On Tuesday of last week, while Mr. Andrew Scem, of the Sixth Ward, was up at the Lehigh Gap attending to some business, his horse, in driving along a rocky, open road, shied, and by a sudden plunge sideways threw him out of the vehicle, precipitating him over a rough and rocky embankment at least fifty feet in height, where he lay in an insensible condition for a long time. After recovering his senses Mr. Seem made his way to a house at some distance from the scene of the accident, where he was kindly cared for, and medical assistance being obtained, his wounds were properly attended to. He was tadly cut about the head and face, and considerably bruised about the body. The horse continued home to the residence of Mr. Seem's fatherin-law.-[Allentown Democrat.

Sudden Death. On Tuesday evening of last week, says the Catasauqua Dispatch, our community was startled by the announcement of the death of Mr. Solomon Biery, an old resident of this place, who died in his 66th year. The Blast of the Trumpet. After listening to a sermon from T. Dewitt Talmage, the Christian Intelligencer said: "Surely the great trumpet was blown that night with no unecrtain sound; and if any one who listened to its blast never heard Christ's Gospel before, they heard it then, with fullness and sweetness and power. The secret of the Tabernac.e preacher's success evidently lies in his natural endowments, his bold and faithful Gospel, and still more in his blood-earnestness." The sermons and articles of Mr. Tatmage are furnished now only to The Christian at Work, of which he has become editor. Mr. Spurgeon also writes regularly for it, and for no other journal in America. We suppose they stand ready to receive any number of lett rs from subscribers and agents. Sample copies free. Office 102 Chambers street, N. Y. See advertisement.

Miners in Council.

A dispatch from Wilkes-Barre, dated January 28th states that at a meeting of the delegates from the distric s in this mining region, to- 'ny, a proposition made by Superintendent Parrish on the 23d in-t. to the miners of slopes Nos. 11, 12, and 18 to go to work on last year's basis, was considered. These work are situated in Plymouth, and the miners having agreed not to resume work without the consent of the delegates from all the districts, brought the subject up to-day. It gave rise to considerable discussion, the Plymouth miners being in favor of accepting the proposition, but the delegates from some other districts were opposed to it.

Those opposed to it gave it as their belief that Mr. Charles Parrish would be able to supply the demand for some time by running these three slopes with the amount of coal now on hand, and that his object was to leave all the remaining works of the company idle until the miners were willing to go to work upon any terms.

With the understanding that if the starvation game should be attempted to be played a'l should quit work the following was adopted.

Rescived, That all districts having the basis of 1873 offered them for 1874 shall resume work.

Institute.

Lehighton Academy, Jan. 24 -- Institute was called to order at 1:30 P. M. by the President. The roll was called. and all the teachers responded to their names. Minutes of previous meeting were read and adopted.

PAIN-KILLER!

For Over Thirty Years Perry Davis' Vegetable Pain-Killer Has been tested in every variety of climate, and by almost every nation known to Americans.

It is the constant companion and estimable friend of the missionary and the traveler, on sea and land, and no one should travel on our Lakes or

Rivers without it It has been before the public over thirty years, and probably has a wider and better reputation than any other roprietary medicine of the presentday. quainted with the merits of the Pain-Killer, but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success, but are equally ignora it of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands to day, unrivalled by all the great catalogue of family medicines It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world and that its sale is constantly the world and that its sale is constantly increasing. No curative agent has had such wide spread sale or given such universal satisfactson. It is a purely vegetable compound, and perfectly safe

in unskillful bands. After thirty years trial, it is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. cians of the first respectability, recommended it as a most effectual preparanot only the best remedy ever known for Bruises, Cuts, Burns, &c., but for Dysentery or Cholera or any sort of bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of India, and other Lot climates, it has become the Standard Medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Astham, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine.
