He wants to go to the Legislature, and is one of those whom we think could not be spoiled by being brought into contact with the evil company usually found in our State Legislature. The people of Luzerne should at least give him a trial. We also had the pleasure of a short interview with the popular job printer, George Mauey, and our old friend and employer, Mr. J. S. Too much "Tangle-foot."

Newfoundland Dogs and King Charles Spaniels.

The Royal Academy Art Critique says: "Dogs, Landseer has painted, as dogs were never painted before; from the noble hound and Newfoundland dog to the scrubbier little terrier, or the sleekest of King Charles' spaniels, with the exactest appreciation of every shade of inward character and outward covering. Indeed, in his expression of animal character, Landseer has gone beyond the animal and linked it with some human sentiment. With The Christian at Work, T. DeWitt Talmage, editor, is furnished a magnificent chromo of Landseer's 'Twins,' one of his best paintings. Sample copies mailed free. Office, 102 Chambers street, N. Y."

Penna. Sunday School Convention.

Last week the 10th annual convention of the State Sabbath School Association, was held in Scranton. A large number of delegates from various parts of the State were present, as also distinguished Sunday school workers from a distance. Gen. Albright presided part of the time, and was re-elected president for the ensuing year.

The proceedings were of a very interesting character. The various denominations were represented. A spirit of Christian unity pervaded the entire assembly; the evening services especially drew large audiences. It was evident to every attentive observer that the Sabbath school cause is receiving great attention from the Christian people of the country, and is destined ere long to occupy an important place in the church everywhere.

One noticeable feature of this work is the increased interest that is being given to the study of the Bible. Possibly never before in this country was the Word of God so extensively perused as it is being done to-day. The nation as well as the church has much to hope from that institution which is becoming a Bible school for old and young alike. The day has passed when the church can afford to slight the great and important work to which she is being called in the Sunday school. The convention assembled Tuesday evening and adjourned Thursday, to meet next year at Lebanon. The delegates were hospitably entertained by the citizens of Scranton.
