It is a difficult thing to keep the liver in good order in this changeable climate. It is sometimes too active, and sometimes too indolent.— In either case a disordered system is sure to be the consequence. Your liver must act with reg-ularity if you enjoy health; and to restore that regularity of action when lost, there is nothing so effective as Radway's Regulating Pills. A disordered liver leads to quite a number of serious disorders. The jaundice, the rheumatism, the fever and ague, and many other bilious affictions all accompany such a condition of things Resort immediately to the use of Radway's Regulating Pills. They never fail to remove the cause of all such trouble. They are compounded of the rarest mendicaments known to pharmacy, the very essence of which, and not their coarser substances, are employed by Dr. Radway.—Hence, his Regulating Pills have a peculiarly subtle power in thoroughly searching out discase, and expelling it from the sphere of every embarrassed organ. They do not distress the delicate coats of the stomach, occasioning gripes, pains, tenesmus, and so on, by their irritating operation, as too many other pills do. They purge gently, regularly, and without straining. They leave no weakness behind them. They are pleasant to take, and cost but 25 cents a box—a quantity which may last you for six months, and may be found useful in many "of the ills that flesh is heir to," besides liver complaints.—Your biliousness will vanish as soon as you take a dose or two. Your disordered liver will so effective as Radway's Regulating Pills. A Your biliousness will vanish as soon as you take a dose or two. Your disordered liver will be restored to a proper sense of its duty. You will be a well man or woman. Sold by druggists. Also by Dr. Ross, Lebanon. August 16, 1865 .- 2t.

Cleanse the Blood.

WITH corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing.—But you cannot have good health while your blood is impure. Aper's Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, vectoring the health and expelling disease.—Hence it capidly ourse a variety of complaints which are caused by impurity of the blood, such as Scorfolia, or Kings' Evil, Tamors, Electra, Sores, Exuptions, Pimples, Blotches, Boils, St. Anthony's Fire, koes or Eryapiselas, Tetter or Sait Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Yenerial Diseases, Liver Complaints, and Heart Diseases. Try Ayer's Sarsaparilia, and see for yourself the surprising activity with which it cleanses the blood and cares these disorders.

During late years the public have been misled by During late years the public have been misled by large bottles, prezending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little. if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extiscts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best atterative which we know how its such mest effectual purifier of the blood yet discovered, by any body.

Ayer's Cherry Pectoral is so universally known to surpass every other remedy for the cure of Congtas, Code, Induenza, Hoarseness, Croup, Bronchitts, Indipient Consumption, and for the relief of Consumptive Fatients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues.—

A FEW REASONS WHY THE AMERICAN WATCH

IS THE BEST It is made on the best principle, while the It is made on the best principle, while the foreign watch is generally made on no principle at all. The foreign watch is mostly made by women and boys, by hand. While their tabor is cheap, their work is dear at any price. Such watches at made without plan, and sold without guarantee. They are irregular in construction, and guite as irregular in movement. They are designed only to tell, and the buyer is the pasty most thoroughly sold. Those who have are designed only to sell, and the buyer is the panty most thoroughly sold. Those who have kept "ganres," "diepines" and "Swiss levers" in professed repair for a few years will appreciate the truth of our statement.

THE PLAN OF THE AMERICAN WATCH.

Instead of being made of saveral hundred little pieces, screwed together, the thody of the American Watch is formed of SOLID PLATES.
No iar interfares with the harmony of the saverage of the saverage watch the harmony of the saverage.

No jar interferes with the harmony of its marking, and no sudden shock can throw its machinery out of gear. In riding or any business pur-suit, it is all held together as firmly as a single piece of metal. It is just what all machinery should be—

should be—

1st. ACCURATE. 2d. SIMPLE. 3d. STRONG
4th. ECONOMICAL. 4th. ECONOMICAL.

We not only secure CHEAPNESS by our system, but QUALITY. We do not pretend that our Watch can be bought for less money than the foreign make-believes, but that for its real value it is sold for one-half the price.

OUR SOLDIERS' WATCH (named Wm. Ellery) is what its name indicates—Solid, Substantial and always. Estimbly represented to the standard of the solid always. tial, and always Reliable—warranted to stand any amount of Marching, Riding or Fighting. OURNEXTHIGHER QUALITY OF WATCH

(named P. S. Bartlett) is similar in size and general appearance, but has more jewels, and a nore elaborate finish.

OUR LADIES' WATCH, recently brought out, is put up in great variety of patterns, many of them of rare beauty and workmanship, is quiet small but warranted to keep time.

THE PROOF of the merits of our Watch may be found in the fact that we now employ over seven hundred workmen in our factories, and that we are still unable to supply the constantly increasing demand.

our three-quarter plate watch is thinner and lighter than the others we have described. Its fine chronometer balance is delicately adjusted to correct the variation caused by changes of temperature. These watches are the fruits of the latest experiments in chronometry, and are made by our best workmen. in a separate department of our factory. For the finest time-keeping qualities they challenge comparison with the best works of the most fa-

mous English and Swiss makers.

Unlike other popular remedies the composi-tion of B. Mishler's Herb Bitters is no secret, for

tion of B. Mishler's Herb Bitters is no secret, for the proprietor has ne hesitancy in making known their ingredients. They are composed of Elecampane, Burdock, Spikenard, Scapwort, Peruvian Bark, Buchu, Spicewood, Mullen, Slippery-Elm, Sassafras, Sarsaparilla, Gentian Root, Juniper, Spirits of Nitra, Balsam Copavia, Cubebs, Dandelion, Pare Spirits, and Barberry.

It is impossible for disease to withstand this formidable phalanx, and when once it is attacked by Mishler's Herb Bitters it is forced to leave the system. system.

The recipe for making these Bitters has been in existence and was used in Germany since the 16th century. It was brought into this country by an old German about 1825. Mr. John Mishler, father of the present proprietor, bought the recipe, which had been recommended to him as a sure cure in a certain disease, which previous to that time had been considered incurable by all medical works and physicians, and by its use saved many dollars for himself. About five years afterwards the recipe was used again its use saved many dollars for himself. About five years afterwards the recipe was used again for the same complaint by 'Squire Shimp, of Brecknock township, Lancaster county, Pa., and was again successful. Some four years ago Mr. B. Mishler made eleven gallons of these Bitters for Mr. Henry Schied, hostler of the Cross Keys Hotel, Lancaster. About nine gallons of it was was used, and the remaining two gallons Mr. Schied gave to several of his acquaintance who were affected with different diseases. To the surprise of all it cured a great many complaints, and this induced Mr. Mishler to commence its manufacture for the public at large. Since that time its progress has been upward and onward. It has cured every disease for which it is recommended, of which fact the proprietor has sufficient evidence in the 1200 certificates]he has received in the past five years. It was only yesterday that Captain Leonard, mayor of Altoons, terday that Captain Leonard, mayor of Altoona Pa., informed Mr. Mishler that he could get over 160 certificates in that town of cures effected by
