVILLE,
to cominence on Monday, August 8d, and continue five
weeks-mutil the time of Exam inst ions.
The exercises of the Class will Consist mainly of Drille
in those branches which are named on the certificate;
Also of Lectures, Institute meetings, Discussions &z.
I shall have the Coopperation of the Principal W. J.
BURNSIDE A. M., And will be assisted occasionally
some of the neighboring County Superintendents.
The above plan has been adopted in many of the
Counties in our State and has been strended with the
best results. We will likewise give it a trial. As the
term is short, those who wish to avail themselves of
this opportunity for improvement will do well to be
present at the Commencement.
Arangements have been made for boarding and Accommodations at very low rates. For further information apply to me at Lebanon, or to Mr. BURNSIDE at
