The various districts of this county are still making strenuous exertions to raise their quotas of men to keep out of the draft. Some have succeeded, ately. others are succeeding tolerably well, and the rest not so well. To our mind, the easiest way to get out of the draft for some of the heavy abolition districts is, to -wote for Curtin, and avoid the draft !"

He is to receive a Lieutenant's commission, if he has not already got it, township, about 22 miles north-west from and is now recruiting men for his company in this place. He will make a good officer.

Two Out-lots belonging to the estate of Adam Ritcher, dec'd., about of a mile from this borough, were sold, last week, at public sale, to Joseph Shindle at \$172,50 and \$180 per acre.

Last Thursday was a gala day at Cornwall. The Perseverance Engine, Hose Company and Band, of this place, at the invitation of Mr. Wilhelm, paid a visit there for a pic-nic. Between seven and eight o'clock they left on the N. L. Shultz, was entered, while the family R. R., on a train specially provided for were at church, and was robbed of bethat purpose, and returned about seven in tween six and seven hundred dollars in the evening. The whole party, increased gold and silver. The money belonged, by accessions of hands at the Furnaces and the people of the surrounding coun- of Mr. Shultz, with whom she resided. try, to the number of several thousand, enjoyed themselves to their hearts' con tent. A bounteous repast was spread by Mr. W, to which all done the fullest justice. The praises and commendations of all upon their return were of the most grateful kind, and as the whole proceed. ings passed off in the most pleasant manner, and without a single incident to man the pleasure of any one, it must have been such a jubilee the like of which was never seen before in this county.

The Sunday Schools of Cornwall had also a pic-nic in the neighborhood, which helped to enliven the scene and furnish additional enjoyment to all participating.

the abolition County Convenion of this county, is called to meet on the 5th of September, next Monday a week. In addition to the candidates announced last week, we are pleased to chronicle the following:—Dr. S. H. Harper, of South Annville, for the Legisläture. As the Dr. is the only candidate thus far on the track, we presume he will be the candidate. He is a strong man, particularly in the Annvilles, where he is generally known. If any other candidate attes for that position are brought out it will be to defeat the Dr., which, however, cannot be done except by the most reckless pipe laying. We hope there may be no trickstering in the delegate meetings and at the Convention, in which case he will no doubt receive the nomination. Mr. Gideon Rupp, of North Annville, is a candidate for Sheriff, and Benjamin G. Dissinger, of Heidleburg, week. In addition to the candidates an-Benjamin G. Butter sold in our Market on Saturday morning for 45 cents per pound. This is all owing to the refusal of Abe Lincoln to make PEACE unless the ABANDONMENT OF SLAVERY is one of the conditions. Butter at 45 should cause the laboring-men and mechanics to reflect. At such a price, how long will it be before they will find it a luxury far beyond their reach. They are already deprived of Coffee, Tea, Sugar, and many other necessaries, which were within their reach when Democrats were within their reach when Democrats administered the Government. One after the other is slipping from the reach of their purses, and before long they will envy the condition of the serfs or white slaves of Europe. The abolitionists will no doubt say that this is all owning to the war. So it is, -a war of Abe Lincoln's seeking, and mismanaging in the first place, and secondly, to his perversion of its original object, and its prolongation now for objects entirely foreign to the interests and desires of the people, namely, his refusal to make peace unless slavery is abandoned. Have our mechanics and laboring men a sufficient interest The neach trade of New Jersey in darkeydom to make them wish, not only that this state of affairs may continin darkeydom to make them wish, not dred thousand dollars. U. S. 7-30 Loan.

THE Secretary of the Treasury gives notice that ambscriptions will be received for Coupon Treas, re Notes, payable three years from Aug. 16th, 1864, when semiannual interest at the rate of seven and three tenths per cent. per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect They will be issued in denominations of \$20, \$100, \$500, \$1,000 and \$1,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars. The notes will be; transmitted to the owners free of transportation charges as soon after the receipt of the riginal Certificates of Deposit as they can be pre-

pared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of Deposit, Parties depositing twenty-five thousand dollars and pwards for these notes at any or e time will be allow d a commission of one quareer of one per cent. which will be paid by the Treasury Department upon the receipt of a bill for the amount, certified to by the officer with whom the deposit was made, No deductions for commissions must be made from the deposits.

SPECIAL ADVANTAGES OF THIS LOAN. IT IS A NATIONAL SAVING BANK, offering a higher rate of interest than any other, and the best recurity. Any savings bank which pays its depositors in U.S. Notes, con siders that it is paying in the best circulating medium of the country, and it cannot pay in anything better, for its own assets are either in government security or in notes or bonds payable in .

It is equally convenient as a temporary or perma ment investment. The notes can always be sold for within affraction of their face and accumulated interest, and are the best security with banks as collater als for descounts. Convertible into a Six per cent. 5-20 Gold Bond.

In addition to the very liberal interest on the note for three years, in it privilege of conversion is now worth about three per cent. per annum, for the cur "rent rate for 5-20 Bonds is not less than nine per cent premium, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per

Its Exemption from State or Municipal Taxation. But aside from all the advantages we have cuumer ated, a special Act of Congress exempts all bonds und Treasury notes from local taxation. On the average, this exemption is worth about two per cent. per an num, according to the rate of taxation in various

parts of the country.

It is believed that ho, becurities offer so great in ducements to lenders as those issued by the govern ment. In all other forms of indebtedness, the faith or ability of private parties, or a tock companies, or separate communities, only, is pledged for payment, while the whole property of the country is held to secure the discharge of all the obligations of the Uni-

for its loans, it believes that the very strongest appeal will be the loyalty and patriotism of the people. The party depositing must endorse upon the origina cortificate the denomination of notes required, and whether they are to be issued in blank or payable to order. When so endorsed it must be left with the officer receiving the deposit, to be forwarded to the Treasury Department.
Susscriptions will be arezived by the Treasurer of
the United States, at Washington, the several Assis-

ant Tressurer and Designated Depositaries, and by the First National Bank of Philadelphia, Pa. Second National Bank of Philadelphia, Pa. Third National Bank of Philadelphia, Pa and by all National Banks which are depositaries public money, and
ALL RESPECTABLE BANK AND BANKERS

throughout the country will give further informat lor APYCRE RVERY FACILITY TO SUBSCRIBERS. Aug. 10; 1864 .- 3m.
