LEBANON, PA.

#### WEDNESDAY, DECEMBER 16, 1863. HOME AFFAIRS.

Dr. P. B. Mish has commenced the practice of his profession, in this Borough. Office in the former residence of his father, in Market street. See card.

A morning and evening accommodation passenger train will be placed on the L. V. Branch Railroad, on Monday, December 28. For particulars see advertisement, i.Mr. Nicolla is always disposed to do everything in his power for the convenience and comfort of the public, and this is only one room of the properties. and this is only one more of the many other in-stances in which he has been prompt to accede to what is believed will be a great accommodation.

Attention is directed to the valuatile Borov gh property advertised at public sale, by Wr. Ault, in another column.

The New York Express Train now leaves Harrisburg at 6.30 A. M., instead of 3 o' clock, as heretofore, passing Lebanon at about 7.30. Passengers take breakfast here. No change of time in the train going West.

· The Teachers' Institute will meet fin the Court House, on Thursday, the 21st of January, and continue in session three days. Advertisement next week.

As many of our friends go to Pottsville this week, with their pockets full of rocks, we advise them to be on the lookout for pick-pockets. It would be rather a discouraging state of affairs to be relieved of the greenback by any other person but Uncle Sam.

Mr. Stine sold the "Buck Hotel" in this borough, last week, to Henry Shenk, for

\$10,000.

S. J. Stine and Dr. Geo. Ross, bought, last week, the "Mill Property," formerly Myers & Shours, for \$13,500. It is their intention to turn it into a Paper Mill.

Daniel Dickel sold his house on Walaut St.

now occupied by Samuel Houck, to Charles E. Rohland, for \$2,750.

George Hoffman sold a lot of ground, on Walnut street, opposite Salem's Lutheran church to Charles E. Robland, for \$625.

U. S. CHRISTIAN COMMISSION. There has never been an organization in any country for benevolent purposes that had filled so important a sphere as do the Chris-tian Commissions of the present day. Wherever the Union Army is, there are these barbingers the Union Army is, there are these harbingers of good, distributing and meeting the wants of our sick and wounded Soldiers. Supplying those wants, too, without stint, doing for them all that lies in their power for Soul and Body.—

Few know to what extent these self denying men and women have labored, and the work is still progressing almost daily becoming more than the series of the series progressing, almost daily, becoming more extended, supplying a want that the U.S. Government could not possibly fill with paid agents.— These organizations are sustained by the liberality of the friends of the Soldiers at home, and there is perhaps no object more worthy of attention to those who have to give of worldly goods, and none from which the liberal givers will have more satisfaction in feeling that they have done good work, than in encouraging these Philan-

thropists in their work of Mercy.

On Thursday evening [to morrow,] 17th inst.,
the U. S. Christian Commission will hold a meeting according to previous notice. Revds., R. J. Parvin, B. B. Hotebkin, and Chaplain Ambler, will deliver addresses.

The last named having been a prisoner in Lib. by Prison, for 3 or 4 months, will be able to give the public facts of much interest. Let there be a general attendance with a disposition to encourage the good in a manner worthy of

Rev. Henry S. Miller, for 9 years the respected pastor of Salom's Lutheran congregation of this place, has resigned his charge, and will remove to Berks county, to accept the care of several congregations in that section.

Mr. Miller is a truly christian and faithful minthe best recommendation in these fanatical times,) and we sincerely hope that his declining years may be blessed with that peace and comfort he so eminently deseaves.

A Sale of Personal Property Farming Implements will be held at the farm of John Dietz, in South Annville township, on Friday, Febuary 19, and another on Thursday,

NEW YORK FASHIONS -- Bright yellow clonks with scarlet clonds, scarlet cloaks with yellow hoods, blue cloaks with white boods, purple cloaks with orange boods, and striped and checkered cloaks with crimson boods, are all the rage in New York.

Mr. John L. Becker has just received from the city a new stock of Books, Photo-graph Album's, Portraits, &c., for the coming holidays. Call and examine at his cheap Book Store on: Walnut street.

The Sinking Spring Mutual Fire Insurance Company had their yearly election on the First Monday of last month, at Reading, when the following new members of the Board of Managers were chosen, to wit: Lewis Briner, Rending; Solomon Yoder, of Oley; George K. Hang, of Centre; Stanley J. Kerby, of Richmond and Barre Sancta of Marian mond; and Peter Spang, of Marion.

To Arms! To Arms!-The Citizen Soldier will find a more deadly foe in the brackish, muddy water and damp night air than in the most determined enemy. HOLLOWAY'S PILLS so purify the blood and strengthen the stomach and bowels that the soldier can endure these hardships and still be strong and healthy. Only 25 cents per box.

To Persons Claiming Exemption .--For the bene fit of persons who claim exemption from the draft on the ground of being the only support of an aged parent, we would state that there is no necessity for presenting their claims at present, as no exemptions will be granted on this ground until after the next draft. This course is adopted because the cause of the exemp-tion might be removed by death prior to the draft, and will be enforced in regard to those who were exempted from the last draft by this cause.

CHOICE OF PARENTS .- In all cases where exemption from draft is asked on the ground that, "two or more sons are liable to military duty," the choice must be made before Dec. 20th, and not postponed until the draft has been made. Last draft, owing to the law being new and imperfectly understood, parents were allowed to exempt one were two were drafted. This will not be allowed in the January draft.

DIVIDEND.—The Reading railroad company have declared a dividend of seven per cent, payable in commen stock, on and after December 31, and a dividend of three and a half per cent., payable in cash or common stock, has been declared on the preferred stock.

Messrs. Remoebls & Meily have just received nine large boat loads of Lumber,, Seasoned Boards, Seantling, Palings, Laths &c. Persons in want of any of the above arti-cles will find it to their advantage to call and see the stock and ascertain the prices.

TAKE NOTICE.—The enrolling is go TAKE NOTICE.—The enrolling is go ing on, and it is expected that the Conscription ac will be enforced immediately, so I would advice every body to get their Picrones taken in time for their ro lations and friends, and the only place to get a No. 1, Picture is at Zimmerman's New York Photographic Gallery, for he is taking the chespest, the best, and most life-like Pictures in Lebanon. It is admitted by all that he can't be beat, for his gallery is always crowded. Give him a call and you will find as we recommend. Give him a call and you will find as we recommend. This valuable medicine is now offered to the American Ladies as the only sure, positive, and never-failing cure and regulator of suppression of nature, from whatever cause. Particular care should be used to know that Pregnancy is not the cause, as the Drops would surely produce an effect entirely contrary to the course of nature, for which I will not hold myself responsible. These Drops are so mild and pleasant, that the feeblest can take them with perfect security, yet so powerful in their effects, that they may be safely called a never failing Regulator. They can be procured by addressing me as directed below. I have used this medicine for the last twelve years in my practice, and therefore well know its marits. Sold by all Druggists.

July 23, 1862.

QUESTION.—Hollo! there Dick and Nancy, where are you going, that you are in such a burry?

Answer.—Why we are just on our way to Baily's Photograph Gallery, to have our pictures taken. He takes splendid pictures, and his Gallery is nearly all the time crowded. so I said to Nancy we will go early this morning before any body else g est there, or we will have to come away again without getting any.

QUEST.—Yes! I have heard too that Daily's Gallery is nearly all the time crowded, and so why don't you go to some other Gallery?

Ans.—Oh my! we could not think of such a thing.—We admire the true and beautiful picture that Daily takes, so much that we would not go to another Gallery if we could get them for nothing. Hohas seven years, experience in tho business, hass a complete sett of improved instruments, an excellint esty-light, and there fore takes the best pictures a town, and so of course every body that wants a good picture goes to him. QUESTION .- Hollo! there Dick and

bim.

QUEST.—What kind of Pictures doesge take?

ANS.—He takes Photographs from miniature to lifesize, plein or colored. His eard pictures have been pronounced more truthful and life like than some that have been taken in our large cities. His Ambrotypes are beautiful, and can't be beat. He also excels in copying pictures from small Daguerrectypes, and charging them almost to any size.

QUEST.—Where is this Gallery? I must give him a call too. call too.

ANS.—Just come along with Nancy and I, and we will show you. It is in Stine's New Ruilding, next door to the Lebanon Deposit Bank. He has constantly on hond a good assortment of Gilt and Rosewood Frames, Cases, Albums, &c., which he sells cheap.—For good and cheap Pictures we advice all to go to Daily's Gallery, \*Lebanon,\*\* Pa. #### A FEW REASONS WHY THE AMERICAN WATCH

Instead of being made of several bundred little pieces, screwed together, the body of the American Watch is formed of SOLID PLATES. No jar interferes with the harmony of its working, and no sudde: shock can throw its mach inery out of gear. Secession of one part from another is unknown to its constitution, and in riding or any business pursuit, it is all held together as firmly as a single piece of metal. It is just what all machinery should be-1st. ACCURATE.

IS THE BEST. It is made on the best principle, while the foreign watch is generally made on no principle at all.

Let us look at the contrast. The foreign watch is mostly made by women and boys, at hand. While their labor is cheap, their work is dear at any price. Such watches are made without plan, and sold without guarantee. They are irregular in construction and quite as irregular in movement. They are designed only to sell, and the buyer is the party mos thoroughly sold. Those who have kept "ancres," pines" and "Swiss levers" in professed repair for a few years will appreciate the truth of our staten
