A VETERAN PREACHER.

Joseph Saylor, presiding elder of the Philadelphia district of the conference of the Evangelical church, has been a minister for fifty-one years. He commenced preaching in 1825. Soon after he went to Ohio, where he preached on the frontier in huts, log cabins, in the woods and private houses. He traveled on horseback and in a carriage, and while in the saddle rode through the woods guided by marks on trees, followed Indian paths through forests, swam his horse across rivers when there were no bridges and in many ways endured similar hardships.

In 1837 he returned to Pennsylvania and took charge of Zion's circuit, comprising nearly all eastern Pennsylvania below Schuylkill county and this side of the Susquehanna. He took up his residence at Orwigsburg His circuit then took him to Pinegrove, to Dauphin county, through Lancaster, Lebanon, Berks and Montgomery counties down as far as Philadelphia, then back again by the way of the Trappe. Boyertown and thence to Lehigh county and thence home again. His trips would extend about 400 miles, which would require at least eight weeks to travel over. Then he preached every night, and on Sunday he generally had three appointments. This immense distance he traveled in the saddle and by sulky, and some of his appointments were forty miles apart. To fill appointments of this latter kind he would be obliged to get up before dawn while on his journey, travel all day, preach in the evening and then think of supper afterward. He founded the first Evangelical church in Reading, which was built in 1844. In 1846 he became presiding elder of the Philadelphia district, He has also been presiding elder of the Harrisburg and Allentown districts.

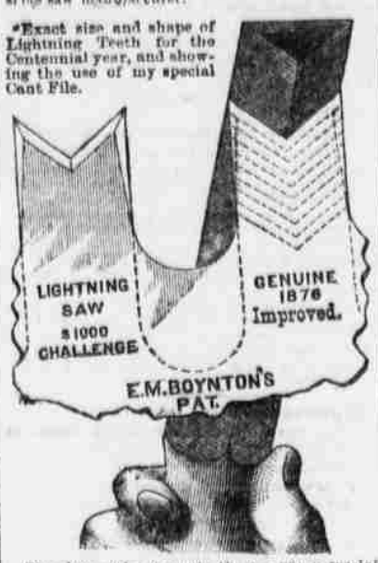
$1,000 CHALLENGE!

Patent Lightning Saws.

That the **"Genuine 1876"** excels all others in speed, ease and simplicity, and will do more work day in and day out, than any other saw in the world, and I will back it against any responsible saw manufacturer.



*Exact size and shape of Lightning Teeth for the Centennial year, and showing the use of my special Cant File.

The above cut represents the use of my special files made to fit the angle of the the teeth, dressing both points at a single blow, making the saw the simplest, and cheapest to file in the world. The shortening of the teeth the thickness of a piece of paper, (which is all any single tooth requires), leaves but little dressing necessary. For the undulled edges of the outside of M. the third surface of the file is all that will be needed. They are made 24 cut of highest quality. By the use of this file all difficulty is removed, and cost of filing Lightning Cross cut saws at the factory is two cents per foot; buck saws, four cents each. The cost of the 10 inch for cross cuts is 50 cents each; five inch for buck saws, half price. A large stock kept constantly at my store, 30 Beekman Street, New York.

I will furnish my latest improved 1876 pattern Cross-cuts, at 70 cts. per foot, and the one man saws at same price, for Cash in advance, where the Hardware Dealers do not sell the genuine latest improved Lightning Saws. Agents Wanted—special inducements. Will send C. O. D. if express charges are enclosed.

Buck Saw Blades, sent by mail Postage Paid at 75 cts. each.

The attention of the trade is especially invited to the vindication of my patent Saws as shown by the published Decree, Injunction and Costs of U. S. Court, of September 2d, 1875. In the meantime the other varieties of Clearing Teeth Saws have been overthrown and pronounced invalid. My patent M Teeth alone stand as the only vindicated Patent for Cross Cut and Buck Saw Teeth. I shall proceed at my leisure to make it interesting to infringers, having retained excellent counsel. ☞My advice to the trade is to cease selling counterfeits of my goods. I will make any of these imitation goods at prices as low as they can be made of good material and workmanship, while I will furnish the genuine Patent Lightning Saw, so that it can be retailed at 70 cts. per foot, by the dozen.

Special terms made with the jobbers and agents for quantity.
