Abolitionist! you who have entered into a plot to cheat the Government out of your services, now when millions of bare footed and bare headed Africans, sweating over the cotton and the corn, beckon you "forward" to their rescuesay, you ungrateful wretches, will you see your black brother "plod on," will you hear his rustling chains, and answer his cries and groans by paying the Government the paltry sum of Three Hundred Dollars to let you stay at home? Where is your humanity? Where is your humanity? Where your compassion? Abolitionists! come out from behind that \$300 barricade, and shoulder your musket and let the Government understand that you are ready to put in practice your own wicked teachings. Don't because you have made more money out of the war than the Democrats, insist that those who desire the negro to remain where he is, shall go and fight for your idea. No, you let Democrats use the \$300 argument, and you, as fast as you are drafted, enter the ranks and try your hands at helping the President carry out his emancipation proclamation. We charge you nothing for this advice.

Who Writes Our Negro Songs!-The principal writer of our national music is said to be Stephen C. Foster, the author of "Uncle Ned," "O Susannah," etc. Mr. Foster resides near Pittsburg, where he occupies a small clerkship, upon which, and the percentage on the sale of his melodies are heard. "Uncle Ned" was and reached a sale till then unknown in the music publishing business. Of "The Old Folks at Home," 100,000 copies have been sold in this country, and as many more in England. My Old Kentucky Home." and "Old Dog Tray" each have Home," and "Old Dog Tray" each have had a sale of about 70,000. All his other songs have had a great run.

A Very Painful Sight .- At the general hospital, a few days ago, a soldier from Pennsylvania, who was severely wounded-so much so as to be beyond recovery—was lying on the floor. When the examining surgeon, Dr. Dexter, came along and looked at the condition of the sufferer, expressing his hopeless belief as to the recovery of the man to his assis tant. he raised his head and said; "Doctor, will I recover; is there any hope for me? for ifmot, I want you to kill me." The surgeon tried to calm him, and he appeared to drop into doze. In a few moments he drew a revolver from his pocket, placed it resting against his temple, and fired; being so feeble that he could not hold it firmly, the ball glanced over the skin without starting the blood; but the discharge blackened his face. The pistol was immediately taken from him. when he said-"I do not want to linger in pain without a hope." In half an hour he was dead.

Printer's Talk .- Every profession has its technical terms, and of course the printers have a "smattering," which is only intelligible to the craft. It don't mean, however, as much as it would seem to the uninitined :---,

"Jim, put Gen. Beauregard on the galley and then finish the murder of that nigger you commenced yesterday. Set up the ruins of Guandotte; distribute the small pox; you need not finish that mutiny; put the numps in the paper this week. Pitch that pi into hell, and then go to the devil and he will tell you how no change for Goods.

A word of Solemn Conscientious Advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, dooming at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation. or symptoms are Nervous Beblity, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or burried breathing on ascending a hill or light of stairs; great palpitation of the Heart; Asthma. Bronchitis and sore Throut; skaking of the Hands and Limbs; aversion to society and to business or study; dimness of eye sight, loss of memory, dizzines of the titead, Neuralgia, Pain in various parts of the body; all the hayved traned disorders, and a host of others in the back of imbsg-Lumlago, Dispepsia or In digestion, irregularity of the bowels, deranged secretion of the Kidneys and other glands of the body, as Leucorophea or Flenr Albus, &c. Likewise Epilep y, Hystoria and Nervous Spasums.

Now in ninety-nine cuses out of every one hundred, sill the aboved traned disorders, and a host of others not named, as consumption of the Limgs and that most institutions and wily form of Consumption of the Sings Stores, known as Tables Boryandes, and Tabes Mesenteries, have their east and origin in diseases of the Pelvic Viscara. Hence the want of success, on the part of the School practice in trating symptoms only.
