HOME AFFAIRS.

Counterfeit \$100 Greenbacks are in circulation, so well executed that even Bank officers and experts are unable to detect them unless upon very close inspection. We advise our readers to look out for them.

A lady writing to the Chicago Tribune expresses great indignation because Jeff. Davis was caught under a petticoat. As it wasn't her's she has no right to complain.

The same lady says she supposes the copperheads will all be trying to hide under petticoats. Very likely.

REDUCTION OF LUMBER.—If you want cheap Lumber call at Reinoehl & Meily's Yard, in North Lebanon, who have just received a large stock, which they are selling at from \$5 to \$10 per thousand cheaper than heretofore. Those who have delayed building on account of the high price of Lumber, will no doubt be induced by this great reduction in price, to commence now at once.

SINGULAR ACCIDENT—Child Hung. -A little child of John O'Toole, residing in that portion of our town known as Loudensville, between one and two years of age, came to its death yesterday morning under the following singular circumstances: It had been left sleeping in the bed by its parents at their usunl time of rising, but it seems to have awakened shortly after and by some means worked its body out of the bed between the rungs and the foot, but unfortunately not succeeding in getting its head through, was strangled to death in that position. When found by the horrified mother life was extinct.-Hollidaysburg Dem. Standard.

RATTLESNAKE KILLED.—One day last week, a rattlesnake was killed on the mountain between Mount Carmel and Ashland, Schuylkill county. The mon-ster had thirty-two rattles. He fought furiously, and was not conquered until alter a long and exciting contest. He is supposed to have been thirty-five years old, and is said to have been of large

BETHEL STILL AHEAD.—Mr. Jonathan Groff, of Bethel township, has sent a stalk of Rye to this office, which measured fully 84 feet in length. We invite Berks county into the competition.

The attention of Tax Payers is directed to the notice of the County Treasurer in another column.

A devotee of Bacchus stepped out of a hotel at North Lebanon the other evening, and his perspective faculties not being particularly distinct, tumbled unawares into the canal. After paddling around for about half an hour, he succeeded in getting out and obtaining admittance into the house. Shaking his hat by the stove, he exciaimed: "say (hic) mister, this is a pretty good sized tavern, but it has got a l-e-e-t-l-e larger cistern than is necessary.

Review of the 6th Army Corps.—
The Sixth army corps was reviewed at Washington, last Thursday, the 8th inst., by the President. A stand for the President, the Cabinet, foreign legations, and general officers, was erected on the pavement in front of the Executive Mansion, and also one on the opposite side of the street for the accommodation of members of Congress and military and naval officers, and directive east of it, another for of Congress and military and naval offi-cers, and directly east of it, another for the occupation of sick and disabled soldiers. The stands were all tastefully decorated.

The Sixth army corps has participated in all the battles of the Army of the Pos tomac from its organization.

Major-General Meade, commanding the Army of the Potomac, accompanied by his staff and Generals Slocum, Humphreys, Hunt and Meigs, were among the most prominent officers at the reviewing stand. Secretary Seward witnessed the Passage of the finely-drilled and war-worn roops from the State Department window. The head of the column reached the Treasury Department about ten o'clock, Major General H. G. Wright and staff in advance, followed by his escort. The General's horse was decorated with a beautiful wreath, and his saddle covered with flowers. Major General Cartlett rode with the staff which was followed by the corps flags and escort.-The troops comprising the sixth corps are from New Jersey, Connecticut, New York, Pennsylvania, Rhode Island, Mas-Sachusetts, Wisconsin, Vermont, Maine,

Ohio and Marmand. The troops, as they passed, were enof spectators, among whom were woundveterans, leaning upon their crutches. The veterans of the corps wore green igs in their caps, while the officers cared wreaths of flowers. The old torn faded battle-flags were proudly borne the long line. A detachment of New

ork engineers brought up the rear. The spectacle presented was as imposand interesting as the previous rews, though not so extensive as to

The 93d Regiment is in the 6th Corps, participated in the review.

Pensions.—The following are TENSIONS.—The following are the rates of pensions paid by the govern ment: Lieutenant Colonel and officers of higher rank, \$30 per month; Major \$25 per month; Captain \$20 per month; First Lieutenant, \$17; Second Lieutenant, \$15 per month; all enlisted men, \$8 per month. Only one full pension will be allowed to the relatives of a deceased soldier, and that in order of precedence.

Attention is directed to the Dental Card of Dr. S. H. Guilford, in another column. He has taken the rooms of Dr. George Clark, dec'd. The Dr. is a grad uate of the Pennsylvania College of Den-

tal Surgery. The Committee of Arrangements for celebrating the coming 4th of July, at an adjourned meeting last week, reported the following programme:-1st. That we celebrate in Pic-Nic style; that is each

amily supplying its own provisions. 2d. That each Sabbath School in the borough of Leba non be invited to unite with the citizens generally in elebrating the day.

3d. That there be a display of Fireworks in the ove 4th. That there be an oration delivered on the occa-

5th. That Instrumental and Vocal Music be securedvocal music to be supplied by the Sabbath Schools. 6th. That one Chief Marshal be appointed by the committee, and an assistant by each Sabbath School represented, and as many others by the Chief Marshal as may be required to assist.

The report was unanimously accepted. It was stated

that several of the Sabbath Schools have already deter mined to participate in the celebration. A motion was made and unanimously carried, reques ing the Borough Council to appropriate one hundred dollars towards defraying the expenses of the celebra

DR. TOBIAS' VENETIAN HORSE LINIMENT

TAUTON, MASS., May 14th, 1860.

Dr. Tobias: Dear Sir—During 35 years that I have been in the livery business, I have used and sold a great quantity of various liniments, oil, &c. Some two years since, hearing of so many wonderful cures having been made by your Venctian Liniment, I tested its merits, and it has given the best satisfaction of anything I ever used. I never sold anything that gives, such universal satisfaction among horsemen. It is destined to supersede all others.

Yours, truly, &c., SAMUEL WILDE.

CAUTION FROM THE AMERICAN WATCH CO.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worth essness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invaribly be known. We manufacture four styles of Watches.

The First has the name "AMERICAN WATCH CO., Waltham, Mass.'; enraved on the inside plate.

The SECOND has the name "APPLETON, TRACY & Co., Waltham , Mass.,,' en raved on the inside plate. The THIRD has the name

"P. S. BARTLETT, Waltham. Mass.," engraved on he inside plate.

All the above styles have the name American Watch
o painted on the dial, and are warranted in every

respect.
The Fourth has the name
"WM. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.
All the above described watches are made of various
sizes and are sold in gold or silver cases, as may be
required.

All the above described watches are made of various sizes and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names some nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., of Boston Mass."—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the "P. S. Bartley." instead of our P. S. Bartlett." besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also contion the public, and particularly soldiers, against buying certain artiles called watches, so freely advertised in illustrated papers as "Army Watches," "Officers' Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them from gross imposition.

O wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperated diseases of the lungs by its use. When one

who have been restored from slarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorate is too apparent to essape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upout the community have falled and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten. We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

It may be relied on to do for their reliet all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. North Lebanon Township U. S. 7-30 LOAN Third Series,

\$230 000,000. BY authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three tenths per cent. interest per annum, known as

7-30 Loan. These notes are issued under date of July 15, 1865, and are payable three years from that date in curren-

cy, or are convertible at the option of the holder into U. S. 5-20 Six per cent. Gold Bearing Bonds. These Bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds from

State, County, and Municipal taxation, which adds from one to three per cent. per annum to their value, according to the rate levied upon ether property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker. The interest at 7-20 per cent amounts One Cent per day on each \$ 50 note.

Two cents " "
Ton " " 500 " Twenty " 1,000 " One Dollar " " 5,000 " Notes of all the denominations named will be prompt y furnished upon receipt of subscriptions. The Notes of this Third Series are precisely similar

in form and privileges to the, Seven Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent., in stead of 7-3-10ths in currency up to July 15th. at the time when they subscribe. The delivery of the notes of this third series of the Seven thirties will commence on the 1st of June, and

will be made promptly and continuously after that EThe slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would be reduce and equalize prices that purchasers made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

The only Loan in Market Now offered by the Government, and its superior ad-

vantages make it the GREAT POPULAR LOAN OF THE PEOPLE. Less than \$230,000.000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within two months when the notes will undoubtedly command a premium as has uniformly been the case on closing the subscriptions to other Loans.

scriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are responsible for the delivery of the notes for which they receive orders.

SCOURED by ten different patents in the United States, and fully licensed under the patents of Howe, Bachelder, Wheeler & Wilson, Grover & Baker, and Singer & Co., these being the only chenp machines of any kind which are thus licensed, and all other cheap machines, if sold for less than forty dollars each, are infringements, and sollers and buyers make themselves liable to prosecution. The words "Shaw & Clark, Biddeford, Maine," are cast into the iron work of each machine, and it has also a round silver plated patent plate on it with the manufacturers' names.—
These machines are a perfect marvel of simplicity and mechanical ingenuity, being rimost entirely unlike all others, both in design and principle. They make the celebrated clastic lock stitch, now acknowledged to be the best for all family purposes. The length of the stitch can be changed while the machine is running; they are not injured by being run backwards; they are not injured by being run backwards; they use throad, linen or silk, directly from the original spools without unwinding or oiling; they work with equal facility on the finest Swiss muslin, or through several thicknesses of woolen cloth. No part of them requires removal to be oiled.
