LEBANON, PA.

WEDNESDAY, APRIL 6, 1864. HOME AFFAIRS.

The Philadelphia Flour and Grain Market is rather dull in all its departments, with the exception of Oats. which are in demand at 86 a 88 cents.

The 93d P. V. reached Harper's Ferry on Wednesday a week, and encamped near Halltown, about four miles has cast a deep gloom over the neighbor-from that place. They were under hood in which he lived.—Reading Gafrom that place. They were under hood marching orders—supposed for the front, zette. at last accounts.

Mr. L. K. Laudermilch is now in the city buying a stock of Spring and Summer Goods, which will be unpacked "the latter part of this week. Mr. L. desires the public to give his goods an examination as he is confident that he can compete in good quality and cheap prices with any store in this section.

THE FASHIONS .- The Spring bonnets are out and look for all the world like church steeples with cabbage gardens in the upper story. There's no use in mincing matters—the cords of stuff worn on the heads of "lovely women," is a nuisance. A man will get no sight for his money at a public gathering this summer -that's sure. We don't mind being cut about the legs. by woman's hoops, and other fixings around their running gear, but we do protest in the mildest manner possible, against the three and four story contraptions, with back buildings attached, which decorate their heads. That's what we do. Isn't it so, men? We have as much respect and love for the women "as any other man," but when they come before us encumbered with leather head coverings, filled with furbelows, and gimeracks, and feathers, and cabbages; and sunflowers, and holyhacks,

John H. Lick, of California, for some time past on a visit to his friends in Fredericksburg, and other parts of this section, again left to return to the Golden State last week.

The Weather.—The eccentric clerk of the weather has been cutting al sorts of antics during the past few weeks. He sets us brushing up our broadcloths, gets us into a state of perspiration, and then gives us several inches snow. It is hard to foretell whether we will roast or freeze to-day. The weather keeps varying-from a frost at sunshine, to a bright and cashed. On Friday last, a similar check for eightysun in the morning, cloud at noon, and snow or warm weather before night. Buds are making an effort to burst, grass on an eastern expose is sprouting, and an occasional robin or blue bird, with cold feet, chatters a song which is sadiy and who has for some years past been shguged in teachintermingled with pleasure and disappointment, but nevertheless is thrice welcomed. Shocking Railroad Accident .-On Monday last, Mr. James Gillespie, from one track to another, to avoid an approaching Engine, was immedi tely struck from behind by the tender of another, backing up in his rear. The noise of the car in front depriving him of the warning of approaching danger on the opposite track, he was thrown upon the rail, the wheels passing over his body, and severing it almost in two. Mr. Gillespie was formerly a teacher in this county, and had given up school in Oley township, only three weeks ago, to accept a more permanent situation on the Rairoad. He was a young man of most estimable parts, and his untimely death has cast a deep gloom over the neighborhood in which he lived — Rairoad Gar.

Commissioner Lewis has decided that spirits distilled prior to March 8, 1864, are not subject to this increased tax, although not sold or removed till after the 7th day of March.

Forgeries.-A few days ago a check on the Lebauon Bank for \$120.00, purporting to be drawn by Mr. Jacob Roadel, of this Borough, was presented to McCulloch's banking house at Harrichurg, for payment. Mr. M. received the cheek for collection and forwarded it to the Lebanon Bank, where it was at once pronounced spurious. A few days after, a check of the same character. ter for lifty-four dellars was presented at a Reading bank and cashed. On Friday above, similar check for eighty-five dollars was presented to a Lancaster bank, the officers of which had been put on their guard. The person presenting it was detained until inquiry could be made, when he was put in the hands of a police officer and conducted to prison. The person so arrested proves to be John S. In this county the people are fully at work, each township has a committee making the enrollment or rect; but, of course, in L banon county the enrollment is more perfect than in this cohery. I think your enrollment needs very little correction, while here it is very necessary."

Hoyt's Hiawatha Hair Restorative. Hoyt's Hiawatha Hair Restorative. The standard staple preparation for the bair warranted in all cases to restore faded and gray hair, and whickers, to their original color. It does not claim to make the hair grow in where it has fallen out; nothing will do that whatever may be advertised to the contrary, but it will prevent it from full hig oit, make it soft and silky, cleanso it and the scalp from impurities and humors, and entirely overcome bad effects of previous use of preparations containing sulphur; sugar of lead, &c. It requires no scaping, washing, and hours for its application, nor will it stain the skin, but is as easily applied and wiped from the skin as any hair dressing. It restores the natural shading of one hair with another, which gives it a lively appearance instead of the duli uniform black of dyes.
