the relies of Consumptive Patients in advanced stages of the disease.

O wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other expectorate is to apparent to essage observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangarous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can only assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their inames to certify the unparalleled usefulness of our remedies, but space here will not permit the insertim of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptious of the complaints they cure,

It is hardly possible for us to accurately describe the numeroes imitations to which we have alluded. They are usually inscribed with names some nearly approaching our own as to escape the observation of the unaccustomed buyer. Some are represented as made by the "Union Watch Co., of Boston Mass."—no such company existing. Some are named the "Soldier's Watch." to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.." others the "P. S. Bartfey," instead of our P. S. Bartfett: besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain artiles called watches, so freely advertised in illustrated papers as "Army Watches," "Officers' Watches," "Magic Time Observers," "Arcana Watches," &c., the prices of which are stated to be from seven to sixteen dollars. Manhood: HOW LOST, HOW RESTORED.

HOW LOST, HOW RESTORED.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure, (without medicine) of Spermatorhoca, or seminal Weakmess, Involuntary Seminal Lossos, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc; Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

AP Price, in a sealed envelope, only 6 cents. The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.
