This sentence is engraved on a plate of brass in the Hebrew language, and on its sides are the following words: "A similar plate has been sent to each tribe." It was discovered in the year 1280, in the city of Aquila, in the kingdom of Naples, by a search made for the discovery of Lowry Successful! a search made for the discovery of the Roman antiquities, and remained there until it was found by the commissioners of French art in the Trench art in the time of the campaign in Southern Ltaly, it was preserved in the sacristy of the Carthusians, near Naples Italy, it was preserved in the sacristy of the Carthusians, near Naples, where it was kept in a box of ebony. Since then the relic has been kept in the chapel of Caserta. The Carthusians obtained permission that it might be kept by them, which was an acknowledgment of the sacrifices which they made for the French army. The French translation was made literally by members of the commission of arts. Denon had a fac simile of the plate engraved, Ford Howard, of ALL KINDS, on hand, and made to order.—
