close to the grindstone, and there her daughters had relentlessly held it, through all of the long years since that first tragedy.

Solomon believed in progression. He thought that the sciences might be better understood; that new discoveries were to be made; that the Atlantic would be crossed in a balloon; but Solomon's radicalism didn't include the coming woman. She was to be what she had been from the beginning. So he pool-poohed at his daughters' farming, not believing that any good thing should come out of Nazareth.

It was an up-hill road to those five dainty daughters of Solomon Brown. But in one thing they resembled their father. They were obstinate, and when they learned his prediction as to their future, they were quite determined not to fail.

They were up early and worked late. Their strawberries were a success. They gave employment to a number of girls in the village in gathering their small fruits, thus recognizing the true policy, that women must help each other. They kept one hired man, and under his instruction these young ladies learned to turn a ready hand to all kinds of farm labor.

Old Solomon Brown's "pool-poohs" grew less emphatic, and he began to speak with a sort of shamefaced pride of "our girls' place." Then, when the fame of these women's farming had traveled far, and people came from a distance to inspect personally their success, Solomon began to feel proud in saying, "Yes, sir, they are my girls."

"Your girls are all boys, then," said one, smiling, quoting Rip Van Winkle. "Just as good as boys," said Solomon Brown, blushing at the retraction of old sentiments. But theories must fall before convictions, and well filled wheat, fine potatoes, good corn, etc., were more convincing to Solomon of his daughters' worth than volumes favoring the "subjection of woman."

Solomon Brown's daughters still held Jacob Sloan's farm. Lucy, the youngest, is married to Frank Lawler, but instead of her going home to him, as is the manner of the world, he came home to her.

Under the homestead laws, a woman that isn't at the head of a family—that is, a widow—cannot pre-empt land. If this was not the case, I do believe that one of Solomon Brown's would go west and take up a piece of land. As it is, they are all going in the spring, and Solomon will enter a hundred and sixty acres in his own name, which in reality will belong to his daughters, as it will be purchased with the profits of their farming Jacob Sloan's land. — [Our Fireside Friend.]

HUMOROUS.

—Hash is said to be the connecting link between the animal and vegetable kingdoms.

—A certain man has a watch which he says has gained enough to pay for itself in six months.

—An Irishman, seeing a ship very heavily laden, and scarcely above the water's edge, exclaimed: "Upon my soul! if the river was but a little higher, the ship would go to the bottom!"

—An unstarved letter was deposited in an Indiana post-office last week, and underneath the address was the indorsement, "Let her slide, P. M., she's all hunk; inside air one of them post hole keepers."

—Medical students are warned not to ask a certain Western minister to preach for them. He has his text ready: "In his diseases Asa sought not to the Lord, but to the physicians. And Asa slept with his fathers."

—As a fashionable young lady, fresh from the boarding-school, came to her father's breakfast-table, instead of speaking English and saying, "Good morning," she spoke French, and said, "Bon jour." "Of course the boys' yours, if you say so," responded the practical old gentleman, as he handed her the ossified portion of a beefsteak. What a splendid omelet she must have had!

—A bashful young man in San Francisco recently called upon some lady friends, and after spending some time in conversation, rose to take his leave. He was bowing himself towards the door, the handle of which he seized, with his face still to the company, and in another moment was gone, and the door closed behind him. Then, to his horror, he discovered that in his confusion he had made for the wrong door, and had shut himself up in a china closet, while the uncontrollable laughter of the ladies by no means tended to restore his equanimity.

—"That's unjust," exclaimed a traveler when informed by the conductor of a railroad train, that the price of passage had been recently doubled. "True," replied the urbane official, as he took the passenger's cash; "it is hard, but then it is fare."

—"A horse! a horse! my kingdom for a horse!" cried a celebrated tragedian. "Wouldn't a jackass do as well?" inquired an affected young man rising in his seat. "Yes," triumphantly exclaimed the actor, "just step up this way, sir." The young man sat down.

—The maddest man in Weissport is Brown. He wound up his clock every night for fifteen years, and then discovered that it was an eight day time piece. He mused on the work he might have done in those wasted minutes, and his anger is dreadful.

—Passing by a marble yard the other day, we happened to hear a conversation between a friend, who is an artist on monumental marble, and a Teuton who had just buried his wife. "Mister, I want a doornstone for my wife's dead, and I want you to make him leeble angels on." "All right," responded the accommodating artist, and the price was arranged. "Well, now," said he, "what do you charge for one doornstone for me, as I die soon, too, and I may as well get him now?" The price was named, and the old man, turning to go, said, "Dat's all right—I give you dat—but mind, mister, I want my leeble angels mit trousers on."

THE MANHATTAN Spring BED and Combination MATTRESS.

P. J. KISTLER, POSTMASTER OF WEISSPORT, has been appointed Agent for Lehighton, Weissport and vicinity to give our citizens a chance to see and test the merits of the arrangement of springs. He is willing to put them on trial for any person for one week, and if they do not prove superior to the Woven Wire Mattress, Putnam, Yankee, Norfolk, Wright, Springfield, Howe, Tucker, Eureka, Monroe, Imperial, United States, Walker, Connecticut, Eagle, Salem or any of the one thousand and one Spring Beds that have been put upon the market, you are not asked to buy it. The above named beds have been discarded to make room for the improved. It has no hiding place for bugs, has no slats on top of the springs, but heavy duck canvas, hooking at the base of the spring, that may be taken off and the slats removed (for cleaning or otherwise,) by any body in five minutes and replaced at pleasure. The springs may be changed to other portions of the bed with very little trouble. The springs are warranted to keep place and last longer than any other in use. For instance it cannot be surpassed. He fits them to any bedstead or different weight of persons, the largest number under the heaviest part of the body, and with a light covering of hucks, cotton, straw bed, or hair mattress, they adapt themselves completely to the body. The ladies should call and see the arrangement of springs for the cradle, and not have to use feathers in warm weather. They are better than soothing syrup or cordials for the little ones. The springs are made from the very best cast steel from the celebrated Sheffield works of England. Come one and all and see them. These beds have been fully established in twelve different States. The Furniture men are especially invited to call and examine these beds. Beds put upon trial and no one asked to purchase until after a fair trial.

Dr. J. Walker's California Vinegar Bitters

are a purely Vegetable Preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the "great blood purifier" and life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is help to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diarrhetic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim WALKER'S BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Congestion of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Measles, Erysipelas, Scurvy, Neck, Gout, Scrophulous Inflammation, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c., &c. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Rallies, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itch, Scabies, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scabies, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no remedies, no antihelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and stagnating in the veins, clothing it when it is toxic, your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
