The next regular meeting will be held or Monday evening, Sem, 6th, at 7:30 o'clock.

On Sunday evening has quite a large and in-telligent andicace assembled at the M. E. Caurch of this borough, to listen to addresses on Temperance from various learned gende-men of this place. The tembers of the Sammy School effered some excellent and appropriate music, which was well discovered. The first tpeaker was Mr. James Trythall, who was followed by Mr. II. Enson, of Packerton, R.,F. Hodord, Esq., and Rev. W. Coffman. The ex-orcises were at a very entertaining and instructive character. We hope the meeting of Sun-day evening may be followed by many others of the same kigd. We have many excellent local speakers in and about Lehighton, and we see no good reason way they should keep their talents under a bu-hel, when so much good might be attained by using them for the regenacation of fallen humanity.

Fatal R. R. Accident.

A shocking accident occurred on No. 3 pas-senger down train on the L. V. R. R., on Monday last, at Packerton, by the breaking of the connecting rod of the engine. It appears that a passenger, named W. E. Lee, of '43 Light St., Baltimore, Md., a traveling salesman, had im-portuned the engineer to be allowed to ride upon the engine, but had been refused; he then appealed to the conductor, who gave him perission, and he thereupon took his seat in the cab of the engine, when the train was some distance above Mauch Chunk. All went well until the train was passing Packerton when the connecting rod b oke, one end of it passing through the floor of the cab, striking the unfor-tunate Lee, in rand succession as it revolved, and cutting his body into innumerable small pieces. The largest portion being the right hand, which had been severed at the wrist The fragments of the body and his effects, scattered long the track, were gathered up by the em ployees and placed in a box, and in the evening they were forwardes to his friends in Baitimers, The engineer and fireman escaped injury, but the cab and bother were considerably knocked

A Faithful Servant.

Rev. E. A. Bauer, paster of the German Evangolical Lutheran church of Hazietou, has been in the ministry thirty-four years, the first two years as an assistant with a church in Lehigh county, and for many years as discessian paster of several churches in Carbon county, until not long since he accepted charge of the church of which he is now paster in Hariston. During this time he has joined in matrimony 1,000 couples, buried 2,000 persons, children and adults, and haptised into the faith of his church a,300 people. There are very few pasters who have served their people so well, and none, no doubt, whose services have been rendered with greater seal and sincerity.—Harleten bully News.

ish agents with Circulars, etc., etc. Each newspaper published in the town where agent is located, will, as soon as agency is established, be given an advertisement, advertising such agency and the Company, and fully explaining the plan-, purposes and objects of the Company. Such advertisement will con

tinue in such papers as long as agency is successfully conducted. The Industrial Exhibition Company is the first to adopt the plan so long in use by the European Governments, of i-suing bonds when the principal is made accure and not risked, but where there is a chance for a large premium, an investment of \$20 is sure to return to the inves-tor \$21—one dollar more than cost—and the hold er of a \$20 Hond, may obtain a premium, either of \$50, \$-0, \$20, \$500, \$1,000, \$5,000, \$0,000, \$5,000, or \$50,000. The inferse, which is ord marily distributed to all the bend-holders pro rata, is in this loan distributed by chance. The purchaser of a bond knows he will recieve back his inventment, with a small rate of interest added, and in consideration of taking this small rate of interest, he has a chance in the above named premiums which are simply the distri-bution of interest on the whole loan.

Each bond participates in four drawings each year, until it has drawn a premum, when it is

surrendered the premium paid and the bond special charter, granted by the State of New York, is given authority to issue these bonds.
