14 Friends and Relatives BRAVE SOLDHERS & SAILORS

HOLLOWAY'S PILLS

OINTMENT. All who have Friends and Relatives in the Army or Navy, should take special care, that they be amply supplied with these Pills and Olntment; and where the brave Soldiers and Sailers have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need. COUGHS AND COLDS AFFECTING TROOPS, Will be speedily relieved and effectually cured by using these similable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

Pot or Box.

SICK HEADACHE AND WANT OF APPETITE INCIDENTAL TO SOLDIERS.

These feelings which so sadden us, usually arise from
trouble or annoyances, obstructed perspiration, or eat
ing and drinking whatever is unwholesome, thus distunbing the healthful action of the liver and stomach.
The organs must be relieved, it you desire to be well.
The Pills, taken according to the printed instructions
will quickly produce a healthy action in both liver and
stomach, and as a natural consequence, a clear head
and good appetite. and good appetite.
WEAKNESS OR DEBILITY INDUCED BY WEARNESS OR DEBILITY INDUCED BY OVER FATIGUE.

Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that Holioway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach, and thus remove all the acrid humors trom the system. This medicine will give tone and vigor to the whole organic system however deringed, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

VOLUNTEERS ATTENTION! INDISCRE

ter of course. Nothing will stop the relaxation of the Bowels ro sure as this famous medicine.

VOLUNTEERS ATTENTION! INDISCRETIONS of YOUTH!

Sores and Ulcers, Blotches, and Swellings. can with certainty be radically cured if the Pilis are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another whereas this "intment will remove the humors from the system and leave the Patient a vigorous and heal thy man. It will require a little perseverance in bad cases to insure a lasting cure.

FOR WOUNDS EITHER OCCASIONED BY THE BAYONET, SABRE OR THE BULLET. SORES OR BRUISES,

To which every Soldier and Sailor are liable, there are no medicines so seto, sure and convenient as Holloway's Pilis and Ointment. The poor wounded and al most dying sufferer might have his wounds dressed immediately. If he would only supply himself with this matchless Ointment, which should be thrust into the wound and smeared all round it, then covered with a piece of linen from his Knapsack and compressed with a bandkerchief. Taking night and morning for 3 Fills to cool the system and prevent inflammation.

Every Soldier's Knapsack and Seamen's Chest should be provided with these valuable Remedies.

GAUTION!—None are genuine unless the words "Houltowar, New York and Dondon," are discernible as a Water mrk in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious."

***Sold at t e Manufactory of Professor Hollowar, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in boxes at 30 cts., To cts. and \$: 19 each.

A FEW REASONS WHY THE AMERICAN WATCH

IS THE BEST. It is made on the best principle, while the foreign watch is generally made on no principle at all.

Let ze look at the contrast. The foreign watch is mostly made by women and boys, BY HAND. While their labor is cheap, their work is dear at any price. Such watches are made without plan, and sold without guarantee. They are irregular in construction, and quite as irregular in movement. They are derig ned only to sell, and the buyer is the party me

rig ned only to sell, and the buyer is the party me thoroughly sold. Those who have kept "ancres," "lepines" and "Swiss levers" in professed repair for a few years will appreciate the truth of our statement.

THE PLAN OF THE AMERICAN WATCH.
Instead of being made of several hundred little pisces. screwed together, the body, of the American Watch is formed of SOUID PLATES. No jar interferes with the harmeny of its working, and no sudden shock can throw its machinery out of gear. Secsasion of one part from another is unknewn to its constitution, and in riding or any business pursuit, it is all held together as firmly as a single piece of metal. It is just what all machinery should be—

2d. SIMPLE.

3d. STRONG.

4th. ECONOMICAL.

We not only secure CHERTNES by our system, but QUALITY. We do not pretend that our Watch on be bought for less money than the foreign MADE MILITYES but that for its real value it is sold for one-baif the price. our name of the source of the solid for one-half the price.

OUR SOLDIER'S WATCH [named Wm. Ellery] is what its name indicates—Solid, Substantial, and always Reliable—warranted to stand any amount of Marching Riding or Fighting.

OUR NEXT HIGHER QUALITY OF WATCH (named P. S. Hartlett) is similar in size and general appearance, but has more jewels, and a more elaborate finish

for the state of t tea.

The PROOF of the merits of our Watch may be found in the fact that we now employ over five hundred workmen is our factories, and that we are still unable to supply the constantly increasing demand.

OUR THREE QUARTER PLATE WATCH is thingread lighter than the contraction. our Thirds Quarter Plate Watch is thin-mer and lighter than the other we have described. Its fine chromometer ballance is delicately adjusted to correct the variation caused by changes of temperature. These Watches are chromometrically: rated, and are the fruits of the latest experiments in chromometry and are made by our best workmen, in a separate de-partment of our factory. For the finest time-keeping qualities they challenge comparison with the best works of the most famous English and Swiss makers.
