Correction.—The commutation money paid last fall exempts for three years, but the same paid last draft (this spring.) exempts for only one year. We make this correction having stated the reverse last week, under a misconstruction of the information we received. We had no draft this spring in Lebanon county, which puts our people under the impression that last fall's draft was the last. The drafts of Uncle Abe should be numbered distinctly-1, 2, 3, 4 and so on indefinitely. When they are all in-about the 4th of March next, if the people get: tired of war, bloodshed, niggers, &c.,then we may talk of the last draft, not before; and even not then if the people reelect Lincoln.

We have just printed the necessary blank Voucuess for obtaining Invalid, Widow's or Mothers' Pensions.

Several accidents occurred last week, in this place, from the careless handling of firearms. Peter Zimmerman, jr., was wounded in the leg and hand by the discharge of a fouring piece, and William Ebur, jr in the arm by a pistol discharge. Neither of the parties were injured seriously, but they might both have been killed.

Charles Lewis, an employee on the Lebanon Valley Railroad, had his leg badly crushed, on Tuesday, a week at the Lebanon depot, by being caught between the bumpers of two cars. The leg was amputated below the knee by Drs. Gloninger and Schneck, and the patient is doing well.

Wm. B. Reinhard has been appointed by Governor Curtin, Agent for Lebanon county to recruit in rebel states, under the late act of Congress. He has left for Virginia.

O ! life of beauty moving

BY A. STANLEY ULRICH. Suggested by the Death of the child of an in-

To the music of the May,
O! heart of mine rejoicing
With the children in their play; A fairy flock, I lead them

Through the shadows of the grove, To where, amid the shining sands, The wayward waters rove.

No dream those little hands in mine, E're Autumn time is o're, Will clasp the bands of angels On the everlasting shore— Will lift them up with angels hands,

In worship evermore— Will join around with angel-hands, The threne forevermon

O! life of benuty dying, Neath the kisses of the sun-The white mists gathering closer, The music almost done.

O! hearts of little children,

That still keep on in play; While mine is with the little child, That walked with me last May. With dimpled hands upon the latch. And footfalls on the floor,

And gift of summer roses, From the dear child gone before. To sit within his Father's house, Beloved evermore,—
To sit beside the Father's throne,

And sing forevermore. And now, when the October. In its worship grand and still, Burns incense in the forest aisles,

And brightens every hill; Its footsteps leaving golden light, Where flowers of summer sleep, As emblems of the blessed days, The spring for them shall keep And this our vale of shadows,

With the gifts the May time wore; Speed the Rhapers singing softly, At Edgu's shiping door "A blostom for thy smile, O God, That smileth evermore-A little pilgrim for the band Thon leadest evermore."

ANSWER.—Why we are just on our way to Baily's Photograph Gallery, to have our pictures taken. He takes splendid pictures, and his Gallery is nearly all the time crowded so I said to Nancy we will go early this morning before any bod. else gets there, or we will have to come away again without getting any. Quest.—Yes! I have heard too that Daily's Gallery is hearly sill the time crowded, and so why don't you go to som'e ottor Gallery?

We admire the true and beautiful picture that Daily takes, so much that We Would not go to another Gallery if we could get them for nothing. He has seven years, experience in the business, haes a complete set of improved instruments, an excellint sky-light, and there fore takes the hest pictures no town, and so of course every body that wants a good picture goes to him.

QUEST.—What k ind of Pictures does ue take?

ANS.—He takes Photographs from ministure to lifesize, plain or colored. His card pictures bave been
pronounced more truthful and life like than some that
have been taken in our large cities. His Ambrotypes
were beautiful, and can't be beat. He also excels in
copying pictures from small Daguerrootypes, and enlarging them almost to any size.

QUEST.—Where is this dailery? I must give him a
call too.

Ans.—Just come along with Nancy and I, and we
will show you. It is in Stine's New Building, next

U. S. 10-40 Bonds.

These Bonds are issued under the Act of Congress o March 8th, 1864, which provides that all Poids issued under this Act shall be EXEMPT FROM TAXATION by or under any state or municipal authority. Subscriptions to these Bonds are received in United States otes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Govern ment, at any period not less than ten nor more than for ty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi-annually. The interest is payable on the first days of March and Sepember in each year,

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are re-torded on the books of the U. S. Treusurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses. Subscribers to this loan will have the option of hav ing their Bonds draw interest from March 1st, by pay-

ing the accrued interest in coin-for in United States notes, or the notes of National Banks, adding fifty per

cent. for premium,) or receive them drawing interest

from the date of subscription and deposit. As thes - Exempt from Municipal or State Taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in vari

ous parts of the country. At the present rate of premium on gold they pay Over Eight Per Cent Interest currency, and are of equal convenience as a perm

went or temporary investment It is voliceed that no securities offer so greatinduce ments to lenders as the various-descriptions of U.S. Bonds. In all other forms of indebtedness, the faith er ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both erincipal and interest in coin.

These Bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest leader and the largest capitalist. They can be converted in-to money at any moment, and the holder will-have the benefit of the interest.

It may be useful to state in this connection that the total Funded Dobt of the United States on which interest is parable in gold, on the 3 d day of March, 1864, was \$768,065,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the customs revenue in gold for the current fiscal year, end ing June 30th, 1864, has been so far at the rate of over \$100,000,000 parabam.

It will be seen that even the present gold revenues if the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount f importations, to \$150,000,000 per annum. Instructions to the National Banks acting as loan

Instructions to the National Banks acting as boan agents were not issued from the United State Treasury until March 26, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WIEK.

Third National Bank of Philadelphia, Pa.

Well known and much respected among the German inpulation in this country, makes the following statement for the benefit of the afflicted. ment for the benefit of the afflicted.

HANOVER, PA., Feb 16, 1859.

Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Bargam ov Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decine, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have in my individual case, made frequently use of your valuable medicine, and have always been benefited by it.

From Jesse Smith, Esq., President of

the Morris County Bank, Morristown. New Jersey. for about of years, and having realized its beneficial results. Of family, it affords me great pleasure in recommending it to the public as a valuable remedy in cases of weak lungs, colds, coughs, &c, and a remedy which I causider to be enterely innocent, and may be taken with perfect safety by the most delicate in health.

From Hon. John E. Smith, a Distinguished Lawyer in Westminster, Maryland.

I have on several occasions used Dr. Wistan's Bar-san of Wild Chentr for severe colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use. The Ealson bas also been used with excellent effect by J. B. ELLLOTT, Merchant, Hall's Cross Roads, Md.

RON IN THE BLOOD

IT is well known to the medical profession that IRON is the Vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of from is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupefy the brain, will obstruct the liver, and will send its discase-round using elements to all parts of the system, and every one will suffer in whatever organs may be predicted.
