HENTY R. COSTAR.

Principal Depot, 482 Broadway, N. Y.

Sold by Dr. GEORGE ROSS, and all Druggists and Dealers at Lebanon, Pa. of Jewelry and similar productions.

THE PLAN IS SIMPLE!

The name of each article offered for sale—as "Gold Unnting Watch," "Gold Uval-Band Bracelet." "Pearl Breastpin and Bar Drops," "Gold Enamelled Ring," Silver Plated Cake Basket," &c., is written on a card and enclosed in a sealed envelope; these envelopes are then placed in a drawer and well mixed; then as an order is received, with twenty five cents for return postage and other charges, one of the cards or certificates is taken at random and sent by first mail to customer, who will see at once what he can get for one dollar. If he is pleased with his fertune he can forward the money according to directions on the certificate and secure the prize. If the article awarded should be unsuited to the purchasar—as for example, a set of Pearl Ear-Drops and Breastpin to a young man who could not wear them, and had no one to give them to—we will send any other article on the catalogue of equal price which may be preferred. Or if, for any reason, you choose to venture, no further, then you can let the matter drop where it is and spend no more. Examine carefully our Catalogue?

INCREASE OF RATS.—The Furmers' Gazette (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651, 050 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

1865.

RATS versus BIRDS.—Whoever engages in shooting small birds is acruel man; whoever aids in exterminating rats is a benefactor. We should like some of officorrespondents to give us the benefit of their experience in driving out these pests. We need something besides dogs, cats, and traps for this business.—Scientific American, N. T.

"COSTAR'S" RAT Exterminator is simple, safe, and sure,—the most perfect Rar-ification meeting we have ever attended. Every rat that can get it, properly prepared according to directions, will eat it, and every one that eats it will die, generally at some place as far possible from where the medicine was taken.—Lake Shore, Mich. Mirror.

1865. A VOICE FROM THE FAR WEST.—Speaking of "Costar's" Rat, Roach, &c., Exterminator—more grain and provisions are destroyed annually in Grant County by verm in than would pay for tons of this Rat and Insect Killer.—Lancaster, Wis., Herald.

FARMERS AND HOUSEKEPERS—should recollect that hundreds of dollars' worth of Grain, Provisions, &c., are annually destroyed by Ruts, Mice, Auts, and other insects and vermin—all of which can be prevented by a few dollars' worth of "Oostar's" Rut, Roach, &c., Exterminator, bought and used freely.
