Annie Smith.

Ella Palsgrove,

lished a communication from a "Taxpayer," asking information in regard to the payment of the militia tax of fifty cents. We then stated that the law was repealed last winter, and that possibly there was some mistake in regard to collecting the tax. Upon further inquiry we find that the tax for 1878 was levied and assessed previous to the repeal of the law in April last, and therefore the Commissioners have authorized its collection, and the opinion of parties competent to know is that its payment must be made for 1873. Those interested will therefore save trouble and costs by meeting the demand without further questioning.

A young man espled them, and a desire to see how they would succeed overcame all gentlemanly impulses to assist them. Aft r considerable effort displayed by the trio, they accomplished their purpose, satisfactorily, we presume, and reached home in safety,

Were it not for the gentleman referred to, we would doubtless have remained in ignorance of the above incident. More anon. ΠARPOCHATES.
