At the Notion Store of Markus Nathan, in Funck's building, a fine selection of Christmas Presents may be found. It will be worth while for those intending to purchase in that line to give him a call. His Stock is large and of such a character that can scarcely be found at any other place.

The handsomest and most usful Christmas piesents any persons can make to their aged parents or relations, is a pair of Dr. Lazarus' orystal spectacles set in gold, silver or steel frames. They strengthen and preserve the eye-sight, and will enable the wearer to read the finest print or to do the most critical work with light. They last from ten to twelve years withlight. They last from ten to twelve years with-out change, and it is therefore a gifuthat will be remembered for years. Magnetic steel frames, an entire new article, finished like gold; also the new patent eyeglass, which may be worn as either spectacles or eyeglasses. Dr. L. will remain for a few days, at Siegrist's Engle Hotel, Lebnaon.
