Change in the Cabinet.
 Now that the President's Long Branch season is over, it is confidently asserted that there will be a change in the cabinet, and that before the first of December. It is known that the President and all heads of departments have bought largely of tickets for the next Grand Gift Concert of the Public Library of Kentucky, to draw November 30, and they flatter themselves that they will capture one or more of the large prizes, which will make plenty of change in the cabinet.

Another New Stock.
 T. D. Clauss, the tailor, desires us to state that he has just returned from New York, and that he is now opening a very large invoice of cloths, cassimeres and vestings, suitable for fall and winter trade, which he is prepared to make up in the best and most fashionable styles at "knock-down" prices. He guarantees a "perfect fit" every time, and the goods in all cases as represented. Also, an immense stock of rubbers, boots, shoes, hats, caps and gents' furnishing goods. Remember the place, L. D. Clauss, just above the Public Square, Bank street, Lehigh.

The Coal Trade.
 The following table shows the quantity of coal shipped over the Lehigh Valley Railroad for the week ending Nov. 7th, 1874, and for the year as compared with the same time last year:

A Fashionable Stock.
 Messrs. Laury & Peters, the merchant tailors, post office building, Lehigh, Pa., have just received their large and handsome stock of fall and winter goods, comprising cloths, cassimeres and vestings of the latest and most fashionable designs, and of a quality unsurpassed by any other stock in Carbon county, which they are prepared to make up in the latest style and most durable manner at prices to suit the times, guaranteeing a "perfect fit" in every case. In addition to the above they keep a line of ready-made clothing, boots, shoes, gaiters, rubbers, gents' furnishing goods, hats, caps, &c., &c., of the latest style and best material, which they are now offering to the people of this section at prices unparalleled in the history of the trade of Lehigh. They respectfully ask an inspection of goods and workmanship by the people before they make their purchases elsewhere.

Fire in East Weisport.
 About seven o'clock on Friday evening of last week, an alarm of fire was sounded, creating an immense excitement among our citizens; upon proceeding to the spot, we found it to be a large barn, situated a short distance from the canal bridge, in East Weisport, owned and used by Mr. Lewis Horn; on our arrival at the scene, the entire building was enveloped in flames, and in a short time was consumed with its contents of hay, corn, &c. Fortunately there was little or no wind at the time, or the buildings in its vicinity must also have been destroyed, as it was it required superhuman exertions on the part of the citizens to prevent the spread of the flames. In duty to the Lehigh Hook & Ladder Co., of Lehigh, we should state that the reason they did not take their apparatus to the scene, was on account of its unfinished condition—the ladders were not fitted, the hooks were without ropes and chains, and there is not as yet a single bucket provided, and this for lack of funds. How the fire originated is unknown. There was no insurance upon the property, so, at least, we are informed.

—There is now offered to some man or woman of energy an extraordinary opportunity to secure profitable employment for the winter. Persons engaged in selling subscription books, are making from \$100 to \$300 per month, clear of all expenses. The new subscription book offered in our advertising columns, is one we know will sell, and there is no doubt a large number could be sold in this town in spite of hard times. We are all anxious to know of the secret and inside life of our prison, and the romance of great felons. The New York Tombs, the most celebrated of prisons, between whose granite walls have been confined the most noted and daring, as well as the most depraved desperado of criminals: Tweed, Stokes, Walworth, men who have lived as millionaires, and enjoyed the best things on earth, and the slams and outcasts of the Five Points, all meeting on a common level in the Tombs. We cannot recount all the lessons this book teaches. We advise all to buy and read it. The fortunate person who secures the agency for the town or county, will secure a harvest. See advertisement of the United States Publishing Company, of New York.

Designation—Appointment.
 Hon. A. J. Durling having been elected a member of the State Legislature, resigned from the Lehigh School Board, on Wednesday evening last, and A. G. Dollemeyer was chosen to fill the vacancy. This we think a wise selection; the financial affairs of the Board requiring very able management at this time. The Board consists of the following named gentlemen: John S. Lentz, President, R. J. Youngkin, E. B. Albright, G. W. Heilman, A. G. Dollemeyer and N. B. Reber, Treasurer. All of the members are good school men, and are using their best endeavors to make our school second to none in the county, for which they are deserving of the thanks and hearty co-operation of our whole people.

Democratic Jubilee.
 The Democratic Jubilee over their late victory held at Mauch Chunk, on Tuesday evening last, was a success. The Lehigh delegation occupied about twenty carriages and wagons, in addition to which a large number found their way to the "guleh" town on foot. On arrival in Mauch Chunk they proceeded to the upper end of Broadway, were furnished with banners, &c., counter-marched, and fell in behind the delegations previously formed. The line then proceeded down Broadway and over to East Mauch Chunk, returning west down Susquehanna street to the Mansion House, counter-marching up Susquehanna street to the Public Square, where the line halted and listened to addresses delivered by Hon. Allen Craig, Daniel Kalbfus, Esq. J. H. Siewers, Esq., Dr. Smythe, and others. Everything passed off harmoniously, with the exception that during the speech making some unmitigated scoundrel threw a stone and struck Martin Graver, of Lehigh, on the head, making a very severe wound, which was dressed by C. H. Ebbert. We trust the brute will be rigorously dealt with for this fiendish act.

Big Creek Items.
 Corn husking is nearly all over for this season. Potatoes also are all harvested and bring a fair price—but will be higher by and by.
 The schools of Franklin are now in full blast with a full and efficient corps of teachers.
 We are sorry to hear that Mr. Joseph Seidle of this place and several of his children are strictly confined to their beds (as we hear) with Typhoid fever—they are under the able care of Doct. Zern, of Weisport, and by his skillful treatment we hope to see them soon recover, or change for the better.
 The election in this township on Tuesday last week was the most orderly that took place for some time. There were no words of abuse either in regard to the candidates of the respective parties or to individuals present. All seemed determined to uphold and protect our citizens in the exercise of their rights; the faces of all were wreathed in smiles of kindness and good feeling the entire day, and no doubt the full observance of the new law in regard to the non sale of liquor greatly tended to this happy result.

A series of protracted services commenced in the Salt's Church on Sunday evening last week, by the pastor, Rev. A. Ziegenfuss, of Parryville. Rev. Mr. Leopold, of Weisport, officiated on Tuesday evening—services in the German language.

Special Notices.
A SUBSTITUTE FOR QUININE.—For years, quinine was regarded as the only specific for malarious diseases and immense quantities of the drug were annually consumed throughout our western country, more particularly along the river bottoms and adjoining low lands.
 With the fall months malaria, in all its varied forms, stalks like an epidemic through the land, and whole districts are prostrated with chills and fever, the entire population suffering with disease. Heretofore, quinine was regularly resorted to; but while it frequently failed to effect a cure, it invariably deranged the stomach, producing nausea, vertigo and aching pains in the head to such an extent that months elapsed ere the system recovered from its effects. Those objections to its use were so marked, that the introduction of Miesler's slight oil was hailed as a triumph in medicine. Infinitely more certain in its beneficial effects than quinine, it possessed none of the demerits of that drug. Instead of nauseating, it tones and invigorates the stomach, while applied locally, expelling the malarious humors, increases the appetite and facilitates digestion; thus rendering the system stronger, and better fitted to resist the attacks of malarious fever. A judicious use of Miesler's Herb Bitters at this season of the year, will prevent the recurrence of this disease, even in those who have never passed an autumn without it. An experience of twenty years proves it to be the greatest and most valuable remedy known to medical science.
 There are, perhaps, no diseases so subject to climatic changes as affections of the Kidneys. Hundreds of our farmers, mechanics, and laboring men, strong and hearty in all other respects, suffer continual inconvenience, and occasionally excruciating pains in the back and across the loins; experience a frequent desire to pass water, pain during urination, and frequent passages in their urine. These are manifestations resulting from some strain or heavy lift (perhaps years ago), and aggravated by every change in the weather. Every slight cold or flu, directed to this one weak spot, and unless promptly attended to, the disease becomes chronic, and the once strong man a miserable wreck. Miesler's Herb Bitters is the only certain cure for all these diseases. It has a peculiar tendency to the kidneys, stimulates them to healthy action, and removing the cause, prevents the formation of brick-dust deposits, which, if permitted to collect, will by cohesion form gravel stones, necessitating a painful operation for its removal. Many of the ingredients entering into its composition, are universally recognized as specifics for all complaints of the urinary organs. In Liver Complaint, Dyspepsia, all disorders of the Bowels, and affections of the Throat and Lungs, it is equally certain and efficacious; while, as a remedy for the complaints peculiar to the female sex, it has no equal. Ladies, old and young, married and single, in every condition of life, will find this GREAT FEMALE REMEDY prompt, safe, certain and efficacious. See packet, which description is followed by a blooming, beautiful countenance, and its occasional use enables Nature to perform her functions REGULARLY AND WITHOUT INTERFERENCE. Sold in all bottles by all Druggists and general dealers. Aug. 8-4m.
