

# The Carbon Advocate.

H. V. MORTIMER, EDITOR.  
LEHIGHTON, PA.  
SATURDAY MORNING AUGUST 8, 1874.

The Republicans of the Twelfth Congressional District held their convention at Wilkes-Barre on Tuesday, and nominated W. W. Ketcham. The present representative, Lazarus D. Shoemaker, who voted against but took back pay, and whose record on the inflation bill did not suit his constituents, only withdrew from the contest Monday.

The public debt statement shows a reduction during July of \$1,383,869. Coin in the Treasury, \$81,113,210; currency, \$16,912,293; coin certificates, \$33,469,000; special deposits of legal tender for the redemption of certificates of deposit, \$25,955,000; outstanding legal tenders, \$383,000,000. The total expenditures of the Government for the fiscal year ending June 30, 1874, were \$287,133,873.17.

There are five important State offices to be filled in Pennsylvania this year:—Lieutenant Governor, Secretary of Internal Affairs, Auditor General, and two Judges of the Supreme Court. The principal minority representation having been applied to the election of the Judges when two are to be elected at the same time, of course each party will elect one of them.

Each day's news from the far West brings reports of fresh Indian troubles. At Fort Totten, Dakota, the Indian agent complains of the presence of a large party of Cat Head Yankfonkies, who profess to desire to move their residence, but who really want to stay and do mischief. The agent asks for a company of cavalry, for protection against them. Near Fort Dodge, on the Canadian River, nine Indians were killed, and a number of white scalps were found in their possession. Near Fort Sill, a wood camp has been attacked, and the report is sent from there that Kiowas, Comanches, and Cheyennes are combining for an attack on the Fort. In Texas, near Jacksboro, about five hundred Indians attacked a body of the tenth United States Cavalry, with the slaughter of several on each side.

The flood in and around Pittsburg proves to be even more disastrous than was at first supposed. Pittsburg itself was not so badly damaged as it suburbs; but in Allegheny City, Wood's Run, Butcher's Run, and elsewhere, in an extent of territory from twenty to twenty-five miles in diameter, the damage is as great as in localities of the recent mill dam disasters in New England. The water-courses around Pittsburg are all mountain streams, and if suddenly increased, either by rain at Pittsburg or by floods from their head waters, have no recourse but to overflow their precipitous banks. Along most of these banks foundries, factories, dwellings, and all manner of other buildings closely cluster, some of the dwelling-houses being as numerous as tenanted as beehives. It is not surprising, then, that the sudden rise of the waters swept away such a number of victims. The fall of the waters from the two clouds which met over Pittsburg was more like a water-spout than an ordinary storm, and its violence sufficient to cause a fearful amount of ruin, even had no simultaneous rise in the rivers taken place. Although the vicinity of Pittsburg has been visited by many disasters of this kind, none in all its history has been so ruinous as this. The Tribune estimates the money loss by this disaster at upwards of \$3,000,000. A remarkable incident is that almost all the victims of the flood were swept away and drowned. There are few or no cases of injured survivors.

### Philadelphia Letter.

PHILADELPHIA, August 1, 1874.

THE PEOPLES FIRE INSURANCE CO., doing business at 514 Walnut street, in this city, has suspended operations. The cause for this suspension is given in a notice which was posted on the door which states that "information having been received that the Manager and Treasurer of the company had left for parts unknown, it is deemed advisable to suspend all further business." The Manager and Treasurer is H. Prindle, of 176 Broadway, New York, who, it seems, desiring a change of air beneficial to his health, has raked all the cash and available assets of the company together, and left with them for Europe, not even waiting to bid the policy-holders good-bye, or to explain to them in any days gone by of the many benefits of fire insurance. Prindle is also a default creditor to several other insurance companies, and is said to have carried \$250,000 away with him. The fixtures and all the contents of the office have been levied upon by the landlord for rent. It consists of three desks, a half a dozen stools, and an empty fire-proof. The company seems to have "died of a long and painful illness," and of Prindle it may truly be said, "he is gone but not forgotten."

THE SECURITY COMPANY has also closed its doors and suspended operations. This company was formed

several months ago, for the purpose of doing business in banking, insurance, real estate and stocks. The establishment in which the business was transacted is a large marble front store, on Chestnut street, which was fitted up in the most gorgeous manner. The furniture, which was of solid walnut, must have cost \$20,000. The president of the company is Harrison Grambo, and the secretary A. M. Zane. Who the other officers are, is not known. Mr. Grambo has figured quite conspicuously here of late in "suspensions," and the company did not have the confidence of the public, hence the collapse. The closing of the establishment, it is understood, was the result of a judgment obtained by J. M. Pile, Esq., attorney for the Gerrish estate, for \$1200, against Mr. Grambo under his former financial troubles.

### THE POST OFFICE DEPARTMENT

and the Phila., Wilmington and Baltimore Railroad Company have been at "outs" for some time, in reference to the postal car service. Mr. Hinckley, the President of the Railroad Co., has been threatening to remove the postal cars between this city and Washington, unless the Department allowed a larger compensation for running them, and the Department is not willing to accede to his demands. Mr. Hinckley has informed the Department that he will remove the cars after to-day, if his terms are not complied with, and the solicitor of the Department has replied that if the cars are removed, the Government could take possession of the railroad, and complete the running of the cars at the established rates. Thus the matter stands. It is thought that a number of railroads wish to make this a test case, and are urging Mr. Hinckley to take the steps he proposes to.

No tidings have been received of little CHARLEY ROSS, and it is thought by some that he is taken by his abductors to Canada, where it will be a difficult matter to recover him. Our detectives have worked hard on this case, but not with much success. The New York and Boston newspapers are quite severe on our detectives, for their not recovering the child, forgetting that their own detectives have failed to unearth many crimes. One of the Boston papers is sarcastic and witty over the abduction. It says, "one of the kidnapers jammed the hat over the eyes of a Philadelphia detective, and the detective said, if you do that again I will arrest you." It also says, "the people of Philadelphia will forgive the kidnapers, if they will only pick up and carry off the detectives," and advises the detectives, "not to go out after dark."

Persons outside of Philadelphia are as likely to discover the child as any one here. It is not known in what section of the country his abductors have taken him, and it should be known, everywhere that \$20,000 reward will be paid for his recovery and for the conviction of his abductors.

### ATTEMPTED POISONING.

Daniel Ranek quarreled with his wife and mother-in-law, and attempted to poison them, by pouring white vitriol over a ham which was boiling on the stove. Mrs. Ranek being suspicious that something was wrong, tasted the water in which the ham was boiling, and finding it puckered her mouth, sent some of it to a druggist to be analyzed. The druggist reported that it contained poison, and suggested that they should place the meat on the table for supper. They did so, but Daniel did not touch it. The next day they told him of their discovery, and he grew pale, and said if he would go away and never return. Mrs. Ranek had him at once arrested, and he was held in \$3,000 bail, to await the action of the grand jury.

### HOMICIDE.

August Phanke and Edward Snyder, partners in the sewing machine business, quarreled at their place of business, No. 207 Race street, Snyder, fearing Phanke would do him bodily harm, drew a revolver and shot him a number of times, killing the unfortunate man. Snyder has been arrested and committed to prison.

Yours truly,  
MODOC.

### Philadelphia Markets.

Friday Evening, July 31st.

The money markets continue easy at about former rates. Call loans rule at 4 to 5 per cent. Prime commercial paper ranges from 5 to 6 per cent. per annum. Business generally has been very quiet during the past week but prices of most the leading articles are without material change.

The Flour market has been notably active during the past week, and prices are rather unchanged. Superfine, \$4.00 to 4.30; extras, \$5 to 5.75; Spring Wheat, extra family, \$6.75 to 8.00, and higher grades at \$8.75 to 10.00. What is in better demand but prices are lower. Common at \$1.40 to 1.51; No. 1 spring at \$1.20; No. 2 spring at \$1.15, and white spring at \$1.25. Corn is lower. Sales 110,000 bushels southern and Pennsylvania yellow at 80 to 84c, and western mixed at the same figures.

Oats are unsettled. About 55,000 bushels sold at 75 to 78c for white, and 70 to 76c for mixed, closing at 78c for white, and 75 to 76c for mixed, and 72 to 74c for new Delaware.

Rye may be quoted at 95c. In Cloverseed more doing; sales at 10 to 11c. per bush. Timothy sells as wanted at \$3.25 per bushel, and Flaxseed readily commands \$2.00.

Butter.—Receipts very light; market active; New York State and Bradford county choice 32 to 33c; western choice 23 to 26c; fair to good 17 to 19c.

Lard.—The tone of the market is firmer, sales of western and kettle rendered at 12 1/4 to 12 1/2c.

Eggs, receipts liberal, market quiet. Penna. 20 to 21c, western 10 to 20c. per doz.

### A MEDICINE CHEST IN MINUTE.

Mishler's Herb Bitters is not a beverage, but a strictly medicinal preparation, more thoroughly adapted to the wants of the general public than any other in the market. Unlike all other so-called Remedies, it is prepared under the direct personal supervision of an eminent Physician, S. B. Hartman, M. D. (these for proprietor), is a regular graduate of the Jefferson Medical College of Philadelphia, and a practicing physician of large experience and extensive practice. In such hands the public may rest assured that Mishler's Herb Bitters is compounded in strict accordance with correct Pharmaceutical principles, and that none but the choicest ingredients enter into its composition. Its powerful and effective remedy will be found in Mishler's Herb Bitters.

The depressing feeling of Languor or Debility, incident to the "hotter form," is at once removed, the energies restored, and new life and vigor imparted to the prostrated system, by its use.

In Dyspepsia, Liver Complaint, and Affections of the Kidneys, it invariably works like a charm. It is not a drastic purge or heavy stimulant, violent in its operations, but it is simply a natural remedy, thoroughly adapted to organic nature. It supplies tone to the stomach, reinvigorates the digestive organs, stimulates the secretions, and producing a regular action of the bowels, enables every organ of the body to perform its allotted duty regularly and without interruption.

It is the universal remedy of desired results, tantamount to its use, coupled with the fact that the profession, that has rendered Mishler's Herb Bitters so popular, and as familiar as a household word. Thousands of persons all over the land have found it to be the safest and best remedy for every ailment, and have found it to be the most perfect safety to even the youngest child, but which need with caution had it the least means of a working life, and from the weary sense and pain incident to their sex. The feeble business, it is just the remedy needed by them to enable Nature to perform her function naturally, regularly and without interruption. No lady should be without it if she would possess the clear, glowing complexion and cheerful spirit indicative of sound health. It is made by an Druggist and sent direct to the consumer. It is square glass bottles, enclosed in a yellow wrap. It is not sold on draught, being a ready a medical preparation, and as such is endorsed by many of the most eminent physicians of the country.
