When General Butler wished to open hor trunks, as the regulations of transit there, prescribe, this woman showed him an autograph pass or order from President Lincoln enjoining upon the Federal officers not to open any of her trunks, and not to subject the bearer of the pass, her packages, parcels, or trunks, to any nspection or annoyance. Mrs White said to General Batler, or the officers in charge there, in substance, as follows : My trunks are filled with contraband, but I defy you. to touch them. Here," (pushing it under their noses,) "here is the positive order of your master !"

Mrs. White was thus allowed to pass without the inspection and an notice of which the Leavenworth noyance so peremptorily forbidden by President Lincoln in an order written and signed by his own hand. has also passed providing for a special election at which the people are to decide upon the proposed amendments. Section first of this act provides

that the Governor shall issue writs of election to be held on the second Tuesday of August, 1864, and that the people shall then vote upon the adoption or rejection of three proposed amendments to the Constitution, viz :

First. Allowing soldiers to vote. *Second. That the Legislature shall not pass upon matters over which the Courts have jurisdiction.

· Third. That no bill before the Legislature shall embrace more than one subject. These three amendments are to be so arranged on tickets as to be voted upon seperately by the people.

A WORD ABOUT AMERICAN WATCHES AFTER'A THEROUGH TRIAL OF MORE THAN TEN YEARS, the time pieces manufac-tured by the American Watch Co., of Waltham, Mat-have gained a firm hold upon the favor of the publ-tured now, no less than 75,000 of them are speaking ¹⁰ themselves in the pockets of the people. From a veri insignificant beginning the business has increased ef-til we are justified in stating that WE MAKE MORE THAN ONE HALF of all the watches sold in the Un-ted States. Repeated colorement of our factory build

ted States. Repeated culargement of our factory bulk-ings, and the labor of 500 operatives, still find us an equal to supply the constantly increasing demand-And we may here observe that notwithstanding the high price of labor and uniterials; we actually sellow products at less prices than those current five year ago.

products at isss prices than these turner-age. We refer to these facts only for purposes of proper-ly introducing another subject relative to our menu-facture of watches. Hitherto our chief oligiert have i to make GOOD watches for the million at the lower pu-sible price-something to take the place of the make believe watches called "Ancres," "Lepines," "Er lish Patent Levers," &c. sanually thrown blom the market, in countees numbers, by #Unrpeak werk shops-watches which are the treffse of their tare ries, thealeable at home and perfectly worthlest erywhere.
