

CONCLUDED FROM FIRST PAGE.

A few moments more and the carriage drew up before the marble steps of an elegant mansion—one of those rambling structures often found in England—and springing lightly to the ground, the Englishman said; while a merry light twinkled in his eye:

'Leone, I welcome you to your home; Mr. and Mrs. Lightfoot, Lord Clarence Ainslie begs that you will accept the hospitalities of Ainslie Castle.

Tears filled the beautiful eyes of Leone. Arthur Lightfoot's cheek colored, but he was silent, after about a second's hesitation, his wife exclaimed:

'Clarence Ainslie, you are a cheat. Why, I thought you were a Western farmer—'

'That was all the land I owned in America. I purchased it, and built a stabling box thereon, because I was fond of the Western sports, and in America I was simply Mr. Ainslie; here I am Lord Ainslie, of Ainslie Castle. Am I forgiven?'

Reader, we all have too much human nature now-a-days, for a moment to suppose the deception practised was not pardoned by one and all; in fact, Mrs. Lightfoot says she likes to be deceived, and in this case Arthur echoes the opinion of his wife.

Miscellaneous.

The first mention of silk in connection with the worm producing it occurs in the fifth book of Aristotle's "History of Animals;" and the island of Cos is there said to be the place where the fibre was woven into cloth.

An old, experienced farmer once said to a new beginner in farming "Young man, let me give you a little piece of advice, will you? Never stir your soil deeper than you are able to manure it." This is an axiom which it is well to remember.

At Yankton, Dakota, on Saturday, the court ordered the discharge of Wintermute, indicted for the murder of General McCook, and remanded him to the custody of the sheriff, to await further action of the Grand Jury. The prospect of any punishment being inflicted on Wintermute, is now considered very doubtful, and his friends, we are told, "are elated," while the friends of his dead victim "are correspondingly depressed."

The Smithsonian Institute has been advised of the discovery of a new planet at Berlin. It is of the 12th magnitude, in right ascension 23 degrees, and declination 18 degrees 26 minutes north.

A young married woman in Worcester dreamed twice, recently, that she would die at midnight on the first anniversary of her wedding day, and so strongly was she impressed with the vision that she actually made preparations for her funeral, and even gave a sum of money to a friend to purchase mourning. Her husband, becoming alarmed at her condition, consulted a medical friend, stating all the facts of the case. The astute doctor, after a minute's cogitation, discovered a way out of the difficulty. Telling the husband to keep the patient amused as much as possible till late in the day, he went down to the house in the afternoon and administered a harmless narcotic which kept the lady asleep till the dreaded moment had passed. She is now in good health, and joins with her friends in laughing at her superstitious fears.

A London paper states that Mr. Disraeli having in one of his public speeches, informed his audience that it was not his wont to "swagger or utter ambiguous words in the streets," was reported in the local papers to have said that he did not "stagger or utter big words in the streets." Another Englishman's oratory has recently undergone a similar improvement in the hands of a journal. He had referred to Dr. Disraeli as one who "towered above the rest of the Government as a giant among pigmies;" but he was made to say, "Mr. Disraeli, before whom the rest of the Government quailed like beaten hounds before their master!"

A Professor in the University of Glasgow, as eminent for talent as for temper, was often annoyed by his unruly students. One day when the sun shone fully into the room, a wild Irish boy, with a piece of glass, contrived to dazzle and confuse the worthy preceptor by reflecting the rays of the sun full on his face. At length the professor caught young Ireland in the act. All the class looked for instant expulsion. But the venerable man gaily said, "Young man, depend upon it, the reflection is on you, not on me."

While Day's Menagerie was exhibiting at Cawood, England, recently, a young man amused himself by teasing one of the elephants. It happened that a heavy sliding bar turning on a pivot at one end was accessible to the insulted animal. It watched its opportunity, and at a favorable moment detached the loose end of the heavy bar, and let it fall on the young man's head, causing a deep wound. The animal then calmly walked away, satisfied with the punishment administered.

BEAUTIFULLY ILLUSTRATED.

The **SCIENTIFIC AMERICAN** now in its 30th year, enjoys the widest circulation of any weekly newspaper of the kind in the world. A new volume commences January 4, 1885.

Reason for its success: the latest and most interesting information pertaining to the Industrial, Mechanical and Scientific Progress of the World; Descriptions, with Beautiful Engravings, of New Inventions, New Implements, New Processes, and Improved Industries of all kinds; Useful Notes, Receipts, Suggestions and Advice, by Practical Writers, for Workmen and Employers, in all the various arts.

The **SCIENTIFIC AMERICAN** is the cheapest and best illustrated weekly paper published. Every number contains from 10 to 15 original engravings of new machinery and most interesting INVENTIONS, illustrating Improvements, Discoveries, and Important Works, pertaining to civil and Mechanical Engineering, Milling, Mining and Metallurgy; Reports of the SCIENTIFIC AMERICAN on the progress of Steam, Steam Engineering, Railways, Ship-Building, Navigation, Telegraphy, Telegraph Engineering, Electricity, Magnetism, Light and Heat.

FARMERS, Mechanics, Engineers, Inventors, Manufacturers, Chemists, Lawyers, Teachers, Clergymen, Lawyers, and People of all Professions will find the SCIENTIFIC AMERICAN useful in the applications of Steam, Steam Engineering, Railways, Ship-Building, Navigation, Telegraphy, Telegraph Engineering, Electricity, Magnetism, Light and Heat.

FARMERS, Mechanics, Engineers, Inventors, Manufacturers, Chemists, Lawyers, Teachers, Clergymen, Lawyers, and People of all Professions will find the SCIENTIFIC AMERICAN useful in the applications of Steam, Steam Engineering, Railways, Ship-Building, Navigation, Telegraphy, Telegraph Engineering, Electricity, Magnetism, Light and Heat.

A year's number contains 52 pages of original engravings of new machinery and most interesting INVENTIONS, illustrating Improvements, Discoveries, and Important Works, pertaining to civil and Mechanical Engineering, Milling, Mining and Metallurgy; Reports of the SCIENTIFIC AMERICAN on the progress of Steam, Steam Engineering, Railways, Ship-Building, Navigation, Telegraphy, Telegraph Engineering, Electricity, Magnetism, Light and Heat.

The practical receipts are well worth ten times the subscription price. Terms, \$3.00 a year by mail, including postage. Discount to Clubs. Special circulars and specimens free. May be had of all News Dealers.

Patents.

In connection with the SCIENTIFIC AMERICAN, Messrs. MURK & Co. are Solicitors of American and Foreign Patents, and have the largest establishment in the world. More than 500,000 applications have been made for patents through their agency.

Patents are obtained on the best terms. Models of New Inventions and sketches examined and advice given. A special notice is made in the SCIENTIFIC AMERICAN of all Inventions Patented through this Agency, with the name and residence of the Patentee. Patents are often sold in part or whole, to persons attached to the invention by such notices. Send for Pamphlet, 110 pages, containing laws and full directions for obtaining Patents.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itch, Scald-head, Scabies, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
