Yearly advertisements for Merchants and Hotels, &c., as agreed upon.

Formerly we paid 8 cents a pound for paper. We now pay 28, and everything else in the printing line has advanced in the same proportion. Our subscribers who are in arrearages will, from this simple statement, see the necessity of promptly paying up their dues. We have not advanced the subscription price of the ADVERTISER, but must have yearly payments to meet the extra heavy demands made upon us.

C. W. Bernenderfer, a member of Co. A, 84th Reg. Penn. volunteers, was discharged from the service on the 29th ult. for disability in consequence of wounds received at the battle of the Wilderness. He had re-enlisted, and was in the service in all three years and five months.

Removal.—Daly has removed his Photograph Gallery to Henry's new building, nearly opposite Siegrist's Hotel. His rooms have been specially fitted up for the picture business, and will know from his long experience in the Photograph Art, and with the splendid light, &c., that he cannot fail of success. He has a fine assortment of Albums, Gilt and Rosewood frames, fancy cases, &c., suitable for holiday presents. We would advise all to give him a call.

Goodyear and Diffenbach, as usual have the cheapest and best assortment of Dry Goods and Notions, for the Holidays. Such as Dress Goods, Shawls, Cloaks and cloaking cloth, Breakfast Caps, Hoods and Scarfs, Hoseing and Gloves. Also a full line of Groceries, Sugar, Molasses, and Spices. Cheaper than the Cheapest. Call soon for good Bargains.

We learn that Mr. Daniel Stichter has sold 21 acres of land lying along Centre Street, near the railroad, to the Reading railroad company, for $5,500; and that Mr. Bernhard Rauch has sold 21 acres in the same locality to the same company, for $2,700.

Mr. Isaac Beckley has sold his dwelling house and lot in East Lebanon, to Mr. Hunsicker, of Union township for $3,600.

"Greenbacks as Good as Gold."—This is a favorite expression with the advocates of a ng currency. How near it comes to the truth was illustrated in this borough a few days ago. A lady went into a Dry Goods Store and purchased goods to the amount of $6,80, and in payment threw down a ten dollar gold piece. The clerk, not crediting his own senses, took the rare coin to the proprietor, and after examining to see that it was genuine, and making an estimate of its value, returned the lady *sixteen dollars and twenty cents* of currency as change.

Sad and Fatal Accident.—On Monday last, near noon, as Mr. Joel Schultz, of Washington township, Berks county, was attempting to close the door of a wagon house which had been blown open by the storm, he was flung against the frozen ground by the violence of the wind, and in the fall had his scull fractured. He lay in an unconscious condition until Tuesday morning, when he died.—He was nearly 45 years of age.

LETTER FROM LIEUT. WILLIAM KALE.

PHILADELPHIA, DEC 8, 1864.

To the Editor of the Lebanon Advertiser, Lebanon, Pa.

MR. EDITOR:—

Allow me to solicit the Medium of your valuable paper to give such explanatory facts concerning my arrest which took place on Friday, the 2d inst.

In the most outrageous manner the Deputy Provost Marshal of Lebanon appeared before me and arrested me for being a deserter from the Army. I tried to explain my case to him; being on sick leave, having in my possession the certificate of my attending surgeon, and producing such papers to establish the truth of my statement. He did not listen to me, nor did he give me time to bid farewell to my wife, but dragged me in the cold as few rods distant. My object now is to inform my fellow citizens of Lebanon that this Deputy Marshal, exceeded his authority, forgetting that I am an officer, duly mustered and sworn into the army of the U. S., by placing me on the same footing as that of a criminal. From facts I know that this Dep. Pro. Marshal is a deserter from the State Militia of Pa., deserting his native State in the time when it most needed the courage of brave men, but skulking away lest he might come to harm.

I deem it my duty to state these facts to the public, pointing out, that while he is only a Menial to the Government, I am an officer of the U. S. and have a right to expose him.

Assuring you Mr. Editor that I am responsible for the above statements; I respectfully solicit your favor by inserting the above in your valuable paper.

I have the honor, to be,

Very respectfully Yours,

WILLIAM KALE.

The Lebanon Bank of this place will be converted into a National Bank, two thirds of the stockholders having agreed to the proposition.

Attention is directed to the Advertisement of the Lebanon Oil Mining Company, in another column. As our people are acquainted with the character and business tact of the officers of this Company, they will of course prefer to invest with them from local pride, in preference to those from abroad.

Answers to problems in last week's ADVERTISER:—1st, He gained $5; 2d, Lost $45 and the Boots; 3d, He should take away 6 bushels; 4th, Mr. A. lost $2.

On the night of the 8th inst., a Horse was stolen from the stable of George T. Miller, in Heidleberg township.

A Golden Eagle was shot, last week, by Mr. John Lucks, in Cornwall township, which measured 7 feet 7 inches across the wings, and three feet along the back.

The Philadelphia Flour Market is very dull at about former rates. There is very little demand for wheat, but prices are without change. Corn remains quiet.

If you want to buy nice and cheap Christmas and New Year Presents, go to JOHN GRAEFF'S Confectionary Store, near the Market House, in Cumberland street, Lebanon, where you will find a large and splendid assortment of everything in his line. He has just returned from Philadelphia, the second time this season. Call and see.

Parties will be supplied with refreshments at short notice.

HOW AN OIL-WELL IS BORED.

In selecting a spot for a well, the artesian driller raises a derrick about 110 feet in height, bringing up a steam engine of about six horse power, and then, after driving down an iron pipe about six inches in diameter through the earth and gravel some fifty feet or so, to the first strata of rock, introduces a drill of about two and a half inches in diameter, attached to a jumper screw, and thence to the walking beam and engine, with which he bores now, at the rate of eight or ten feet per day into the solid slate and soap stone, say one hundred feet; he then comes to the first strata of sandstone, which may be ten or twelve feet in thickness, and boring through this comes again to a slate and soapstone of a bluish cast, and working on say for twenty five feet or so, he reaches the second strata of sandstone and 300 feet, which comes rushing up when the right vein is struck, inflammable gas, salt-water and petroleum. The bore of the well is enlarged by a torpedo process, and then an iron tube in sections of about fourteen feet and closely screwed together, is inserted by sections and driven down to the veins of oil; a flax seed bag which expands when wet is fixed between the tubing and the walls of the well in order to prevent the surface water from descending; a "plunger" or salved piston is introduced into the tube and the sucker rod being attached to the walking beam, the conduit pipes and tank, which may hold sixty barrels, being in readiness, the engine moves and the precious treasure gushes forth.—This is what is called pumping well. In the "flowing wells," that is, such as send the oil out spontaneously,—the drill must go down into the third strata of sand stone; but this in some instances is very deep. In a well on Watson's Flat, the drill has reached the depth of one thousand feet and yet the third bed of sand stone is not reached.

LEGISLATING THEM WHITE.

It will be seen by the following, which we find in the Cincinnati *Gazette*, that the Legislature of Louisiana (elected on Lincoln's patent plan of making bayonets do the legitimate work of ballots, or a substitution of the cartridge-box for the ballot-box) have adopted a new process of making niggers white folks:

"A bill has been introduced in the Louisiana Senate declaring that all persons in the State of not having more than one-fourth of negro blood shall be recognized as whites."

So soon as it shall be found necessary to make the genuine Ethiopian white, it will be done by the same speedy process, the Bible to the contrary notwithstanding.

THE LATEST WRINKLE.—A Lucifer match is now in the market, differs from anything hitherto in existence. Upon one side of each box is a chemically prepared piece of paper. When struck upon the match instantly ignites. When struck upon anything else whatever it obstinately refuses to burn. Let a curious boy try it upon a red hot stove, and the wood of the match will calcine before the end of it ignites. Friction upon anything else than this prepared pasteboard has no effect upon it.

A FINE COUNTRY.—On the River Amazon are to be found spiders with bodies two inches and legs seven inches long that eat birds and suck birds; butterflies that are mistaken for humming birds; green snakes just like a creeping plant, and a lovely coral snake with bands of black and vermilion seperated by clear white rings; monkeys with white hair all over them; monkeys entirely seven inches long, and owl-faced bats, sleeping all day and lively at night.

B. Gratz Brown, U. S. Senator from Missouri, is out in a letter in favor of negro suffrage. He deserves to be the next abolition candidate for President. Though *Brown* by name, he is very black by nature.

Ayers' Cathartic Pills

ARE the most perfect purgative which we are able to produce or which we think has ever yet been made known to mankind. Their virtue is so abundantly proved by every body, that we need not publish them to the world. Nor is much the use of the ordinary medicines in use. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every day complaints of everybody, but the formidable and dangerous diseases. While they produce powerful effects they are at the same time the quintessence of the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and, being purely vegetable, are free from any risk of harm. Cures are made of diseases which have baffled the skill of the best physicians, and which nothing but such active remedies as these pills could reach. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of their remedies, while others have sent us the assurance of their conviction that the Pills we prepare contribute immensely to the relief of our afflicted suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints:

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Loss of appetite, Indigestion, Worms, Inaction of the Bowels and Kidneys, Inflammation, Ulceration, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints, arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best and that there is for them, and they should have it. Prepared by J. C. AYER & CO., Lowell, Mass., and sold by all the druggists in Lebanon and vicinity in medicine everywhere.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by improper and pernicious habits. Great numbers have already been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

Please inclose a post paid envelope, addressed to yourself. Address,

Coal Oil Lamps!

I BEG leave to inform my friends and the public generally that I have commenced the manufacture of COAL OIL LAMPS of every description and style of finish, at

No. 2 Second Street, Philadelphia.

Having had considerable facilities for manufacturing, and a practical experience of thirteen years in the management of the lamp business for some of the largest houses in this country, I flatter myself that my experience and knowledge will enable me to offer to the public, goods not equalled by any in regard to style and workmanship, and at prices competing with the lowest. I shall always endeavor to lead in offering to the public new and useful inventions in our line. I have also taken the wholesale agency for the sale of GEO. W. BROWN & CO'S CELEBRATED METAL TOPS.

U. S. 7-30 Loan.

THE Secretary of the Treasury gives notice that subscriptions will be received for Coupon Treasury Notes, payable three years from Aug. 15th, 1864, with semi-annual interest at the rate of seven and three-tenths per cent., per annum,—principal and interest both to be paid in lawful money.

These notes will be convertible at the option of the holder at maturity, into six per cent. gold bearing bonds, payable not less than five nor more than twenty years from their date, as the Government may elect. They will be issued in denominations of $50, $100, $500, $1,000 and $5,000, and all subscriptions must be for fifty dollars or some multiple of fifty dollars.

The notes will be transmitted to the owners free of transportation charges as soon after the receipt of the original Certificates of Deposit as they can be prepared.

As the notes draw interest from August 15, persons making deposits subsequent to that date must pay the interest accrued from date of note to date of Deposit.

SPECIAL ADVANTAGES OF THIS LOAN.

IT IS A NATIONAL SAVINGS BANK, offering a higher rate of interest than any other, and *the best security*. Any savings bank which pays its depositors in U. S. Notes, considers that it is paying in the best circulating medium of the country, and it *cannot* pay in anything better, for its own assets are either in government securities (in notes or) bonds payable in government paper.

Convertible into a Six per cent. 5-20 Gold Bond

or five years, at the privilege of conversion, is there worth about three per cent. per annum, as the current rate for 5-20 Bonds is not less than *nine per cent. premium*, and before the war the premium on six per cent. U. S. stocks was over twenty per cent. It will be seen that the actual profit on this loan, at the present market rate, is not less than ten per cent. per annum.

Its Exemption from State or Municipal Taxation.

But aside from all the advantages we have enumerated, a special Act of Congress *exempts all bonds and Treasury notes from local taxation.* On the average, this exemption is worth about two per cent. per annum, according to the rate of taxation in various parts of the country.

It is believed that no securities offer so great inducements not only on account of reduced rates of boarding, but from its central location to the avenues of trade, as well as the conveniences afforded by the several Passenger Railways passing past and contiguous to it, by which guests can pass to and from the Hotel to the different Railroad Depots, should they be preferred to the regular Omnibuses belonging to the House.

I am determined to devote my whole attention to the comfort and convenience of my guests.
