Man Killed.
On Saturday evening, two men in search of employment, were walking on the Lehigh Valley Railroad a short distance below Redington. The men were deeply engaged in conversation, and did not notice that a train was approaching from behind. When the train was within a few feet of them,

one stopped to light a pipe, and while thus engaged the engine struck and killed him instantly. His partner was standing on one side, and escaped with a few injuries. —Morning Herald.

Faded, the Great Scotch Painter.

Pain-Killer.

1840. 1874.
Time Tests the Merits of all Things.

THIRTY YEARS is certainly long enough time to prove the efficacy of any medicine, and that the Pain-Killer is deserving of all its proprietors claim for it, is amply proved by the unparalleled popularity it has attained. It is a sure and effective remedy. It is sold in almost every country in the world, and it needs only to be known to be prized, and its reputation as a Medicine of Great Virtue, is fully and permanently established. It is the great Family Medicine of the age. Taken internally, it cures Dysentery, Cholera, Diarrhoea, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Liver Complaint, Dyspepsia, or Indigestion, Sudden Colds, Sore Throat and Coughs. Taken Externally, it cures Bruises, Boils, Felons, Cuts, Burns, Scalds, Old Sores and Sprains, Swellings of the Joints, Toothache, Pain in the Face, Neuralgia and Rheumatism, Chapped Hands, Frost Bitten Feet, &c.

Pain is supposed to be the lot of us poor mortals, as inevitable as death, and liable at any time to come upon us. Therefore, it is important that remedial agents should be at hand to be used on emergency, when we are made to feel the excruciating agony of pain, or the depressing influence of disease. Such a remedial exists in Perry Davis' "Pain-Killer," the name of which has extended over all the earth. Amid the eternal ices of the Polar regions, or beneath the torrid and burning suns of the tropics its virtues are known and appreciated. And by its suffering humanity has found relief from many of its ills. The effect of the Pain-Killer upon the patient, when taken internally in cases of Cough, Cold, Bowel Complaint, Cholera, Dysentery, and other affections of the system, has been truly wonderful and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in case of Burns, Bruises, Sores and Sprains, Cuts, Stings of Insects, &c., and other causes of suffering has secured for it the most prominent position among the medicines of the day. Beware of counterfeits and worthless imitations. Call for Perry Davis' Vegetable Pain-Killer, and take no other.

Sold by Druggists and Grocers.

After a few moments of social entertainment in the parlor, all parties were requested to enter the dining room, where they found
