AFTER A THCROUGH TRIAL OF MORE THAN TEN YEARS, the time pieces manufactured by the American Watch Co., of Waltham, Mass., have gained a firm hold upon the favor of the public, and now, no less than 75,000 of them are speaking for ithemselves in the pockets of the people. From a very maignificant beginning the business has increased until we are justified in stating that WB, MARE, MORE THAN ONE HALF of all the watches sold in the United States. Repeated enlargement of our factory buildings, and the labor of 500 operatives, still find us unequal to supply the constantly increasing demand—And we may here observe that notwibstanding the high price of labor and materials; we setually sell our products at less prices than those current five years ago. we refer to these facts only for purposes of proper We refer to these facts only for purposes of proper; lv introducing another subject relative to our manufacture of watches. Hitherto our chief object has been to make good watches for the million at the lowest possible price—something to take the place of the makebelieve watches called "Ancres," "Lepines," "English Patent Levers," &c., annually thrown upon this market, in countless numbers, by European workshops—watches which are the refuse of their factories, unsaleable at home and perfectly worthless everywhere.
