### OCAL AGENTS WANTED 1

AN AGENT WANTED FOR EACH TOWN

Parties desiring to act as agen a, must accompany their application by a letter of recommen-dation as to character and responsibility, from and stoned by the Editor of a newspaper pubhabed in the town or county for which agent proposes to act. The agency is to sell the bonds of the Industrial Exhibition Company.

Whole Bonds \$20 each. Half " 10 " Quarter " 5 "

The Industrial Exhibit on Company will furleh agents with Circulars, etc., etc.

Each newspaper published in the town where need is located will, as soon as agency as established, so given an advertisement, advections such agency and the Company, and fully explaining the plans, purposes and objects of the Company. Such advertisement will continue to the company. tinne to such papers, as long as agency is suc-

cessfully conducted.

The Industrial Exhibition Company is the first to adopt the plan so long in use by the Eq. ropean Governments, of i-sning bonds when the principal is made secure and not risked, but where there is a chance for a large premium, an investment of \$20 is sure to return to the inves-tor \$21—one dollar more than east—and the hold-er of a \$50 Hond, may obtain a premium, either of \$50, \$10), \$250, \$500, \$1,000, \$3,500, \$5,000, \$10,000, \$25,000, or \$100,000. The interest, which is ordinarily distributed to all the bend-holders pro rata, is in this ioni distributed by chance. The purchaser of a bood knows he will receive back his investment, with a smill rate of interest added, and in consideration of taking this small rate of interest, he has a chance in the above named premiums which are simply the distri-bution of interest on the whole loan.

Each bond participates in four drawings each year, until it has drawn a premum, when it is surrendered, the premium paid and the bond

The Industrial Exhibition Company, under a special charter, granted by the State of New York, is given authority to issue these bonds. The Legislature of the State, recognizing the great benefits which will arise from the success of this enterprise, have exempted all the real estate and property of the Company from taxation and assessments for five years, and has also confeered other great privileges.

Every American who understands the pur-

poses of this Company will, of a necessity, feel a pride in aiding it to a successful termination

Each individual who buys a bond becomes as owner and an interested party, and waen he views the structure erected with his money, can say. "I sided to erect in our country, the most magnificent handing the world has ever seen, a pathec, which, in truth represents the industy, energy and mechanical genius of the

Amer.compospie."

The manufacturers and inventors of #merica are peculiarly interested in the auccess of this enterprise, for the reason that it is to be their nome, where all their inventions and manufac tures can be exhibited and sold.

The building will contain 5,230,000 square feet Parchasers destring Bonds before an ageacy

is established where they reside, will communicate direct with this office, from where they can Parties desiring to act as agents, or to pur chase bonds will address
