### GREAT DISCOVERIES MADE TOO LATE.

They tell us of, a gold, a silver, an iron, a brazen and a dark age, The present is the age of discovery. Let us enumerate

1. Greely discovered that the South was a bill of expense to the rest of the Union,

the sooner it left the better. 2. The Abolitionists generally that the South was a poor house and supported by the North.

3. That the generality of the southerners could neither read, write, work or

That we could neither kick the South into a fight nor out of the Union. 5. That we could quell the South "by driving an old black cow down there." 6. That the slaves would rise just as

soon as the white men left their homes to fight the North. 7. That one Massachusetts regiment

would whip the South. 8. That three Massachusetts regiments could do it.

9. That 75,000 three months' men would do it. 10. That 400,000 would do it. 11. That 700,000 men were more than

enough to do it, so we must stop volun-12. That 300,000 more three years men would finish the job.

\* 13 That 300,000 nine month's men would finish it anyhow. 14. That 300,000 drafted men will do

15. That arming negroes will do it 15: That the whole North, from 18 to

45 shall do it. 17. That it is the duty of white men to marry sooty wenches. [See Elder Til-

18. That all men ought to have niggers marry their daughters. [See Bishop Junkins.

#### Repeal of The Tonnage Tax

THE GIGANTIC SWINDLE.

Tax payers of Lebanon county! you have an account to settle with Governor Curtin. The Legislature of this State, in 1861, released by law, the Pennsylvania Railroad Company from the payment of Tonnage Tax, which deprived the State of a just revenue to the amount of some three hundred thousand dollars a year! Nay, more, at that time the Railroad owed the State \$700,000 for the two previous years tax .- The Legislature in a section of the same bill repealing the Tonnage Tax, wiped out this debt! So by this one act of the Legislature—which was then composed of a two thirds Republican majority in both Houses—the State sustained a loss of the Tonnage Tax, then amounting to \$300,

If any one believes that this will be the last draft, we tell him he is a fool for Lincoln and Curtin will

THE EARLY PHYSICAL DEGENERACY

AMERICAN PEOPLE

Just Published by Dr. A. STONE,
Physician to the Toy Lung and Hycine is Insurance and the Compounded in the Compounded

A word of Solemn Conscientious Advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, dodming at least 100,000 youth of both sexes annually, to an early grave. Those diseases are very imperfectly understood. Their external manifestation. or symptoms are Nervois Debility, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; Asthma. Bronchitis and sore Throat; skaking of the Hands and Limbs; aversion to society and to business or study; dimness of eye sight, loss of memory, dizziness of the Heath, Nenralgia, Pain in various parts of the body; Pains in the back or limbs, Lunnbago, Dispepsia or Indigestion, irregularity of the bow els, deranged secretion of the Kidneys and other glands of the bedy; as Lencoroheae or Fleur Albus, &c. Likewise Epilep y, litysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred; all the aboved named disorders, and a host of others not named, as consumption of the langs and that most insidious and wily form of Consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes Mossuberica, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practice in tr-ating symptoms only.

Dr. Audrew Stone, Physician to the Troy Lung and Hygienic Institution, is now engaged in treating this class of Modern Maladies with the most actorishing success. The treatm in adopted by the Institution is new it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter: and have the medicines sent by Mail or express. Printed interrogatories will be fowed a palleation.
