Letter from Mauch Chunk. Mauch Chunk, Sept. 7, 1876.

Although speculation is rife as to the probable result of the Republican County Convention, there is otherwise nothing of interest, bearing the remarks indulged in by some concerning the recent "hatching", of the Labor Reformers. But on the whole I think their apprehensions are ill-founded. If but both parties will have the wisdom to let them alone. It will be the last of the "bargain and sale party" now and forever more. Why sir, look at the thing, and, as an

intelligent man, you'll agree with me that 'tis the most ridiculous farce ; and if ever anything was an imposition that so-styled "Labor Reform Party" is, for in the end we always find it to dissolve itself into the triumvirate of years ago, with E. T. McDonough as its head, and John Devlin as its tail, a party without a constituency! Well the three referred to, with a few curious outsiders, met on the 5th day of August, with closed doors, at the "American House" in this place, to concost schemes for a campaign the result of which was that nine persons (including the head and tail) met at the same place on Friday of las week to nominate a ticket. And such a ticket ! There are, of course, the names of a few good men upon it, (whether at their own solicitation or therwise I neither know nor care), but let the two great parties keep aloof, refuse to adopt any individual nominated by them, and where are they? The bug bear of so styled labor-reform will vanish as fog on the rising of the sun I Let them alone, gentlemen, severely alone, it's the only way to rid yourselves of them most easily and efficient More might be written upon the Iv. subject, but as the whole thing is too ridiculous to be deserving of more than a passing notice I subside. Yours, etc.,

ITEMS.

A Lutherar, parochial school is talk ed of in Upper Mauch Chunk.

Windy and boisterous political debates are already in vogue in public places.

For the first time during the season it looks as if our large hotels were doing something.

-The great Centennial firemen's parade drew quite a crowd of Chunkers to the city of Brotherly Love.

'Squire Kemerer, the Prothonotary of this county, has been appointed Ad-ministrator of the estate of Oliver Breneiser, dec'd,

One of the butchers frequenting the Mauch Chunk market, was, on Saturday, expelled for exposing for sale meat which was considered unfit for use.

"The melancholy days—the saddest days of the year," will soon be upon us, and we may therefore soon expect a revival of molasses licks and kindred musements.

Our public schools were opened for ten month's session on Monday last. Members of the school board and other prominent citizens being present at the hour of opening.

Quarters for the reception of Yellow Jack Donohoe, are held in readiness at the county jail, as the arrival of that dignitary of defunct Mollyism is momentarily expected.

The general health of Mauch Chunk and vicinity is pronounced unexception-able, and doctors complain about "very little to do." Well, it's an ill wind that blows nobody good.

A. H. Tobias & Son, the agents of the proprietor of Rhoads' Hall, have had that establishment cleaned and repaired, so that now its interior presents a very neat, creditable appearance.

Now that the campaigt-parapherna-

lia of the pitch-fork and wheelbarrow brigade has arrived, look out for lively times. Torch-light processions and soft-solder will heneceforth be in order. Dan. Kalbfus, Esq., is absent, at Pottaville, assisting in the defense of Duffy, the Mollie arraigned for complicity in the Yost murder, so is Hon. Charles Albright, who is engaged in the prosecution. County Commissioner Dan. Rouse, whose name had been used unauthorizedly by the Labor Reform Triumvirate, denies ever having had, or being anxious ever to have, any connection whatsoever with the "party of three" in question.

"To L with all comlife of business. "To L with all com binations," as an Englishman express ed himself within our hearing the other day.

On Wednesday last, John Mener, an Irishman, was committed to jali by Esquire Larash on a charge of larceny preferred against him by W. H. Stroh, Prisoner, it appears, had some time ago abstracted a pair of boots from the store of the prosecutor without being detected at the time, but the boots stolen not being mates, he returned the same on the day of his subsequent arrest, for the purpose of having them exchanged, claiming that he had purchased them at the prosecutor's store a few weeks ago. But as this wouldn't ''dewn'' defendant was dealt with as above stated.

John Derrick, her husband, had learnt that Mrs. Ann Derrick, his wife, had been caught in criminal intercourse with one Wm. Peterson, he, on Wednesday last, severely chastised the destroyer of his domestic happiness, and as the gay Lotharlo was said to be seriously hurt, Detrick on Thursday morning, surrendered himself to the authorities. But as it was subsequently ascertained that Peterson's injuries were not of a serious nature, he was arrested on a charge of fornication, preferred against him by the injured husband, and, after a hearing before Squire Larash, committed to jail. Derrick is out on bail. The par-Derrick is out on bail. The parties to this disgraceful action reside near Hauto.

-A call for the purpose of forming a Hayes & Wheeler Club, caused many of the more active members of the Republican party to be in attendance in he lecture room of the public school house of East Mauch Chunk on Wed nesday evening last. Considerable enthusiasm was manifested on the occa sion, and before the adjournment of the meeting quite a number had entered their names as members of the as-ocia-tion, of which Day. P. Hughes was chosen President, Capt. Simpson, President, Jesse P. Struthers and O. L. Haverly, Secretaries, and Chas. Siegfried Treasurer. And if the campaign should fail to be a vigorous one so far as East Mauch Chunk is concerned, it will certainly not be for the want of energy on the part of the very excellent material of which the newly instituted Campaign Club is composed. And now for a strong pull, a long pull, and a pull altogether, boys ! Lets have a vigorous campaign by all means.

Campaign Club.

A Hayes and Wheeler Club was organized in this borough on Wednesday evening last. W. E Smith was elected President ; Jos. S. Webb and Thos. Ratchiff, Vice Presidents ; F. E. Whitney, Secretary ; Dr. N. B. Reber, Chlef Marshal ; Francis Moultrop and W. S. Koch, Assistant Marshals. A committee of three was appointed to solicit names for membership ; J. S. Webb, Thos. Rateliff and Francis Moulthrop are the committee. On motion, W. M. Rapsher, Esq., Lehighton's tavorite candidate for the nomination for Assembly, was called upon to address the meeting. He responded in a very neat and eloquent speech of about half an hour's duration, and during its delivery was frequently interrupted by the plaudits of the assembly. The next meeting will be held on Tuesday evening, Sept. 12, at 7:30 o'clock, at the Exchange Hotel. All persons favorable to Republican principles are invited to

A correspondent of the Shenandoah Herald, writing from Hazleton under date of Sept. 4, says :

The topic of conversation here vesterlay and to-day was the meeting of the operators, and what came of it. Everybody was and is interested in the decisions to reduce the wages of the mine exployes, business men as well as work men feeling that all trades and conditions of life would be affected by it.

The men generally borrowed no trouble over the matter, knowing as they did beforehand that a drop was inevitable, but they did not anticipate such a high percentage. All things considered, however, in most cases they made up their minds to abide by the terms of the operators for one month, and see how the thing would " pan out."

The collieries operated by Coxe & fro., Ebervale coal company three of Bro., the Hazleton coal company's slopes, Stockton and Milnesville,on this side of the hill, with the Jeanesville works, Audenried, Yorktown and Honeybrook, started this morning, the Milnesville men going in at a reduction of thirteen per cent., and others are likely to fol

Mr. Coxe opened the ball in favor of fair compensation to the workmen by proposing to them that if they want to work upon the terms agreed to by the operator's meeting, he would reduce the price of powder and oil and all other miners' supplies, as well as cut down the prices of goods in his store, so as to make it an object for them to work. The men acquiesced and agreed to go to The Ebervale coal company folwork. lowed suit, and their men were satisfied. Mr. Pardee, of the Hazleton coal company, made a similar proposition,

which was accepted by the men. Messrs. Coxe and Pardee then notified the butchers in this and surrounding localities that they must reduce the price of meat to a certain stipulated price. To, this the butchers demurred, when the gentlemen above named informed them that if they did not come down within a stated time, they themselves would supply their men with beef at twelve cents per pound, and as they are fully competent to carry out all that they

PENNA. STATE BUILDING, CENTENNIAL GROUNDS. Phila., Sept. 1st, 1876.

Sin :- Responding to a suggestion of the United States Centennial Commission, that the history, resources and capabilities of the several States might he fitly demonstrated through meetings and addresses on the Exposition Grounds, his Excellency, Governor Hartranft, has set apart Thursday, the 28th day of this month, for an assemblage of the people of this Common. wealth, and has named, as the orator for the occasion, the Hon, Benjamin Darris Brewster, a gentleman whose admitted ability attests the wisdom of his selection.

The Pennsylvania Board of Cententennial Managers and the Advisory and Legislative Committees, cordially unit-

ing in the movement thus inaugurated. earnestly invoke your hearty co-operation. A Committee has been appoint. ed to arrange details. The Centennial Commission have promised that every feature and appointment of the Exposition will be rendered as complete and attractive as possible on the day named. and assu ances have been from prominent railroad officials that ample facilities for travel will be furnished at reduced rates. As soon as the arrangements have been completed, these rates will be made public, and nothing will be left undone to make the occasion a desirable time to visit the Exhibition.

It is a source of just pride to Pennsylvanians that the great event, so happily commemorated by the International Expo-ition, occurred in Philadelphia and on Pennsylvania soil. But the historic period which followed it closely, specially commends itself to our grateful recollection and observance. The day which has been set apart will be the one hundredth anniversary of the signing of our first State Constituilon. Pennsylvania, at the commencement of the Revolution, was a mere province. Eleven days after the Declaration of Independence was promul-gated, the representatives of the people convened in this city, and, under the presidency of Benjamin Franklin, un-dertook the formation of a new government. They completed their labors on the 28th day of September, 1776, by adopting a Constitution which abolished all proprietary authority, asserted the sovereignty of the people, and solennly dedicated our State to Freedom and Independence.

You are respectfully requested to bring the subject of this circular to the notice of your friends, and keep it before them, to the end that they may come here in such numbers as shall be worthy of themselves and of the grand occasion which they are called upon to commemorate.

Very respectfully, A. C. MULLIN, Sec.
