Quest.—Yea! I have heard too that Daily's Gallery is nearly all the time crowded, and so why don't you go to some other Gallery?

Ans.—Oh my! we could not think of such a thing.—We admire the true and beautiful picture that Daily takes, so much that we would not go to another Gallery if we could get them for nothing. He has seven years, experience in the business, haces a complete sett of improved instruments, an excellint sky-light, and there fore takes the best pictures n town, and so of course every body that wants a good picture goes to him.

IRON IN THE BLOOD

IT is well known to the medical profession that IRON is the Vital Principle or Lie Blement of the blood. This is derived chiefly from the food we eat; but if the food is not properly dested, or if. from any cause whatever, the necessary luantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blied will irritate the heart, will clog up the luags, will stupefy the brain, will obstruct the liver, and will sind its disease-producing elements to all parts of the system, and every one will suffer in whatever organs may be predicted disease. The great value of

IRON AS A MEDICINE

is well known and acknowledged by all medical men The difficulty has been to obtain such a preparation of it as will enter the directation and assimilate at once with the blood. This point, says 'D. Hayes, Massachusetts State Chemist, has been attaird in the Peruvian Syrup, by combination in a way belie unknown. The Peruvian Syrup

is a protected solution of the PRODXIDE OF IRON.
A NEW DISCOVERY IN MEDICINE, that Strikes at the Root of the Disease by supplying the blood with its Vital Principle or Life Element Iron. The Peruvian Syrup Cures Dyspepsia, Liver Complaint, Propay. Fever and Ague, Loss of Energy, Los Spirits.
