Hook & Ladder Co's E ntertainment The entertainment given by Lehigh Hook & Ladder Co., in the hall of the new School house, on Friday and Saturday evenings of last week, proved a complete success. The attendance each evening was large and appreciative, and the performance was fully equal to that of any amateur troupe we have heretofore witnessed outside of the cities Uncle Bauman in the German farce "He is not Jealous," was well conceived by F. Deborde; the Duet, "Gipsy Countess," by Missi E. Hauk and Mr. H. A. Kuntz was well rendered and was received with much applause. The farce of "John Schmidt, the Persecuted Dutchman," was well put upon the stage, all of the characters filling their pages with much credit to themselves and to the satisfaction of the audience. music furnished by the Macdaniels family was well chosen, and was highly appreclated. Wm. Wood's inimitable comic songs brought down the househe is A No. 1 The amount realized by the Company after paying all expenses will be about \$75; which will enable them to liquidate the debt on their truck and ladders.

The Coal Trade.

There is one noticeable feature in the coal trade in the anthracite regions, and coal consumed is on the increase. Those manufacturers who desire to keep their works in operation are in a measure com-pelled to this use by reason of non-working of the mines of anthracite coal. In evidence of the great increase of this trade the Pennsylvania Railroad for last week transported 74,674 tons of coal and coke, principally coming east to supply Eastern markets. From Tyrone the shipments were last week 18,221 tons, which is nearly double the quantitons, which is nearly double the quanti-ty sent at same time last year. Broad Top is also increasing its shipments to supply the factories, &c., on the line of the Schuylkill and Lehigh, and also at Philadelphia. On the Lehigh up to this time last year there were only 5292 tons of bituminous coal sent by that route. This year so far, the shipments have amounted within three mouths to 16, amounted within three months to 16, 252 tons, an increase of 12,660 tons, while the whole shipments of bituminous coal last year via the Lehigh were only 26,662 tons. Reductions have been made in the freight charges for bituminous coal on the Pennsylvauia Railroad and also on the Baltimore and Ohio Railroad, so that the Schuyikili valley, and also at Philadelphia, they will be supplied from the Cumberland as well as the Western bituminous regions. Those supplied from the Cumberland as well as the Western bitaminous regions. Those who live by producing and transport-ing hard coal should take care that the market they are now creating for hi-tuminous coal, by not producing anthra-cite, does not continue, after the neces-sary preparations are made for using the softer coal, longer than is desired or than in own contemplated. As wet there than is now contemplated. As yet there is no approach to a compromise be-tween the operators and the miners as tween the operators and the miners as to wages, though we have all the time felt assured that such compromise would follow a short supply of coal in the market, and that mining would then be resumed at about last year's wages. We still hope that we shall not be mistaken in this conclusion. At Port Richmond of the week would be the little to the for the week ending the 18th instant, there were no receipts of coal and the shipments but 8500 tons, leaving but 29,000 tons on hand.—Philadelphia 29,000 tons on Ledger, 15th inst.

St. Patrick's Day.

The following interesting account of the "day's doings" at Mauch Chunk, we copy from the correspondence of the Morning Herald of Thursday : The day, which is dear to the hearts of our Irish-American citizens, was this year celebrated with more than the usual harmony and good-fellowship by the Hibernian Benevolent Association cojointly with the old Ribbon men, and reminded us somwhat of times gone by when nothing but the latter predominated. The life of the esteemed and loved St. Patrick is too well known to need mentioned in this connection, save to state that each anniversary of Ireland's patron saint is over green in the memory of Irishmen and is faithfully and religiously observed, each time with greater respect and veneration. The morning of the 17th was ushered in by the sounds of the drum corps, and from one end of Mauch Chunk to the other, East and Upper Mauch Chunk included. were heard playing the old but familiar air "St. Patrick's Day in the Morning." Of course the young lads were soon up and along with them, From 7 to 8 o'clock a large number of men, in regalia, could be seen wending their way to the rendervous of the Hiberian's in Rhoads' Hall. At eight o'clock sharp the procession formed in front of their hall in the following order : H. B. A. of Mauch

tion of the following officers: Chief Marshal, D. C. Mulhern, of A. B. A., of Mauch Chunk; First Ald, Timothy McGinley; Second Aid, Dennis McGinley; Marshal of Ribbon men, John Reeder; Assistant, John Ferry; Marshal of Nesquehoning H. B. A., John Gorry; Aid, J. McDermot, The following is the route; Down Broadway to Susquehanna, thence to Mansion House, countermarching to Court House, where the Ribbon men were met and a passing salute tendered them as they fell in tine, 40 men, headed by the Parryville Band; thence up Broadway to the Church of the Immaculate Conception, where appropriate ceremonies took place; after the service formed again, moved up Broadway to the wire mill. countermarched and down to High St.: over High St. to Race St., up Race St. to Upper Mauch Chunk, to Front St. up Front to Walnut, countermahrching to old road, and thence East Mauch Chunk; up North to Fourth, thence to South St., and back again to L. & S. depot, where they took the train, 11.15 a. m., for Nesquehoning, to McKean's Hotel, where a splendid collation was given to all, after which the column formed, headed for the depot, and took the return train, and dismissed for the day.
