Resolved, That we do now and always will

claim and contend, that the right of the people to overturn an oppressive government or refusa ubmission to it lies at the foundation of our political existence and can never be taken away by any form of Government. Resolved, That we condemn the principle of ren-dering the military superior and independent to

the civil power. Resolved. That the nominees of the late Dem ocratic State convention meet with our approval and will receive our cordial support.

A FTER we had closed our examination of TheachA ers last Fall, there were still upwards of thirty
Vacancies in different parts of the County, for which
there were no applicants except such as had already
been rejected as being incompetent. This was owning
to the fact that many of our Tenchors, were in the military service. Many more will quite likely be called by
the draft which is soon to take place, and consequently
it will be more difficult to supply the demand for Teachers this Fall than what it was last.

furnished us so many teachers has been suspended. I
therefore propose to organize a NORMAL CLASS, in

The above plan has been adopted in many of the Counties in our State and has been attended with the best results. We will likewise give it a trail. As the ferm is short, those who wish to avail themselves of this opportunity for improvement, will cowell to be present at the Commencement.
