THE CORNER.

ANECDOTE OF THE DRAFT.

Quite a laughable circumetance took place in the Fourteenth Ward, Philadel phia, during the drafting, last week .-Everything was going on quietly, and good humor seemed to be depicted on every countenance. Among the many hundreds that were there, was a pal-fixed son of the Emerald Isle, gazing on the wheel, and at every revolution gasping for breath. Of a sudden, losing all control of himself, he burst out:

"Wherl it round! wherl it round! rouse it, will ye !

"What's the matter with you?" said the Provost Marshal.

"Oh, be jabers, turn it round a dozen o' times, for that man you drawed last is my nixt door neighbor "

At this point the universal laugh came

THE MOTHER -It has been truly said: "The first being that rushes to recollection of a soldier or a sailor, in his heart's difficulty, is his mother She clings to his memory and affection, in the midst of all the forgetfulness and hardihood induced by a roving life. The last message he leaves is for her, his last whisper breathes her name The mother, as she instils the lesson of picty and fillial obligation into the heart of her labor is not in vain. She may drop into the grave; but she left behind her influence that will work for her. The bow is broken, but the arrow is sped

That's What's the Matter !- The Logan Gazette pertinently asks, if Democratic papers are full of treason, and of enmity to the soldiers, why don't the Black Republican authorities let the soldiers see them? The brave fellows would surely vote against the party whose journals juculcate such doctrines. In fact, it is because Democratic papers are true to the Constitution and the Union, and friendly to the soldier, that they are kept out of the lines of the army. That's so !

On Thursday, July 23, a young man named Johnson was executed at Corinth, Miss, according to sentence of court martial, for desertion. Just one week from that date, on the 30th ult., A. H. Johnson, brother of the first named, was executed at Memphis, for the same crime, being second of the family suffering the death penalty for desertion.

The Irishman who was brutally kicked last week at Wilkes Barre for proposing three cheers for the Constitution, has fully recovered. This treatment of a naturalized citizen is only a feeble illustration of the hatred of the foreigner. by the Republicans. They would willingly make slaves of the Irish and the Germans, if the negroes could be set free.

Artificial Ice. - A great degree of cold is produced by a mixture of saltpeter and Glauber salts, and there are manufactured in England and exported to India, &c., in large quantities, chemical mixtures known as freezing powder, by means of which rough ice can be produced in fifteen minutes, at a cost of 1s 9d. or about 4d. per lb. This powder, introduced into a little machine, invented by the same person, may be used upon the table to ice wine or water with the greatest celerity. A bottle of champagne may be iced in ten minutes for 2d. So great is the intensity of cold propuged that the sparkling contents of the bottle may be actually transformed into a spongy mass.

The Democratic State Convention of Maine met in the City Hall, at Portland, on Thursday, the 6th instant, and nominated the Hon. Bion Bradbury as their candidate for Governor at the election to take place in September. Mr. Bradbury, who has before been a candidate for the same office, has accepted the nomination. The Convention was one of the largest ever held in the State.

Little Sallie was teaching her younger brother the Lord's Prayer --They went on smoothly till they arrived at "give us our daily bread." No, no. Sissy-we want cake!" and he refused to proceed until the desired amendment

The Troy Whig says different sounds travel with different degrees of velocity. A call for dinner will run over a ten acre lot in a minute and a half, while a summons to work will take from five to ten minutes.

The great State of Massachusetts, that but a little while ago declared the Corner Market and Chestnut Streets, Lebanon. present disastrous civil war, to be her war, has so far furnished but about 800 men under the draft.
