OLIVER BRENEISER,
Chairman County Committee.
FREDERICK BERTOLETTE, Secretary.

—Mr. Reverdy Johnson does not allow his pen to rust in his old age, His last contribution to public discussion is a strong and vigorous letter on the currency, in which he comes to the following conclusions:

First—That the only currency known to the Constitution is good and silver, or paper convertible into it on demand.

Second—That nothing but gold and silver can be made a legal tender.

Third—The Government now being perfectly safe no danger threatening it or being apprehended, Congress has no power to authorize the issue of an irredeemable currency and to make it a legal tender. This is the clear meaning of that part of Judge Strong's opinion quoted.

Fourth—That the credit of the nation, the true permanent prosperity of every class of our citizens, and the interest of the demoralization consequent upon the present state of things demand as speedy a return as practicable to a specie currency.

Mr. Johnson begins and ends his letter with the assurance that this is now the most important issue before the country; that it raises, or should raise, above mere party contests; that these from their nature, are for the most part ephemeral, and die with the occasions that give rise to them; but the state of the currency affects the welfare of every citizen, the general prosperity of the country, and the reputation of the Government. While the issue of the currency is ever important, it will be remembered it is ever a question for Congress to determine, and does not necessarily enter into the canvass for State officers in no way connected with Congress. It is not probable that there can be any Congressional change on the subject, as it now stands, before the prescribed time for resumption comes round.

—The Palmetto Guard, of Charleston, S. C., have sent out a circular inviting citizens and organizations of the several States of the Union to unite in the Centennial celebration, on June 28th, 1876, of the battle of Fort Moultrie. In this invitation the Guard say:

"The differences which threatened the Union are ended—settled, we hope now and forever. War, we trust, will not divide those whose welfare it is to be at peace with each other. The first century of our political existence is near its close. In the glorious reminiscences which it has of it in, let us seek to bury the demon of discord."

—Hon. Judge Pershing in his letter accepting the Democratic nomination for Governor of this State, gives his views on the currency as follows:

The legal-tender issue has become incorporated into the business of the country, and its constitutionality has been affirmed by the Supreme Court of the United States. I am opposed to inflation in its true sense, and inflation is not demanded by the Erie platform. It opposes any further contraction of the currency at this time of financial distress, when our workshops, mills, and factories are closed, and thousands of men willing to work are out of employment. To expand the volume of the currency when the people are incurring debts and to rapidly contract it when the time for payment has come, will prove ruinous to every business enterprise. The attempt to force the country to a resumption of specie payments, under the provisions of an act passed by the last Congress will only intensify the distress which now everywhere prevails. We must cease exporting gold to pay interest on our indebtedness abroad before specie payments can safely be resumed. I favor such a volume of currency as the legitimate demands of business and the revival of industries of the country may require. Experience will best determine this, and it is to be hoped that an adequate standard or test for regulating the amount of currency may be established by our representatives in Congress. I will only add that I adhere to the doctrine always held by the Democratic party that gold and silver constitute the true basis for a bank note circulation. The question as to this is not the same with that as to a paper currency, that is of itself made by the sovereign power a legal tender, and therefore money.

—U. S. Senator Wallace in a speech delivered at Clearfield, this State, on Tuesday evening last, said "the country can not resume specie payments in 1879, because no preparation has been made for it. The Erie platform does not mean the indefinite postponement of specie payments, but its whole thought is ease on overtaxed people. We have paid over $3,879,000,000 since 1865, more than the whole debt of Great Britain. Give the people time to rest from this exhaustive labor. Economy in administration must open the door to resumption; and we ought to save the money paid to national banks on their bonds by exchanging bank currency for Government notes. The path of the Democracy is to save your money to pay your debts. The true money of a Republic is hard money. We reach the latter through the former, but the people must have time to recuperate their exhausted energies.

—Hon. Carl Schurz addressed an immense audience in Cincinnatti, Monday evening, in opposition to inflation of the currency. He denied that he was committed, or was desirous of committing the independent voters of the country, in advance, to either party in the Presidential contest of 1876. He expressed the fear that the financial question would be used as a new agency to revive the curse of sectional warfare in our politics, and said that he still stood upon the platform adopted by the Democratic National Convention at Baltimore, which demanded a speedy return to specie payments. After describing the evils which must flow from an inflation of our irredeemable currency, and arguing in favor of a specie basis, he appealed to his hearers to vote against inflation at the coming election.

—Friend O. Musselman is the editor of the Stark County (Ind.) Ledger. A subscriber has "done" him for $6.25, and this is the way he goes for the poor devil:

One of our North Judson subscribers has gone to parts unknown. The cuss forgot to call and pay us $6.25, which he honestly owns us on subscription, after having accommodated him for over two years. May he—ll be the portion of such scoundrels.

—The Secretary of the Treasury has ordered the retirement of $304,581 of the outstanding legal tenders, that amount being 80 per cent. of the new bank circulation issued during the previous month. Until further orders, the aggregate of legal tenders outstanding will be $373,941,124.

—The resignation of Mr. Delano as Secretary of the Interior was announced on the 25th ult. His letter of resignation is dated July 5th, and the letter of President Grant accepting the resignation bears date September 22nd.

Current Events.

—It was announced in San Francisco Wednesday that the Bank of California would open Thursday.

—Theodore Tilton lectured in the Cooper Institute, New York, Wednesday evening, on "The Problem of Life." He had an audience of 2,500 persons.

—Owing to unfavorable weather no observations of the sun's eclipse could be made Wednesday morning at Albany, Boston or Manchester, N. H. At Bangor, Me., the sky was clear, and the eclipse distinctly visible. At 7:40 A. M., the time of greatest observation, a portion of the sun appeared as a perfect crescent.

—The horse disease in Dutchess county, N. Y., is spreading rapidly. All the horses in Poughkeepsie are affected, and the street cars run on half time. Not only the head and throat, but the heart seems to be affected by the malady.

—The horse disease, or epizooty, which has for some time prevailed in New York, is rapidly abating in that city, but has reached Philadelphia and Washington. One hundred horses of a street car company in Washington are affected. Fortunately the disease is milder than the epizooty of three years ago.

—Three passenger coaches and a baggage car on the Chicago, Burlington and Quincy railroad were thrown down an embankment near Woodburn, Iowa, Tuesday, by a broken rail. James Powers, a section foreman, was killed and about fifty passengers were injured, two seriously.

—The trial, of John Siney, President, and Xavier Parsa, district organizer, of the Miners' National Association, for "conspiracy and unlawful assemblage," began at Clearfield Tuesday. Distinguished counsel appeared on both sides, ex-Senator Carpenter, of Wisconsin, being among those for the defence, and senator Wallace those for the prosecution.

—Last Saturday, Mrs. Ebenezer Densmore, of Weatherford, Vt., being refused by her husband permission to go to the circus, took poison and administered it to her three children. The youngest child is deaf, but the mother and the other children are recovering. Mrs. Densmore is supposed to be insane.

—The New Jersey Board of Canvassers met Tuesday at Trenton to count the votes cast at the recent election on the Constitutional amendments. 96,251 votes were cast, and the majority for the amendments was over 40,000, excepting the 20th, repealing the Five County act, which was carried by 6,34. The Catholic opposition to the school clause did not make a difference of more than 2,000.

—Gilkes, Neely & Co., proprietors of the Keystone Iron Works at Pittsburg, suspended on Saturday, and closed their works. Their liabilities are stated at $130,000 and their assets at $350,000, mostly mill property and real estate, not available at present. "Stagnation in the iron business" and the difficulty of realizing on outstanding indebtedness" are the causes of the failure. The suspension throws out of employment three hundred hands.

—In the Grand Lodge of Odd Fellows, at Indianapolis, on Saturday, it was ordered that any grand subordinate body or individuals printing any forms, etc., of the Grand Body that are a part of its revenue shall be guilty of an offence against the Grand Lodge of the United States. The appeal of Past Grand Sire Nicholson in behalf of the Grand Officers of Pennsylvania in reference to discount on supplies, was postponed until next session. It was recommended that efforts to establish the Order in Great Britain, Ireland and Australia be continued. The proposition for uniforms for members of subordinate lodges was lost. It was decided that grand bodies must have ten subordinates to entitle their representatives in the supreme body to mileage and per diem. A translation of the ritual into Spanish was authorized. Adjourned *sine die*.

—At Montreal, Sunday afternoon, a jubilee procession took place to the various Catholic churches, and was attacked several times during its progress by a mob. One of the attacks was made after the procession emerged from a church, which it had only succeeded in reaching by the aid of the police, and after volleys of stones had been discharged from both sides fire arms were used. It is reported that one man was killed and forty or fifty persons were wounded. About 2000 persons took part in the procession. The closing pilgrimage is to be held next Sunday.

—The National Council of the Order of United American Mechanics met Tuesday in Boston. Representatives acting present from nearly all the States in the Union. National Councilor William Foster, of Pennsylvania, presided. The order was reported in a most flourishing condition, with a membership of over 50,000. John Seaver, of Pennsylvania, was appointed Marshal of the grand parade of the Order, to take place in Philadelphia, on July 8th 1876. The following officers were elected for the ensuing year: National Councilor, C K Reifsnider, of Ohio; Vice N. Councilor, William T. Hess, of Maryland; National Secretary, J. N. Colby, of Pennsylvania; National Treasurer, John Walker, Jr., of Delaware; National Marshal, John Morrill, of Delaware; National Prosecutor, E. W. Goodwin, of Massachusetts; National Book keeper, Ellis Dodge, of New York.

DR. CRUMB, established for many years in Buffalo, by an entirely new system of medication, treats successfully Catarrh, Bronchitis, and Diseases of the Lungs, Liver and Kidneys, also Infirmities of a Confidential Nature, wherein skill and experience are required. Or. Crumb has developed a practice which from its unparalleled success in thousands of cases many of a very aggravated character, is able to positively guarantee a perfect and permanent cure in every case he undertakes. He sends no Circulars or Treatises on these diseases to his patient, as it is undesirable that such knowledge is in general prejudicial, exercising an injurious effect by recurring and frequently counteracting a cure, tending to alarm the patient, which is the principal object of such pretentions, and excites and exaggerates his fears as to the curability of his complaint. The Doctor requires simply a brief history of the case, and a candid plain statement of present symptoms—a thorough examination will then be made and if considered remediable a sincere, conscientious opinion will be given promptly and such medicine as will be applicable will be sent by express, accompanied by full and explicit advice and directions. Charges very moderate and within the reach of all and success guaranteed. (such cases as have failed under other treatment particularly desired.) Surpasses in Tone and Power any Reed Organ heretofore manufactured in this country. It has been tested by many competent judges and

GIVES UNIVERSAL SATISFACTION.

By a skillful use of the Stops, and of the Patent Knee Swell, the Music is adapted to the human voice, ranging from the softest, flute-like note to a volume of sound.

Unsurpassed by any Instrument.

The proprietor has noted carefully for many years the imperfections and needs of the Reed Instruments, and directed his practical experience to the correction of such imperfections, and his experiments have resulted in the production of a quality of Tone which assimilates so closely to the

Pipe Organ Quality

That it is difficult to distinguish between the two. This instrument has

ALL THE LATEST IMPROVEMENTS.

And every organ is fully warranted. Large Oil Polish, Black Walnut, Paneled cases that

WILL NOT CRACK OR WARP,

And forms in addition to a splendid instrument of music.

A BEAUTIFUL PIECE OF FURNITURE.

This organ needs only to be seen to be appreciated and is sold at EXTREMELY

LOW PRICES

For cash. Second hand instruments taken in exchange.

AGENTS WANTED.

(Male or female,) in every county in the United States and Canada. Liberal discount made to Teachers, Ministers, Churches, Lodges, etc., where there is no agent for the Star Organ. Illustrated catalogue and price list free. Correspondence solicited. Address the manufacturer.
