

The Carbon Advocate.

H. V. MORTIMER, EDITOR.
LEHIGHTON, PA.
SATURDAY MORNING AUGUST 1, 1874.

Gen. Charles Albright is spoken of by several of the Pennsylvania Republican journals for the U. S. Senate.

At Washington on Thursday of last week Mr. Bristow, Secretary of the Treasury, opened the bids for the whole or any part of the remaining \$170,000,000 of the new five per cent. loan. The bids were opened in secret, but they are said to be for a large amount if not the whole of the loan, and the terms are favorable to the Government.

It is understood that the Philadelphia and Reading Coal and Iron Company has purchased all the Valley Forge Coal lands, which include a good portion of the most valuable tracts in the vicinity of Combola, Silver Creek and New Philadelphia. In this connection an exchange noted the other day that ten millions more had been borrowed by Mr. Gowen since in Europe this last time.

Under the new militia law, this portion of the state will be known as Third Division, comprising the counties of Luzerne, Carbon, Monroe, Pike, Wayne, Susquehanna, Wyoming, Columbia and Sullivan—making a much larger complement of men than the old Ninth Division—and will continue under command Major-General Osborne.

Philadelphia Letter.

PHILADELPHIA, July 25, 1874.
One of the greatest monopolies with which our city is cursed, is the STREET RAILROADS, which have so completely girdled our city that there is scarcely a street which is not obstructed by them. Originally constructed as a convenience for our citizens, they have, in many cases, passed into the control of a few individuals, who are reaping immense profits from them, and acting as if the public highways were solely for their use.

Although the right of way was given these companies free of charge, and they are to declare enormous dividends; the fare asked by them is higher than is charged by passenger railways in any of our large cities, and the poor workman and sewing girl, weary with their day's labor, are virtually debarred from their use, as the fare asked is entirely beyond their slender means.

Seven cents for a ride in a street car may seem a small matter to some of your readers, but it is quite an item to those who use the cars daily. The companies consider that every first-class house erected near their terminus, is worth to them from one to two hundred dollars per annum, they calculating that the occupants will spend that amount during the year in their cars, while most persons living any distance from their place of business look upon fifty dollars a year for car fare as one of their necessary expenses. Our citizens are taxed to build bridges, which these grasping corporations seize upon and use, without recompensing the city for the use of them, and now we have the disgraceful scene of a number of companies quarreling for the possession of the Girard Avenue bridge. The conductors and drivers are a hard-worked set of men—being on duty from sixteen to nineteen hours a day, and are allowed but a few minutes for meals. It is stated as a fact, that so much are these employees away from their homes, working every day in the week, that in many cases their young children do not know them.

The companies although reaping large profits from the thousands who flock to the park, do not contribute toward its adornment, as is the case in other cities, but are continually quarreling among themselves to gain possession of the streets which approach the park, and which have not yet been seized upon.

The Union Line declares a dividend of 41 per cent. per annum on its paid-in capital; the Chestnut and Walnut Street, 31 per cent.; the Green & Coates Street, 26 per cent.; and the other roads, from 20 to 30 per cent. per annum. The companies, although frequently jangling among themselves, are a unit in denying any concessions which the city or public may ask from them. Their power doubtless would have been broken long ago if their interests were not interlocked with the political faction which is ruling our city and State.

THE AMERICAN STEAMSHIP CO. has demonstrated the fact, that steamships can run from this port to England at a profit, and so great has been their success, that they contemplate adding two additional steamers to their line. The traveling public has been much benefitted by the fierce competition which the American Line has provoked. Steerage passengers can go from New York to Liverpool, if the New York papers can be believed, for the small sum of ten dollars, and hundreds of persons are taking advantage of this reduction to visit their friends in the old country.

The salvage suit of Capt. Cornelius L. Brady against the American Steamship Co. for bringing the Pennsylvania into port during the terrible storm which she encountered some months ago, has been decided in his favor, and he has been awarded \$4,000 for his services.

We have had a number of cases of SUICIDE and attempts at self-destruction here lately. The cause which led most of the parties, to attempt self-destruction, was poverty, although not a few were caused by mania produced by drinking. There is considerable suffering here, among those persons thrown out of employment by the dullness of the times, and many seek relief from this

world's trouble in death. A number of our large manufacturing are running on half time, and business is generally depressed, although the prospects are that we will have a busy Fall. One of the latest attempts at suicide was made by William Long, a sailor who was discharged from the United States steamer Ajax, and paid \$900, which was due him. This he squandered in a two weeks' debauch, and wound up his spree by jumping into the Schuylkill river. He eluded all attempts to rescue him, until he was thoroughly exhausted, when he was secured and properly cared for.

THE KIDNAPPED CHILD.
Charley Ross, has not yet been found, and his abductors are still at large. Our detective force is severely censured for not ascertaining his whereabouts, and our newspapers are expressing themselves freely in the matter. Christopher Wooster, who was arrested and committed to prison, on suspicion of having been concerned in the abduction, is now thought to be entirely innocent of the charge brought against him, and he has been released from prison. Mayor Stokely on Wednesday issued a proclamation, offering a reward of \$20,000 for the recovery of the child, and the arrest and conviction of his captors. Mayor Stokely was authorized to offer this reward by a number of our private citizens, who are raising a fund to recover the stolen child. It is to be hoped that the large reward offered will stimulate persons throughout the country to search for the child, and that he may be recovered at an early day.

Yours truly, Monoc.
Philadelphia Markets.
There was rather more demand for money to-day. Call loans rule at 4 to 5 per cent. Prime commercial paper ranges from 5 to 6 per cent. per annum. Trade generally has been more active during the past week, but prices of most of the leading articles are without material change.

The Flour market has been moderately active during the past week, and prices are rather firmer. Superfine, \$4 00 to 5 00; extras, \$5 to 6; Spring Wheat, extra family, \$6 75 to 8 00, and higher grades at \$8 87½ to 10 00.

Wheat continues dull and prices are lower. Common and choice red at \$1 25 to 1 35; amber at \$1 40 to 1 53; No. 1 spring at \$1 25; No. 2 spring at \$1 20, and white spring at \$1 30.

Corn is firmer. Sales 95,000 bushels southern and Pennsylvania yellow at 83 to 86c, and western mixed at the same figures.

Oats are unsettled. About 40,000 bushels sold at 72 to 75c for white, and 70 to 73c for mixed, closing at 72 to 73c for white, and 70 to 72c for mixed, and 70c for new Delaware.

Pittsburgh, July 27.—A destructive flood has occurred at this point.

All the flood gates of the heavens were opened last night, and vast volumes of water were discharged upon the city.

During the day heavy showers took place, but they proved to be only preparatory to the deluge which came down upon us between 8 and 9 o'clock in the evening.

The rain was accompanied with vivid lightning, and for over an hour the storm was fast and furious. The water came down in sheets, which fairly glistened as the flashes of lightning fell upon them in quick succession.

A fearful loss of life is reported from Allegheny, and a pecuniary loss beyond that caused by the late destructive conflagration. At the Union depot the tunnel of the Pan Handle Railway was flooded with some four feet of water, and, of course, became impassable for trains, and traffic for the time being on that road was suspended.

In the Thirty-sixth Ward were felt the most costly results of the deluge.

The tremendous body of water which swept down the hills into the Saw-mill run raised that stream with great rapidity, and sent it whirling with tremendous velocity and power to the river. A large quantity of barrels and lumber were carried away and fast piled up against the new iron bridge, which did not long resist the fury of assault. Below the bridge by which Carson-st. crosses the river, was swept from its abutments. So great was its force that a large number of barges, with coal, were torn from their fastenings and swept down the river.

For more than a mile out on Spring Garden Avenue, Allegheny City, marks destruction everywhere. Some houses are thrown together in heaps. Some twenty-five or thirty slaughter houses on the avenue were washed away. Many buildings not totally destroyed are seriously damaged. The water rose to the heights of 15 ft., flooded the first floors of all the houses, and in many places the second-stories. Several houses were swept into the middle of the streams, and others were carried hundred of yards and shattered to pieces. A house containing two or three families at the rear of Centre-st., was destroyed, and it is supposed all the inmates were drowned. In Temperanceville and Saw-mill run the elements made sad havoc. Fierce torrents swelled every little tributary of Saw-mill run into the boiling stream, and accumulating waters rushed with mad and irresistible fury down the alley, sweeping everything in their course.

The loss of life exceeds upwards of 200 men, women and children.

THE People of Lehigh and vicinity unite in testifying that at A. J. DURLING'S Drug and Family Medicine Store, PURE, FRESH and UNADULTERATED MEDICINES can always be found.

LOOK BEAUTIFUL—LOOK ROSY!—A Bottle of DURLING'S ROSE GLYCERINE for Roughness of the Skin, Chapped Hands, &c., only 25 cents a bottle. may 9.

JUST look at her Hair! Why I thought it was turning Grey? So it was, until she got a Bottle of that new Hair Restorer at Durling's Drug Store.

MOTHERS, Look at that Child, it has Worms. Go or send at once to DURLING'S Drug Store, and get a bottle of his WORM SYRUP, so pleasant and yet so sure. may 9.

A SPECIAL MEETING OF THE Stockholders of the Iron Loan and Building Association will be held at the Office of the Carbon Iron Co., on THURSDAY, August 6th, 1874, at 7 o'clock P. M., to pass such resolutions that will enable the Board of Directors to dispose of the Monthly Income—Dues, Interest, &c.—in the absence of voluntary purchasers, or an opportunity to invest the same with profit in real estate. The plan proposed by the Board of Directors is recommended to the consideration of the Stockholders, in the written application (By Laws, Art. IX., Sec. 3), calling for a special meeting, to overcome this difficulty with which the Association is now contending.

A full attendance is requested.
JACOB PETERS, President.
W. W. BOWMAN, Secretary.

NOTE.—Parties remitting their dues by check, should not fail to stamp them. Parryville, July 11, 1873-w3

Dissolution Notice.
Notice is hereby given, that the co-partnership heretofore existing between B. K. Hausman and F. S. Kuhns, doing business in the Borough of Lehigh under the firm name of Hausman & Kuhns, is this day (July 14th) dissolved by mutual consent. The business will be continued by F. S. Kuhns, to whom all persons indebted to the late firm will make payment and those having claims will present them for settlement.

B. K. HAUSMAN,
F. S. KUHN.

The undersigned respectfully informs his friends and the public that he is prepared to fill all orders for Bread, Cakes, Steam-made Ice Cream, &c., on short notice and at low rates. He respectfully asks a continuance of public patronage.
F. S. KUHN.
July 18, 1874-w3

Dissolution of Partnership
Notice is hereby given, that the co-partnership heretofore existing between James Fatzinger and Uriah Fatzinger, doing business under the firm name of J. Fatzinger & Son, was dissolved, by mutual consent, this 15th day of July, 1874. The business in Lehigh will hereafter be carried on by H. E. Fatzinger, and in Wellsport, by Uriah Fatzinger. Parties indebted to the late firm of J. Fatzinger & Son are requested to call at either store and settle at once, and those having claims to present them for settlement.

JAMES FATZINGER,
URIAH FATZINGER.
Lehigh, July 18, 1874-w3

Repairing neatly and expeditiously done. June 18-1f

MERCHANT TAILORING.

When in the course of wear and tear of every day life it becomes necessary to dissolve our connection with the suits that have done us so much services in keeping us warm and free from exposure, there is one place where we can find consolation and a friend indeed in our distress. Yea, a place where we can safely put our trust—where there is no need of fear that we shall be cheated, unsuited or unsatisfied—where the fabric is strong and the manufacture superb—where the prices are just and the style all that can be desired. There is a charm about an easy, glove-fitting, elastic suit, that is seen and observed by all men. "Where did you get that superb suit of clothes?" "Where did you secure such a splendid fitting garment?" is often asked. There are many tailors, and a number of them are undoubtedly fair samples of the genus homo and also a credit to the craft; but how generally tailors fall in the fitting of garments to the human form; how often a good piece of goods is spoiled in the fit; how sadly and dejectedly many a man wanders about the streets, feeling the shame the tailor has caused him, in allowing a poor job to go out of his shop, and he the wearer of it! Perhaps his lady love has even jilted him in consequence of his forlorn appearance.

—Dress makes the man;
The want of it the fellow!

Not that a man is less a man for wearing plain clothes, but when he is "dressed up" he should indeed be dressed not having his cloths hang like bags around him, and wrinkled and distorted in all sorts of shapes, but that he should be clad in fitting garments. Taste should be shown both in the colors and make-up of his suit. Many high priced goods are at such outlandish colors and styles that a man's character is judged by his foolishly selecting those odd goods. A man is known by the company he keeps, and if he insists upon fraternizing with ill-looking and ill-fitting clothes, he will not make his "mark," as a man of taste, that's positive. To be looked upon as possessing the requisite attainments of a tasty gentleman, he must select cloths of suitable colors for his clothing and have them made up in first-class style by Laury & Peters, (post office building), Lehigh, Pa., who have a splendid stock to select from, and where you will obtain that symmetry of fit so necessary to the adornment of the person. Call and examine the most beautiful assortment of cloths, cassimers and vestings, ever brought into Lehigh, and leave your measure with Laury & Peters.
March 14, 1874.

NOTICE TO TAXPAYERS.
The Duplicate for the BOROUGH TAX for 1874, having been placed in my hands for Collection, the Taxpayers of the Borough of Lehigh are hereby notified that said Tax must be Paid

Within 30 Days

from this date, or payment thereof will be enforced according to law.

LEHIGHTON, PA.,

THURSDAY, AUGUST 6th, 1874.

THE GREAT

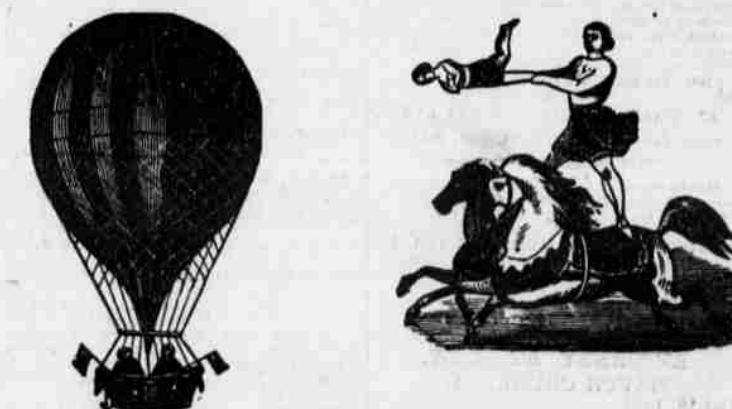

Chicago Menagerie

Hippodrome & Balloon Show.

Organized and Perfected on a Scale of Attractive Novelty hitherto Unprecedented in every respect, the Model Show of the Season. Large and varied display of Rare and Curious Living Wild Animals, Immense Aviary of gorgeously Plumed Tropical and Exotic Birds. Rare and strange Beasts from everywhere. All the Great Artists of the equestrian and gymnastic profession. The greatest Zoological and Equestrian display of the age under many Mammoth Tents. Forming in its Notoriety,

The most Complete and Comprehensive Entertainment ever Exhibited in America.

Particularly characterized for its rare specimens and for containing Animals and birds which can be seen in no other Exhibition. No Duplications in the Cages as in every other traveling Menagerie. Splendid Water Proof Pavilions. Cool in Hot Weather—Dry in Wet Weather. Room for Everybody. Ample time to see all the Animals, Birds, Reptiles, Living and Inanimate Curiosities before the Equestrian exercises commence. A Refined and Intellectual Entertainment.

The Great Chicago Show travels exclusively by its own conveyance, as its requirements being greater than any railroad or steamboat could give. Look out for the Pageant given daily in the Street, forming a Grand Free Scenic Panorama. The management wish to direct particular attention to the Grand Free Balloon Ascension which will positively take place, rain or shine, every day of exhibition, between the hours of ten and five o'clock. To the public who have been so frequently humbugged by unprincipled managers advertising Balloon Ascensions and disappointing the people, the management of the Great Chicago Show pledge their honor and faith that ascensions will be daily made in their Mammoth Air Ships by one or more of the Aeronauts connected with the Exhibition.

We also make the Special Announcement that an engagement has been perfected with Mr. Jimmy Reynolds, celebrated throughout Christendom as the very best Clown that ever stepped into the ring. Our patrons will have the rare opportunity of witnessing in Reynolds, the great desideratum, in circus entertainments, a clown of educated wit and brilliant in funny originality—Mr. Reynolds holds his audience in spell-bound delight from the moment he enters the ring, and is without doubt the most unusually popular comique that ever appeared before an American Audience.

Among the many specialties with the Great Chicago Show are 4 Baby Lions, born July 4th, 1874. These tiny pets are as playful as kittens and their dam the Royal African Lioness Empress is as proud of them as is any young mother of her first-born. We challenge the world to produce the equal in size and majesty of appearance, the Great African Lion, Duke. Those who have seen the lions exhibited in different Menageries of the day, cannot form the slightest idea of the immense magnitude and formidable appearance of this Savage Monster of the Jungle. "Duke" will beyond question, weigh more than three as much as any lion in captivity.

The great Hurdle rider Wm. La Rue, will positively ride at each exhibition. Mr. La Rue will also introduce his two illustrious and talented pupils in their statures and classical &c. grouping. The best in the world. La Belle Ardienne, assisted by the world renowned Athlete, Mr. George Mertz, will exemplify her daring skill and interplay on the double trapeze. The beautiful and accomplished Miss Anna Worland, will each day and evening ride her thrilling and exquisite principal act.

21 Acts in the Ring.

By the most Skilled and daring Artists of the Day.

DOORS OPEN AT 2 AND 7, P. M.

Admission, . . . 50 Cents.

Children under 9 years, 25 Cents.

C. WHITNEY, General Director.

ED. STETTLER, General Agent.

At Kresgeville, August 7th.
