Lieut. George Focht, of the 107th Reg., is also reported as dangerously wounded.

☞ It is said that the 93d lost up to the 13th inst., in killed and wounded, 223 men.

A "disloyal" Republican was ordered out of a store in this place last week, for expressing the opinion that Grant was unsuccessful thus far in the "On to Richmond" campaign. He since says that all the ganders are not geese.

It has been ascertained to a certainty that Capt. Richard G. Rogers, of the 93d Regiment, P. V., was killed in the battle of last Thursday a week. He was hit by a musket ball about an inch and a half below the left eye. He lived about 46 hours after receiving his wound, but in a state of unconsciousness. He died on his way to Fredericksburg, in an ambulance, in the "Wilderness." Capt. Rogers was the eldest son of James and Sarah Rogers of this place, and is the second son that has been killed for them in this war,—the first being Lieut. John E. Rogers, who was killed at Fair Oaks. Capt Rogers enlisted as a private when the 93d was first formed, and upon the resignation of Capt Murray was promoted from the ranks to the Captaincy of the company. He was an intelligent and brave soldier, and possessed social qualities of the most engaging kind, endearing him to all who knew him. During his recent visit home with his regiment, he was married at Reading, and consequently leaves, in addition to the many others who mourn his death, an accomplished and loving wife to her great sorrow.

There is still one, and the only one, brother of the family, who is also in the army. May he be more fortunate than the others, and be enabled to return in safety to his parents, to cheer and comfort them in their declining years.

Capt. Rogers was aged 24 years, 8 months, and 17 days. It is the intention to obtain his body, if possible, and bring it home for interment.

The Ladies of Lebanon are all cordially invited to attend the meetings of the Ladies' Aid Society, on every Thursday afternoon, for sewing on Hospital Clothing. tf.

The Borough Fathers have put a Bell on top of the Market House, to notify the Market people when they may commence to sell on Market mornings.—We have improving borough authorities,—see the splendid addition to the Market House, and now, the new bell.

Our old friend, Charles Kessler, Esq., late of the Reading *Adler*, has been elected Secretary of the Sinking Springs Insurance Company. A better selection could not have been made. We congratulate Mr. Kessler on his accession to the honors and emoluments of office!

The Reading Railroad Company have made a donation of $10,000 to the United States Sanitary Commission.

The employees of the same Company, have also, with very few exceptions contributed one day's pay towards the same Fund. The total amount realized, we understand, is over $10,000.

Attention is directed to the Summer time table of the Reading Rail Road.

We have been informed that, instead of Lebanon county being out of the draft, as has been stated, we have still about 67 men to furnish for the late calls by the President, before our quota is full. This is a new wrinkle, and hence still keeps us somewhat in hot water. In connection with this matter of drafts, we have been requested to notify the several districts of this county to attend *at once* to the correction of their enrollment lists, and transmit the same to Pottsville at as early a day as possible.—Many persons have arrived at the age of twenty since the enrollment; many have gone over forty-five; many have removed and many died. All these corrections should be made, and made at once. It may save some persons from being drafted, and also a nice pile of money to the county.

Penrose G. Mark has been promoted to the Captaincy of Co. D. 93d P. V.

The Tableaux Vivants got up in this borough, last week, by a number of ladies and gentlemen for the benefit of the sick and wounded soldiers, were really the finest and most pleasing exhibitions that we have witnessed for a long time, and were commended as such by all present. We should like to refer specially to each of the pieces presented, the parties sustaining the characters, and the manner in which they performed their parts, but expecting that some one conversent with "life behind the scene" would do so for us, and being disappointed in that expectation, we cannot do so. Our personal knowledge of the matter is too limited to attempt any notice that would do justice to the parties engaged. In a few words, it was handsome, well got up, well played by every one of the actors, and what is better than all—it realized from $200 to $250 for a most deserving charity.

Sorghum Seed can be obtained at Stine & Ross' in a few days. 2t.

The Westminster review for April—American reprint—is received.—It contains several able papers, among which we may name as specially interesting, "The Basin of the Upper Nile and its Inhabitants," "Strikes and Industrial Cooperations," and "The Prerogative of Pardon and the Punishment of Death." All the Quarterly Reviews, with Blackwood's Magazine (monthly) continue to be published by Messrs Leonard Scott & Co., 38 Walker street, New York, at the old prices of $3 a year singly, or $10 for the whole set.

In the Philadelphia Flour Market there is no change to notice. The home trade are buying at from $7a$9 50 per bbl. according to quality.

Rye flour is selling in a small way at $7a7 25 per bbl.

There is not much doing in corn meal and the market is quiet.

Wheat—is rather lower, at $1 80 for prime reds. Rye is dull at $1 55a1 60 per bus. Corn is rather lower, with sales of 5,000 bus at $1 41a1 43 for prime yellow and white. Oats are dull, and selling at 87a88c per bushel.

Cattle Market.—The market for Beeves was firm but very dull. Prices ranged at from $10 to $16 for common to good and prime Cows were firm, at from $25 to $40 each for springers, and $60 to $70 for Cows and Calf. Hogs were dull and the offerings and sales light, at $10a10½ per 100 lbs nett. Sheep were better at 10a10½c per lb gross, wool on, and 6a7½c for clipped.

Messrs. Stine & Ross at their Paper Mill in this borough are now paying $15 per ton for straw, $10 per ton second crop Hay, and $8 per ton for Corn-fodder. M.11.-4t.

What an Amount of Suffering and Disease among the volunteers would be prevented by the free use of HOLLOWAY'S PILLS AND OINTMENT. For Wounds, Sores and Scurvy, the Ointment is a certain cure, and for Bowel complaints, Fevers, Small Pox, &c., the Pills are the best medicine in the world. Only 25 cents per box or pot. 223

TAKE NOTICE.—The enrolling is going on, and it is expected that the Conscription act will be enforced immediately, so I would advice every body to get their PICTURES taken in time for their relations and friends, and the only place to get a No. 1, Picture is at ZIMMERMAN'S New York Photographic Gallery, for he is taking the cheapest, the best, and most life-like Pictures in Lebanon. It is admitted by all that he can't be beat, for his gallery is always crowded. Give him a call and you will find as we recommend. Remember the place. Zimmerman's New York Photographic Gallery, in Cumberland St. Call early and avoid a crowd.

P. S.—Children and anybody that has got weak eyes should call at Zimmerman's Gallery. His Pictures only require from 3 to 5 seconds time to sit

QUESTION.—Hollo! there Dick and Nancy, where are you going, that you are in such a hurry?"

ANSWER.—Why we are just on our way to Daily's Photograph Gallery, to have our pictures taken. He takes splendid pictures, and his Gallery is nearly all the time crowded, so I said to Nancy we will go early this morning before any body else gets there, or we will have to come away again without getting any.

QUEST.—Yes! I have heard too that Daily's Gallery is ugarly all the time crowded, and so why don't you go to some other Gallery?

ANS.—Oh my! we could not think of such a thing.—We admire the taste and beautiful picture that Daily takes, so much that we would not go to another Gallery if we could get them for nothing. He has seven years, experience in the business, has a complete sett of improved instruments, an excellint sky-light, and there fore takes the best pictures in town, and so of course every body that wants a good picture goes to him.

QUEST.—What kind of Pictures does he take?

ANS.—He takes Photographs from miniature to life-size, plain or colored. His card pictures have been pronounced more truthful and life like than some that have been taken in our large cities. His Ambrotypes are beautiful, and can't be beat. He also excels in copying pictures from small Daguerreotypes, and enlarging them almost to any size.

QUEST.—Where is this Gallery? I must give him a call too.

ANS.—Just come along with Nancy and I, and we will show you. It is in Stine's New Building, next door to the Lebanon Deposit Bank. He has constantly on hand a good assortment of Gilt and Rosewood Frames, Cases, Albums, &c., which he sells cheap.—For good and cheap Pictures we advise all to go to Daily's Gallery, "Lebanon," Pa. HOYT'S HIAWATHA HAIR RESTORATIVE.

Hoyt's Hiawatha Hair Restorative.

The standard staple preparation for the hair *warranted* in all cases to restore faded and gray hair, and whiskers, to their original color. It does not claim to make the hair grow in where it has fallen out; nothing will do that whatever may be advertised to the contrary, but it *will* prevent it from falling out, make it soft and silky, cleanse it and the scalp from impurities and humors, and *entirely overcome* bad effects of previous use of preparations containing sulphur, sugar of lead, &c. It requires no soapING, washing, and hours for its application, nor will it stain the skin, but is as easily applied and wiped from the skin as any hair dressing. It restores the natural shading of one hair with another, which gives it a lively appearance instead of the dull uniform black of dyes.

Hoyt's Imperial Coloring Cream.

Superior to any Hair Dressing in use. Oils and Colors the Hair at the same time. Changes light and red hair to a beautiful brown or black.

Great Central Fair,
For The
SANITARY COMMISSION.

OFFICE OF THE COMMITTEE ON LABOR, INCOME AND REVENUES.

No. 118 SOUTH SEVENTH STREET,
PHILADELPHIA, APRIL 4TH, 1864.

The Committee on "Labor, Incomes and Revenues," invite co-operation with them in the particular work for which they have been appointed. As no portion of the people are more patriotic than the working men and women of the country, it is but just and proper that they should alike have an opportunity to contribute to the objects of the Fair. The most equable plan for accomplishing this, and, at the same time the easiest one, is to ask for the contribution of a single day's Labor from all classes in the community. Many will contribute a day of their labor willingly, who would not subscribe their money. To reach every department of industry and art will be a work of great labor, but, if attained, will be productive of immense results.

The success of the plan will depend upon the hearty co-operation of every element of influence within our limits, and we invite all the guardians of the industrial interests and all others, to take hold with us in furthering this great work of patriotism and humanity.

The Committee is charged with the following duty, to wit:

FIRST.—To obtain the contribution of "one day's labor," or earnings, from every artisan and laborer, foreman, operative and employee; president, cashier, teller and clerk of every incorporated and unincorporated company, railroad and express company, employing firm, bank, manufactory, iron works, oil works, mill, mine and public office; from every private banker and broker, importer, auctioneer and merchant; clerk, agent and salesman; designer, finisher and artist; publisher, printer and mechanic; from every government officer, contractor and employee; grocer, butcher, baker and dealer; farmer, horticulturist and producer; from every mantua maker, milliner and female operative; every individual engaged in turning the soil, tending the loom, or in any way earning a livelihood, or building a fortune within the States of Pennsylvania, New Jersey and Delaware.

SECOND.—To obtain the contribution of one day's income from every retired person, and person of fortune—male and female—living upon their means, and from all clergymen, lawyers, physicians, dentists, editors, authors and professors; all other persons engaged in the learned or other professions.

Much of this work must be performed by the personal influence and efforts of ladies and gentlemen associated with the Committee in carrying out this plan.

The Committee feel the responsibility of the work they have undertaken, which, to be successful, will require a very perfect ramification of their plan, and they therefore call upon all earnest people, to assemble themselves together in every town, township, and county, and form organizations of ladies and gentlemen to co operate with them in this great work and labor of love. In the manufacturing counties, the coal and oil regions, and in the agricultural districts,—especially, let there be organizations in the large towns, so that the young people may have an opportunity thus to render assistance to their relatives and friends fighting the battles of their country in the armies of the nation.

The work of this Committee may be prosecuted where no other effort can be made for the Fair, as in the mines of the coal regions. A day's earnings of the miners, and a day's product of the mines, can be obtained, where no portable article could be procured for transportation. Indeed there is no part or section of these States where the day's labor may not be obtained, if organizations can be formed to reach them.

The Committee cannot close without urging upon all Proprietors of Establishments, the duty of taking prompt and energetic action to secure the benefit of the day of Labor from all within their control.

The Committee deem it unnecessary to do more, than thus to present the subject to the people of the three States named. In the coming campaigns of our armies, the labors of the "Sanitary Commission" will be greatly augmented.—By the first of June 700,000 men—one of the largest armies of modern times—will be operating in the field. So large a force, scattered over regions to which the men are unacclimated, must necessarily carry along with it a large amount of sickness, suffering and death, to say nothing of the gathered horrors of the battle-field.

These sufferings, it is our bounded duty, as men and Christians, to relieve. A great and enlightened people, enjoying the blessings of a government of their own making, cannot refuse assistance to men suffering to maintain its authority, and we will not believe that the "GREAT CENTRAL FAIR," drawing its products from the three States of Pennsylvania, New Jersey and Delaware, so affluent in all mineral, agricultural and industrial wealth, shall fall behind any similar effort which has yet been made for the relief of the Nation's children.

As it is desirable not to multiply circulars; no further authority than this circular will be necessary for any employing firm or company, or any respectable committee of ladies and gentlemen, to proceed at once, in the work of the Committee; and it is hoped that under it, organizations will spring up in all the towns and busy regions of the States of Pennsylvania, New Jersey and Delaware.

Subscriptions will be thankfully acknowledged in the newspapers of Philadelphia; and it is very desirable that they commence soon, as each fresh acknowledgment will stimulate effort in other localities.

All subscriptions should be addressed to JOHN W. CLAGHORN, Treasurer, office of the "Committee on Labor, Income and Revenue," No. 118 South Seventh Street, Philadelphia.

☞ All needful helps in Circulars and Posters will be forwarded to parties applying for them. Direct to the Chairman of the Committee as above.
