LEBANON, PA.

WEDNESDAY, AUGUST 16, 1865.

Home Affairs.

We have received from Hon. Myer Strouse a number of copies of the report of the commission on the cultivation of flax and hemp as a substitute for cotton, which we shall be pleased to distribute to those desiring the same.

The *"Libanon Democrat,"* of this place, has changed its name to *"The Pennsylvanian,"* and been also somewhat enlarged.

The Union Brass Band of Lebanon has been revived we learn under very favorable auspices. Several excellent musicians have connected themselves with it; and in a very short time the Band will be able to discourse very sweet music.—We wish it success.

Miss Emma Richards, residing temporarily in Reading, a daughter of John Richards, of Birdsboro, while in company with some of her friends, on last Thursday evening, ate fourteen plates of Ice Cream, complained of feeling ill on Friday morning, and died on Friday afternoon.—*Reading Gazette.*

Mary Shaw, a child 8 months old was accidentally hung on the 3d inst., at Llewellyn, Schuylkill county, in consequence of her night clothing catching on one of the bed-pegs and gathering about ner neck When discovered by her mother, she was dead.

We have been requested by a returned soldier, to put the question to Abolition editors, whether they still entertain the opinion that negro soldiers are better than white soldiers.

In another column will be found a representation of the Weimer Engines for running Printing Presses. It is also admirably calculated for all other purposes where a small power only is required. The cut was photographed from the engine in our office, is of three horse power, and possesses all the requisites necessary for the purposes designed—Particulars and circulars will be furnished upon application to the agent.

At the Soldiers' pic-nic last week, near Annville, a carriage was upset over an embankment, and a young man, son of Mr. Samuel Erb, of Corn wall, had his leg badly broken above the ankle.

The people of the Shenandoah Valley are in a very suffering and destitute condition. We are pleased to see that steps are being taken throughout the North for their relief. Everything is either destroyed or carried off for them, so that they are not even enabled to commence life anew without assistance.—Their homes, horses, farming implements, everything in fact, are in most cases gone. Contributions will be thankfully received and properly distributed by the Maryland Union Commission, 89 and 91 West Baltimore street, Baltimore.

THE TOMATO.—An eminent physician ascribes the following important medical qualities to this delicious fruit:

1. That the tomato is one of the most powerful aperients of the liver and other organs; where calomel is indicated, it is one of the most effective and the least harmful medical agents known to the profession.

2 That a chemical extract will be obtained from it that will supersede the use of calomel in the cure of disease.

2. That he has successfully treated diarrhœa with this article alone.

4. That when used as an article of diet, it is almost sovereign for dyspepsia and indigestion.

5. That it should be constantly used for daily food. Either cooked or raw, or in the form of catsup, it is the most healthy article now in use.

The Commissioners of Montgomery county, and we believe of some other counties of the State, have directed the assessors of the various districts to ascertain the amount of stock held by individuals in any National Bank, and assess the same as other personal property.—The Comptroller of the Currency, in a late written opinion, however, declares that where the whole capital of such Bank is invested in U. S. securities, the stock is not taxable for state or county purposes.

We understand that Lebanon is to be represented in the great firemen's parade to be held in Philadelphia on the 7th of October. The Perseverance Engine & Hose Co. of this borough has accepted an invitation to participate in the parade, and arrangements have been made for a grand reception of the Company on its arrival in Philadelphia. All those desirous to accompany the Company to the city are requested to report to either of the Committee, Washington Grenello, J. W. Harbeson, or J. B. Penn.

NEVER before have so many horses been stolen as at the present time.—The neighboring counties of Berks and Lancaster are suffering particularly in this respect just now. We again caution our farmers to guard their stables well, as there is no telling what night the thief may pay them a visit.

On Saturday evening Mr. Jos. H. Uhler of this borough, put his horses, as usual, in a lot in the southern part of this borough. The following morning he went to bring his horses home when he perceived that one of them was lame and in great pain, and on close examination it was found that one of the poor animal's legs was broken above the joint. How it happened is a *mystery*, but it is believed, that during the night, some brute, in human shape, took the horse out of the field, and so much tortured him that caused the injury above stated. Hanging would be too good for the scoundrel who would thus maltreat a helpless beast.—On Monday the horse was relieved from his pains, by having him shot

We learn that Mr. Joseph Benson has sold the Wm. Penn Hotel property in this Borough, to Mr Samuel Kurtz, of Shafferstown, for $10,000.

The United Brethren in Christ will hold a Campmeeting in Bellview, commencing on Monday, the 21st day of August. Hucksters will not be allowed on the ground without permission.

No House-Keeper should be without a bottle of Spear's Patent Fruit Preserving Solution. For sale at LEMBERGER'S Drug Store.

New York Store.—TOWLE and CARLISLE, Kendall's Building, Cumberland street, Lebanon, Pa., are closing out their entire Stock of Dry Goods, Groceries, &c., at cost.

We respectfully invite a call, which will satisfy all that the above statement is true in every particular.

☞ Their Store-room is for rent. 1t.

Mr. Jacob Funck has bought the hotel property of Mr. Conrad Borgner, in North Lebanon Borough, for $6,090.

Spear's Patent Fruit Preserving Solution for sale at LEMBERGER'S Drug Store.

Who can beat it?—Mr. John Hutchison, a crippled soldier of Jonestown, has grown a Tomato weighing 1¼ lbs. It is not often that a finer is seen.

The National Teachers' Association will meet in the House of Representatives, at Harrisburg, on Wednesday of this week. Gov. Curtin will deliver an address of welcome on Wednesday, at 10 o'clock. On Thursday there will be an excursion to Gettysburg, when Gen. Howard will address the members. On Friday evening the Hon. Thaddeus Stevens will speak. Addresses will also be delivered at different times by a number of the School Superintendents of the different States.

The Barn of Mr. Frederick Buckwalter, who resides at Silver Hill, near Bowmansville, Lancaster county, near the Berks county line, was destroyed by fire on Monday night, 31st ult. Some two years ago, Mr. B. lost a barn in the same manner, when a Mrs. Kohl was arrested on the charge of being the incendiary, and tried, but acquitted. On the last occasion, as the flames burst out, a man was seen running across the fields, who was pursued and captured. He proved to be a resident of the neighborhood. He confessed to having set the barn on fire the first time and also this time. It appears he had a spite against Mr. Buckwalter, for buying the land, and in this manner sought to annoy him.—He was sent to the Lancaster County Prison.

No House-Keeper should be without a bottle of Spear's Patent Fruit Preserving Solution For sale at LEMBERGER'S Drug Store.

Depredations upon corn fields and potato patches around this place are said to be of nightly occurrance. In most cases if the thieves were to go to the owners of the corn and potatoes, they could obtain them without stealing, thus avoiding annoyance to the owners and trouble and disgrace to themselves.

Messrs. Carlisle & Gruber, of this place have leased the Lauber farm in North Lebanon township, for the purpose of developing its mineral resources. The indications are that iron ore, copper and slate abound in large deposits.

Unclaimed Bounties. It is said that the mustering officer in this city, in settling up his accounts a few days ago, transferred to Major John P. Brua, a paymaster in the regular army, about one hundred thousand dollars, which had been paid by sub-districts as local bounty to persons who were sworn into the service of the United States at Harrisburg, and credited to different parts of this State, but had not been claimed by those entitled to receive it. This money will be paid over to the persons to whom it belongs, whenever the proper vouchers are presented. A number of persons from this county were mustered into the army at Harrisburg, and if any of these have not yet received their local bounties, they can ascertain, full particulars in regard to the matter by application to Maj. Brua, at Carlisle barracks.—*Harrisburg Patriot & Union.*

Barn Destroyed by Fire.—On Sunday night, the 6th inst., the barn of Mr. Christian Bomberger, near Rothsville, Warwick township, Lancaster county, was destroyed by fire. It was filled with hay and grain. A Threshing Machine and Reaper and nearly all the farming implements were likewise destroyed. The farm is occupied by Mr. Rufus Mohler. The farming implements were all new. The loss is heavy, and there was no insurance. The fire is supposed to have been an incendiary's work.

FIRE AT WOMELSDORF.—On Thursday morning, about 8 o'clock, a fire broke out in the sheds in rear of the Seltzer House, kept by Mr. Levi Oberly, at Womelsdorf, and destroyed the sheds and stable, together with the adjoining barn and storehouse, belonging to Mr. Michael Seltzer. Being frame buildings, their contents—consisting of hay, grain, straw in the stables, and a quantity of salt, nails, &c., in the store house—belonging to Messrs. Filbert & Brother, Merchants, were also consumed. The total loss is estimated at between $5,000 and $6,000. Mr. Seltzer is insured for $2,000, and Mr. Oberly for 1,900, in the Sinking Spring Mutual Company.

Fire.—The Union Canal Company's Shop, on the banks of the Canal, in North Lebanon, was destroyed by fire on Monday evening, shortly before 9 o'clock. Tools, storage, &c., to a considerable amount, were also destroyed. The building was a frame, and the loss must be near $1000 The fire is supposed to have been the work of an incendiary, as there was no work done in the shop on Monday.

A new Cider Press will be found advertised in another column. Agents who would like to circulate a useful invention would do well to read this advertisement and send for a circular—Farmers who have orchards should not neglect to make a note of the above.

ALTERED BANK NOTE.—The editor of the Doylestown *Democrat* has been shown a $20 note altered from a $1, on the Bank of Montgomery County, dated January 2, 1865. The word 'one' on the margin is blotted out with a pen and the words 'one dollar' in the form of a half circle are extracted either by scraping or chemical process, and the words "twenty dollars" printed in the same place. This part is well done, but the figure $20 on the upper corner of each end is poorly executed. It is well calculated to deceive those not accustomed to handling much money, as the plate is a new one. Look out for it.

REV. MR. GRAVES of Womelsdorf, delivered a short address before the "Normal Class," on Friday afternoon.—His subject was "The Art of Teaching," and mingling as it did spicy anecdote with wise admonition, it was highly appreciated.

The Philadelphia Flour Market is less active but holders are firm in their views with a few small sales to note, mostly to supply the trade at $6 75@7 50 for superfine; $7 75@8 40 for extras; $8 75@9 75 for extra family; $10@11 for fancy brands, as to quality. The receipts are light but there is little or no demand for export. Rye flour and corn meal are quiet, with small sales of the former at $6 per bbl.

GRAIN—Their is not much wheat offering and the millers are holding off for lower prices; sales of 6,000 bus, part at $2 05@2 07 for new southern; $2 05@2 10 for old western and Pennsylvania reds, and part on terms kept private. No choice here. White ranges at $2,20@2 30.

Rye is scarce and selling in a small way at $1 12@1 15. Corn comes in slowly; 2,000 bus sold at 97@98c for mixed and yellow. Oats are more active; about 7500 bus new southern sold at 52c flout; old oats are scarce, selling at 72c. Barley and malt remain quiet.

PHILADELPHIA CATTLE MARKET.—The offerings of Beef Cattle reached about 1350 head, and prices ranging at from 11@13c for common, 14@15c for extra, and 15@16½ for prime. The Cattle offered for sale represented Penna., Ohio and Illinois.

Cows—About 110 were disposed of at from $25 to $55 for Springers, and $35 to $75 for cow and calf.

Hogs—Some 1900 head were sold at from $15 @16 50 per 100 lbs net.

SHEEP—About 10,000 head sold at 6 and 6¼c per lb, gross. Lambs sold at from $4 to $5 50 each, as to condition.

The Mason & Hamlin Cabinet Organs—No one who hears these instruments will be *surprised at the very strong* favor with which they are regarded by our leading organists. Their quality of tone is admirable, round, sonorous, pure and sympathetic; while they have abundant volume of tone for any private house, and quite sufficient for smaller churches and for such halls as are usually occupied by Sunday schools. With all this, their capacity for expression is wonderful, exceeding in some respects even that of the largest and most costly church organs. This is mainly effected by the introduction of a *swell*, operated upon an entirely new principle, which gives the performer very efficient control of the tones he produces.—The moderate prices at which they are sold, and the little space they occupy, are important practical advantages in these instruments.—*N. Y. Commercial Advertiser.*

SOMETHING NEW.—We call the attention to the advertisement of the Duplex Elliptic or double Spring Skirt. Though a recent invention, it has become very popular, and is rapidly obtaining the preference over other kinds in use. The rods in it are composed each of two delicate and well-tempered steel springs, which are ingeniously braided together edge to edge, the lower rods heavier, and have a double covering. This peculiarity of construction makes this skirt very strong and durable, and also so exceedingly flexible that it readily adapts itself to the form of the wearer, and allows of any amount of doubling and crushing without injury to its shape. These skirts are unquestionably the lightest, most desirable, comfortable and economical ever made. There are advantages which ladies, who have experienced the discomfort and inconvenience of single springs, will duly appreciate.

Levi Meily, Esq., is the Agent for Lebanon county for a very fine steel engraving of "Christ Blessing Little Children," and is now out canvassing. The engraving is a very fine one, and desirable in every family.

The Democratic county convention was held at Reading, on Wednesday. Hon. Heister Clymer is recommended for Governor in 1866.

Housekeepers look to your interest. Preserve your fruits with *Spear's Fruit Preserving Solution*, and save the expense of Sugar and Sealing Jars. It is warranted to prevent decomposition, or fermentation in all kinds of Fruit and Vegetables, keeping them in a perfectly *fresh and wholesome* condition for years. It contains nothing that is injurious to health, or objectionable in articles of diet. Fruit preserved by it, requires neither Sugar or Sealing Jars; old fashioned glass or earthen jars, or even barrels can be used.

Is Your Liver out of Order?

It is a difficult thing to keep the liver in good order in this changeable climate. It is sometimes too active, and sometimes too indolent.—In either case a disordered system is sure to be the consequence. Your liver must act with regularity if you enjoy health; and to restore that regularity of action when lost, there is nothing so effective as Radway's Regulating Pills. A disordered liver leads to quite a number of serious disorders. The jaundice, the rheumatism, the fever and ague, and many other billious afflictions all accompany such a condition of things. Resort immediately to the use of Radway's Regulating Pills. They never fail to remove the cause of all such trouble. They are compounded of the rarest mendicaments known to pharmacy, the very essence of which, and not their consersubstances, are employed by Dr. Radway.—Hence, his Regulating Pills have a peculiarly subtle power in thoroughly searching out disease, and expelling it from the sphere of every embarrassed organ. They do not distress the delicate coats of the stomach, occasioning gripes, pains, tenesmus, and so on, by their irritating operation, as too many other pills do. They purge gently, regularly, and without straining. They leave no weakness behind them. They are pleasant to take, and cost but 25 cents a box—a quantity which may last you for six months, and may be found useful in many "of the ills that flesh is heir to," besides liver complaints.—Your billiousness will vanish as soon as you take a dose or two. Your disordered liver will be restored to a proper sense of its duty. You will be a well man or woman. Sold by druggists. Also by Dr. Ross, Lebanon.

Cleanse the Blood.

WITH corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing.—But you cannot have good health while your blood is impure. Ayer's Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease.—Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or Kings' Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venerial Diseases, Liver Complaints, and Heart Diseases. Try Ayer's Sarsaparilla, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

Ayer's Cherry Pectoral is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues.—The world knows them.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by all the druggists in Lebanon and dealers in medicine everywhere.

A FEW REASONS WHY THE

AMERICAN WATCH IS THE BEST

It is made on the best principle, while the foreign watch is generally made on no principle at all. The foreign watch is mostly made by women and boys, by hand. While their labor is cheap, their work is dear at any price. Such watches are made without plan, and sold without guarantee. They are irregular in construction, and quite as irregular in movement. They are designed only to sell, and the buyer is the party most thoroughly sold. Those who have kept "ancres," "lepines" and "Swiss levers" in professed repair for a few years will appreciate the truth of our statement.

THE PLAN OF THE AMERICAN WATCH.

Instead of being made of several hundred little pieces, screwed together, the body of the American Watch is formed of SOLID PLATES. No jar interferes with the harmony of its working, and no sudden shock can throw its machinery out of gear. In riding or any business pursuit, it is all held together as firmly as a single piece of metal. It is just what all machinery should be—

1st. ACCURATE. 2d. SIMPLE. 3d. STRONG 4th. ECONOMICAL.

We not only secure CHEAPNESS by our system, but QUALITY. We do not pretend that our Watch can be bought for less money than the foreign *make-believes*, but that for its real value it is sold for one-half the price.

OUR SOLDIERS' WATCH (named Wm. Elery) is what its name indicates—Solid, Substantial, and always Reliable—warranted to stand any amount of Marching, Riding or Fighting.

OUR NEXT HIGHER QUALITY OF WATCH (named P. S. Bartlett) is similar in size and general appearance, but has more jewels, and a more elaborate finish.

OUR LADIES' WATCH, recently brought out, is put up in great variety of patterns, many of them of rare beauty and workmanship, is quiet small but warranted to *keep time.*

THE PROOF of the merits of our Watch may be found in the fact that we now employ over seven hundred workmen in our factories, and that we are still unable to supply the constantly increasing demand.

OUR THREE-QUARTER PLATE WATCH is thinner and lighter than the others we have described. Its fine chronometer balance is delicately adjusted to correct the variation caused by changes of temperature. These watches are the fruits of the latest experiments in chronometry, and are made by our best workmen, in a separate department of our factory. For the finest time keeping qualities they challenge competition with the best works of the most famous English and Swiss makers.

Died.

On the 9th inst., in this borough, MARY ELLEN, child of John H. and Catharine WITMEYER, aged 3 months and 17 days.

Death has claimed our little MARY,
Set his seal upon her brow,
And her cheeks that were like roses,
Are as pale as marble now.

We have closed her eyelids gently,
On the dim and glassy eyes,
For the soul that gave their brightness,
Now has fled beyond the skies.

Yes she's gone to dwell in Heaven,
Little MARY, loved and fair,
And we shall no more behold her,
Till we go to meet her there.

On the 9th inst., MARY, relict of Levi Lewis, aged 41 years and 6 months.

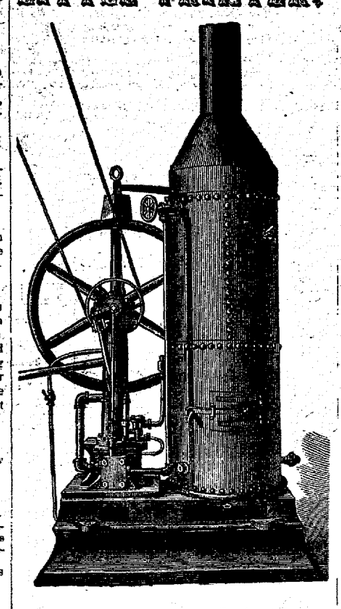
WEIMER'S LITTLE PRINTER.



These Engines are designed especially for Country Printing Offices. They are *simple, cheap*, and will not get out of order, and can be run by the youngest boy in the office after a few minutes instruction. With less than *one bushel of coal* steam can be raised and the engine run *five hours.* This engine is so constructed that it can be placed in the second or third floor of the office, and is more safe than an ordinary stove in regard to fire. References from parties using them are furnished.

Address,

WM. M. BRESLIN, Gen. Ag't,
Lebanon, Pa.,

Who is authorized to dispose of the Engines at the same price as they can be obtained from the manufacturers.

A MOST IMPORTANT DISCOVERY!

Interesting to Agents, Farmers, and Ladies.

WE are making a single machine which combines the best and cheapest portable Wine and Cider Press, the dryest Clothes Wringer, and the most powerful lifting Jack in the world. It is the only press adapted to making Apple Champaign, which is now regarded as one of the most important discoveries of the age. A good agent wanted in every county, to whom we will hold out such inducements as to insure $1000 before Christmas. The first one making application from any county shall have the exclusive agency. Full particulars, terms, etc., by Circular.

NEW SKIRT FOR 1865-6.

THE GREAT INVENTION OF THE AGE IN

HOOP SKIRTS.

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

THIS INVENTION consists of DUPLEX (or two) ELLIPTIC PURE REFINED STEEL SPRINGS, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic and durable Spring ever used. They seldom bend or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more than twice as long as any Single Spring Skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any Lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and Home Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress.

A Lady having enjoyed the Pleasure, Comfort and Great Convenience of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day will never after wards willingly dispense with their use. For children, Misses and Young Ladies they are superior to all others.

THE HOOPS are covered with 2 ply double twisted thread and will wear twice as long as the Single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also Double Steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use.

All are made of the new and elegant Corded Tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect Shape possible, and are unquestionably the lightest, most desirable, comfortable and economical Skirts ever made.

WEEKS' BRADLEY & CARY, PROPRIETORS of the Invention, and SOLE MANUFACTURERS, 97 CHAMBERS, and 79 and 81 READE STREETS, New York.

FOR SALE in all first class Stores in this city, and throughout the United States and Canada, Havana de Cuba, Mexico, South America, and the West Indies.

☞ INQUIRE FOR THE DUPLEX ELLIPTIC (OR DOUBLE) SPRING SKIRT.
