Death's Doings in a Year.

Among the dead of the year 1873 there is a long procession of royal personages, most of them, indeed, of the class which the English wit denominated monarchs retired from business, but a few who yet held the sceptre. Of the latter, King John L of Saxony, and Sidi Mahomed, Emperor of Morocco, were the most noteworthy; while of the former there were the ex-Emperor of France, Louis Napoleon; the ex-President of Venezuela, J. A. Paez; the Dowager Empress of Brazil, a grand-daughter of Josephine; the Dowager Empress of Austria and her sister, the Queen Dowager of Prussia, the ex-Queen of Wurtemburg; the ex-Duke of Brunswick, whose only aim to life was to hoard diamonds; the Duke de Rianzaier, formerly King Consort to the ex-Queen Christina of Spain; Prince Adalbert, Lord High Admiral of the German Marine; Prince Massino of Italy, and the Princess Bismarck who, though not of royal blood, was of right royal nature.

Of eminent statesmen the loss has been almost equally great. Abroad, Ratazzi, more than once Prime Minis ter of Italy; Olozaga, the Spanish statesmun; Odillon Barrot, the Freuch Liberal leader, and Regault de Gre-noully, one of Napoleon's Cabinet offi-cers: Milivoj Blasnavatz, the eminent Servian statesman; Count Alexander Manzoni, eminent alike in statesmanship and literature; Count Bernstoff, German diplomatist and statesman; Lieut. Gen. G. Govone, one of Victor Emanuel's late Ministers; Viscount Os-Sington, late Speaker of the House of Commons; Baron Westbury, late Lord Crancellor; Sir William Bovill, 'ord Chief Justice of the Court of Common Pleas, and Right Hon. Stephen Lushlegton, are among the most conspicuous names; while in our own country we mourn the loss of a great statesman in our late Chief Justice Salmon P. Chase, and of less conspicuous, but still emi-nent, legislators, diplomatists and statesmen in John Parker Hale, Richard Yates, James Dixon, Wm. Meredith, Thos. A. R. Nelson, Azariah C. Fiagg, James L. Oir, Peter D. Vroom, Wm. Whiting and D. M. Barringer. Some of these have been distinguished as jurists, notably Messrs. Chase, Nel-son, Vroom and Whiting; but aside from these the number of jurists is Beginning with Justice Samuel Nelson, whose loss we have so recently been called to mourn, we may add Thomas Breed Butler, Chief Justice of Supreme Court of Connecticut; Reu-ben Atwater Chapman, Chief Justice Court of Common Pleas in Massachusetts: Humphrey H. Leavitt, U. S. Dis-trict Judge of Onio; the venerable ex-Chief Judice Minot, of Massachusetts; Judges Peckham and Strong, of the Judges Peckham and Strong, of the New York Court of Appeals; Chief Justice Porter, of Illinois; ex-Chief Justice Savage, of Massachusetts; ex-Justice Vredenberg, of New Jersey; Chief Justice Bellows, of New Hamp-shire; and Chief Justice Verplauck, of Buffalo.

Of military and naval officers of high rank the number is also large. We have already named Prince Adalbert, Admiral Regault de Genouilly, and Lient. Gen. Govone, in other connecnections; to these we add. among foreigners, Admiral C. P. Yorke, Earl of Hardwicke; Lieut. Gen. C. Crauford Hay, Vice Admiral Sir Robert McClure, the Arctic navigator; Lieut. Gen. Nino Bixio, of the Italian army, and Gen. Count Segur, of the French army. Of our own countrymen, Gen. Canby, murdered by the Modocs; Rear Admiral John A. Winslow, the captor of the Alabama; Brig. Gen. David H Vinton, Maj. Gen. Richard Delafield, Brevet Maj. Gen. Carleton, whose gallant services on the plains are worthy of remembrance: Commodore J. P. Gilles, Rear Admiral J. B. Montgomery, Commodore J. A. Anlich, Commodore W. Smith, Maj. Gen. Chandier, Brevet Brig. Gen. Sidell, Commodore Glendy, Gen. Sidney Sherman, and Gens. Hardee and Edward Johnson, late of the Southern army.

We have, too, a list of a dozen former Governors of States of the Union who died during the year, the most conspicuous of whom were Gov. Geary, of Pennsylvania; Gov. Colby, of New Hampshire; Gov. Moore, of Alabama, and Gov. Sharkey, of Mississippi.

Death made sad havoc among the scientists. Pre-eminent among them, and, indeed, among the deaths of the year, is that of Prof. Agassiz. Abroad, Liebig, Chasseloup Loubat, J. J. Coste, G. Gauthier, St. Mare Girardin, Sir Henry Holland, Dr. William Jamieson, John Stuart Mill, Dr. Nelaton, Frieder-ch Von Raumer, Rev. Adam Sedgwick, Count de Verneuil, Prof. Czermak and Augustus de la Rive, were all men of distinction in the scientific world; while in our own country, Col. W. Fuster, Prof. John Torrey, Wan S. Sullivant, Matthew F. Maury, J. Henry Coffin, Thomas D. Baird, Joseph H. Abbott, Henry J. and Wm. W. Clark, Josiah C. Nott, Hugh L. Hodge, and Dixie Crosby, had a world wide reputation.

The journalists lost James Brooks, Wm. Cassidy, Joshna Leavitt, J. D. L. Zender, and a host of lesser lights; and the educators a long procession, of whom H. D. Peet, Sitas Totten, Saunders Talbot, W. H. McGuffey and T. D. Baird were the worthy leaders.

But to the church the saddest loss of the year is that of the Christian Ministers who, having fought the good fight here, have received their crowns. We miss their wise counsels, their cheering words, their earnest teachings, their songs of faith and triumph. The Church of England has lost Bishop Wilherforce, its most elequent preacher, and Sedgwick, its greatest scientist. The Scottish Episcopai Church. Ewing, Bistop of Argyli, a man of great learning; and the Free Church of Scotland, the peeriess Guthrie and the learnest Candlish; while two brethren beloved, Fronier of Geneva and Carrasco of hisdrid, went down in the Ville du diavre. In our own country, the Protestant Episcopai Church has lost three of its Bishops, all men of mark—the veterable McIlvaine, and Randall and Armritage—and scores of its clergy, among whom were theremes of Will.

A. Dod, S. R. Johnson, Silas Totten, and Peter Van Peit, all conspicuous for

and Peter van the their learning.

The African Methodist Episcopal Church has lost two of its Bishops, Rush and Quinn; and the Zion M. E. one, Wm. H. H. Bishop, while the United Brethren (German Methodist) mourn the loss of Bishop Mackwood. The Methodist Episcopal Church South has buried its first and long its ablest bishop—Bishop Early—and many of its ministers.

ministers.
Our Congregational churches have lost Rev. Dr. Badger, of the Home Missionary Society; Rev. Dr. Barstow, of Keene, N. H.; Rev. Dr. Jos. Allen, Rev. Dr. Hooker, Rev. Dr. John Todd, Rev. Dr. Storrs, sr., Rev. David Root, Rev. Dr. Sabin, Rev. Dr. Spaulding, the venerable missionary, and Rev. Dr. T. T. Waterman, who were all men of note.

In the Lutheran Church the venerable Dr. Schmucker, and Rev. Dr. Hutter, also a professor in a Lutheran theological seminary, are the most eminent of those who have passed away.

The various branches of the Presbyterian body have sustained heavy losses in the death of the venerable Dr. Spr.ng, Dr. Joel Parker, Dr. Haury L. Hitchcock, late President Western Reserve College; Dr M. J. Hickok, who, thrugh his last years were clouded by discusse, had been one of our most accomplished and successful pastors and writers; Dr. Joseph Harvey, one of the pioneers in the Foreign Missionary organization; Prof. Mctraffey, connect for his scholarship; and Drs. McLain, Painter, King, Campbell, J. P. Cleaveland, Ery-Eagleston; Father-Seward and Sprague, and the lamented Beebee and E. P. 'app, were each in his sphere men of great worth and usefulness.

The Presbyterian Church South laments the death of the learned and accomplished Dr. Thomas Sayth, of hatleston; Rev. Dr.J. S. Wilson, of Atlanta; Dr.S. J. P. Amerisan, of New Oricans; Dr. F. H. Boreman, of Memphis, a victim of yellow tever, who uted at his post; Prof. R. C. Santa, and Rev. Philip I terson, both of Georgia; Rev. D. H. Cummins, of Covingion, Tenn., and the youthful but devoted David Comfort.

The United Presbyterian Church has lost a valuable theologian and professor in Rev. Dr. Thos. Bevernige, Rev. Dr. Andrew Herrob, also formelly a professor of theology, and Mesers. Lorimer, McCahan and Sientz, all valuable and influential ministers. The Reformed Church (late Dutch) mourns the loss of the venerable and lenrared Chancenfor Ferris, and Rev. Dr Whitehead. The United Brethren (Moravisms) have lost Rev. Sylvester Wolle, of Bethrehem, their Superintemient of Missions, one the most efficient preachers and workers in that connection.

Death has reaped a smaller harvest among the numerous ministers of the Baptist churches binar in some of the date denominations, but among the cument names of their dead we find Rev. Dr. Samson Taibot, Pesident of Duncan University, Ohio, cai down in the prime of hie, kev. Dr. Afonzo Wheelock, a preacher of great power and eloquence; the venerable Rev. Georphippon sixty, one years in the ministry; kev. Liandel G. Nott, Rev. Dr. J. A. Bailey, and Revs. H. S. Card, H. cady, and C. U. Brown. These all died in faith, looking forward in hope to a blessed immortanty.—[N. Y. Observer.

#### MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "athousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repeiring damages and waste, scarching out morbid so retions, and leaving nothing for disease to feed when

disease to feed upon.

This is the secret of the wonderful success of this remedy incuring Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Bolls, Nervous Affections, Chills and Fevers, Humors, Losa of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life thio all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitter." Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and are the great blood purifier and are the great blood purifier and has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Billous Diseases.

The properties of Dr. Walkra's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritions, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorifle, Alterniva, and Anti-Billous.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bit-

ters according to directions, and re-

main long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so provalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarka-

out our entire country during the Summer and Autumn, and remarkably so during seasons of unusual Yeat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Effices, as they will speedily remove the dark-colored viscil matter with which the bowels are loaded, at the same time

stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with Vingara Bitters. No epidemic can take hold of a system thus fore-armed,

For Inflammatory and Chronic Rheumatism, Gout, Billous, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Villated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-Beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

Pin, Tape, and other Worms, farking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no authelminities will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of

or old, married or single, at the dawn of womanhood, or the turn of life, these Tonto Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vittated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions,

whenever you find its imparities barsting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
