**A Want Supplied.**

Mr. George A. Eckert is now visiting Lehighton and Weissport, selling a valuable article which must shortly come into very general use—Herring's Skirt Table, manufactured at Hickory Run, by Eckert Bros. & Co. This table dispenses with the use of chairs in ironing; it is solid and firm; an arrangement is made for holding the irons; it is light and portable, and folds up a space but little larger than is occupied by a common ironing board, and does not take up so much room when it is being used.

Mr. Eckert has already received orders from two-thirds of the ladies of Mauch Chunk, and from what we have seen of the arrangement, we cannot but pronounce it the very "best of the kind we have ever seen."

**Fatal R. Accident.**

John Zimmerman, a son of Gideon Zimmerman, residing in Franklin township, got on 8.30 down passenger train on the Lehigh Valley Railroad, on Monday morning, at this place, as the train moved from the depot, to hold a parting word with a companion, when the train had proceeded about 75 yards below the depot, he attempted to get off, in doing so he made a misstep, and was rolled under the cars. A large number of persons who were waiting around the depot for the up train ran to his assistance. He presented a most horrible spectacle. His right leg was literally mashed to a jelly from the knee to the hip, the left leg and the right arm were fractured. He was carried to the depot platform and thence to his home. Drs. Zern and German were immediately in attendance, but could not render the unfortunate man assistance. He lingered until about noon, suffering intense agony, when death put an end to his earthly sufferings. He was a single man, about 26 years of age.

**Resolution of Thanks.**

At a meeting of the Lehighton School Board, held at the office of Dr. N. B. Reber, August 17th, 1874, the following resolutions were read and unanimously adopted:

Resolved, That the sincere thanks of the Board of Directors and the citizens of Lehighton in general are due, and are hereby tendered to the following persons for valuable services rendered during the Opening Exercises of the New School House, in the afternoon and evening of August 10th, 1874: Rev. D. K. Kepner and the members of his Choir, and the Fort Allen Cornet Band for excellent music rendered, and to R. F. Hoffer, County Superintendent, Rev. E. A. Wiggins, Rev. G. W. Townsend, and Daniel Kalbfus, Esq., for eloquent addresses delivered on the occasion.

Resolved, That the foregoing resolution be published in THE CARBON ADVOCATE and the Mauch Chunk DEMOCRAT.

By order of the Board.  
J. S. LENTZ, President.  
A. J. DURLING, Secretary.

**Big Creek Items.**

Prohibited—trout fishing.  
Disappearing—the dog days.  
Whortelberries—nearly run out.  
Plenty—of green apples for sale.  
There will be a fair crop of potatoes again this year. The Early Rose has proved itself again to be a superb grower and a splendid potato to eat. The copious rain of last Saturday places the corn crop of this vicinity beyond the possibility of failure, and great benefit to pasture and late potatoes. Also soaking up the ground and setting the creeks and rivulets to running again.  
Oats (or what is left after the drouth) will be a pretty fair crop.  
Corn will certainly be king in this vicinity this year if the season continues

favorable—the stand is good, generally clean and the prospect in every way indicates an abundant supply.

Our farmers are in fine spirits, and have great reason to be thankful.

The Pino Run Sunday School opened again with a better attendance than ever before. The house is entirely too small, it being filled to its utmost capacity. On Sunday, Aug. 3rd the officers were appointed—for Supt., Casper Naap; for Assist. Supt., W. E. Kemmer, and others.

Aug. 12, 1874. FARMER.

**Squiblets from "Marcutio."**

Mr. Editor of "The Advocate," Please permit me to state, that I take great delight in Writing items for Lehighton. So here's "Marcutio," at the door. With a few "squiblets"—nothing more.

One day while a steamboat from this port was lying at her wharf in Richmond, a contraband came along, and asked the captain if he wanted any chickens, as he would have some to sell "by to-morrow." "Bring me a dozen," said the captain. That night, as all hands were sitting on deck, the report of a gun was heard from the country across the river. "Cap., I guess you won't get any chickens to-morrow," observed the steward. And the steward was right, for the morning paper had it in head-lines, "Another Chicken Thief Shot!"

**PACKETTON.**—When and where can I see Emma. Answer through Personals. Mauch Chunk Anderson.

This is from the N. Y. Herald of August 16th. "Mauch Chunk Anderson" is evidently ready to emigrate in search of "Emma."

The widow Maloney sends her sons, Pat and Mike, out in the streets every day with hope of their being kidnapped. But the poor boys return nightly and report that they have had "no luck," whereupon the worthy widow consoles them with a strap. Truly, "the troubles that afflict the just, in number many be."

Its plain to be seen, that Bazaine was not much attached to St. Marguerite. He is now taking a rest in Prussia, but it is not likely that he will be arrested.

An enterprising coal dealer of this city made a sad mistake when he handed a worthy Quaker the "three of diamonds" instead of his business card. He had been playing cards the night before and put the pack in his pocket. Hence, there's where he made the mistake.

The report is not true, that one of our large hotels has hired a retired prize fighter to pound the steak and mash the potatoes. They may have grounds in their coffee, but there are no grounds for the assertion in regard to the puglist.

Yours truly,  
MARCUTIO.  
Phila., Aug. 17.

**"A Small Potato"**

To the Editor of THE CARBON ADVOCATE:  
SIR,—I overheard a "little" thing the other day which, on account of its "smallness," I thought worth while communicating to you. A taxpayer, who had \$5.30 School and Building tax to pay, grumbling at the "enormity" of his taxes. Upon enquiring I found that he had one child—a boy—who he was sending to School—there being ten months' school, making his tuition 52cts. per month! Now, the idea, Mr. Editor, of a man grumbling at 52 cents a month for the tuition of his child in so fine a school building, such excellent teachers, and such good school accommodations in every respect, was enough to provoke any sensible man, and prompt him to expose such "insignificant smallness."

It reminds me of an incident that occurred some years ago, when some of our citizens made an effort to have Lehighton incorporated as a borough, which effort met with considerable opposition; I then heard a man say that he would give 25 cents to fee a lawyer to oppose the incorporation, and if that would not reach he would pay 15 cents more out of his own pocket for that purpose! But, thanks to the men of progress, such paltry opposition was easily overcome. This is the class of men who now grumble at 52cts. a month for educating their children, and in fact everything else tending to progression.

Yours for PROGRESS.  
Lehighton, Aug. 20, 1874.
