THE HOME VOTE IN OCTOBER.

The official vote of Pennsylvania at the October election, on the Congressional tickets, is at length published. It includes both the home and soldiers' votes, and is not given separately, as was expected and desired. According to these returns, the Abolition majority in October was 18,859.

The official vote cast in Chester county, (abolition), at the Presidential election on the 8th inst. was 13,904. The official vote cast in Montgomery county, (democratic), at the same election, was 14,280.

The Provost Marshal General has issued a circular to his Deputies relative to the speedy correction of the enrollment lists. This squint strongly towards an immediate draft.

The majority for Lincoln over Gen. McClellan in the state of New York, is 67,798. Fenton over Seymour, for Governor, has 8,307.

THE BURNING OF ROME, GA.

A letter from Kingston, Ga. under date of Nov. 11th says: Rome was evacuated at 10 o'clock this forenoon by our force, but not until the Etowah House, a respectable three-story brick hotel, was consumed by fire.

The oil excitement is spreading rapidly over the state. All that we have got to say thereto is—"look before you leap" into it. It pays well, if not careful, find themselves taken in, and wake up some morning dead broke.

There are said to be in the United States fifty thousand heathens. Idol gods are worshipped in two heathen temples in San Francisco. The Chinese have large colonies scattered all over California, and the work of their evangelization is an inviting one for Christians of every sect.

Gen. Butler was complained against in New York, when there a few weeks ago, by a party from New Orleans, for taking \$60,000 in gold from them in 1862, and keeping it for his own use.

A bold attempt was made to fire New York city on Friday night of last week. Between the hours of 9 and 12 o'clock, fires were discovered in the Astor House, the St. Nicholas, St. James, La Farge, Metropolitan, Tammany Hall, Belmont and Lovejoy's Hotels, Barnum's Museum, Niblo's Garden, and other public buildings.

Gen. Sherman has been checked in his advance towards Macon. Slocum's expedition, which moved south from Athens, was, on November 19th, twenty miles north of Macon. The Confederates succeeded in placing a strong force in Slocum's front at that point, and he was checked. Down to Tuesday last he had made no farther progress toward Macon, and was believed to have turned to the eastward.

General Howard's expedition, which Sherman directs in person, has started from Atlanta to Augusta, though when, is not accurately known. This column moved eastward to Crawfordsville, a town on the Atlanta and Augusta Railroad, seventy miles from Augusta.

From Petersburg there is a report that a part of General Early's army, from the Shenandoah Valley, has made its appearance on the north side of the James, in front of General Butler's lines.

Doney Harris, a noted bruiser of Philadelphia and another rough, by the name of Martin, of New York, with his backers proceeded to Luzerne county, on Monday week, for the purpose of fighting for a purse of \$1,000.

The Italian tragedy.—The Italian papers give an account of a terrible tragedy at Turin. Two lovers, finding an obstacle to their union, resolved to sacrifice. The young man wrote a letter to his mother and then blew out his brains. Rosita determined to share her lover's fate.

It is stated that the directors of the Bank of Commerce, New York, have resolved to organize that bank under the National Banking law on January 1, 1867.

A shooting affair.—The Clearfield Republican says: A report reached us at the beginning of the week that an acting provost marshal of Clinton county has been shot and killed about the Clinton county line.

The abolition papers inform us that the administration of Lincoln is about proposing peace to the rebels. Well, we are glad of it, but, we remember, that before the election Democrats were called "traitors" for suggesting that terms of accommodation should be offered.

STAND FIRM.—The New Hampshire Patriot is not among those who believe that the work of Democrats ended with the closing of the polls on the 8th of November.

At the late Presidential election in one of the wards in Cincinnati, one ballot was found, a straight Republican ticket, with "God forgive me for this sin" written on the back of it.

We are firmly in the belief that hundreds of men in this county voted for Lincoln who are, if anything, frightened at the result.

A romance in Real Life. A romance in real life, of deep plot, and thrilling denouement, is just now the chief topic of gossip in Taunton, Mass.

WASHINGTON CITY CROWDED.—Washington City is now crowded with politicians, many of whom have "yellow envelopes" in their pockets.

There were no women in the world men couldn't manage to make a shift, and there would be no use for one if it were made.

The New York World says that at least 20,000 votes were lost in that city, nearly all Democratic, because of the insufficient number of voting places.

How ARE YOU LABORING CLASSES.—A few weeks since the N. Y. Times, the special organ and exponent of the views of the abolition administration, said:

A wife in Minnesota enlisted with her husband in 1861, fought with him eighteen battles, was wounded thrice, and has now left the service, as her husband has been killed.

LEGAL TENDER NOTES not a "Legal Tender."—In the U. S. Court, held in Philadelphia, Judges Grier and Cadwalader, an opinion was delivered on Thursday, in case of the Philadelphia and Reading R. R. Co., against Charles Moulton, et al., which was before the Court in the shape of a bill in equity to compel the defendants to accept in extinguishment of the principle of certain ground rents.
