NO HUMBUG, but an INVIRILY New thing. Only three menths in this country! No ciap-trap operation to guil the public, but a genutuse money-making thing Read the Circular of instruction once only, and you will understand it perfectly, A Lady has just written to me that she is making as high as TWENTY DOL LARS SOME DAYS! giving instructions in this art—Thousands of Soldiers are making money rapidly at it. No person has to be urged to patronize it. It is a thing that takes better than anything ever before offered. You can make money with it home or abroad—on steamboats or railroad cars, and in the country or city. You will be pleased in pursuing it, not only because it will yield a handsom: income. It also in consequence of the general admiration which it clicks it is pretty much all profit. A mere trifle is necessary to start will.

There is scarcely one person out of shoreamake whe ever pays any attention to advertisements of this kind, thinking they are humbugs. Consequently these mode send for instructions will have a broad field to make money in. There is a class of persons in this world who think that because they have been humbugged out of a dollar or so, that everything that is advertised is a humbug. Consequently they try no more. The person who succeeds is the one that keeps on trying until he hits something that pays him.

This art cost hie ohe thousand dollars, and Jexpect to make mothey out of the monething that pays him.
