—Official returns of the election in Maine show that Connor, the Republican candidate for Governor, received 73,515, votes, and Talbot, the Democratic candidate, 60,719, the scattering vote being 1613. Republican plurality over Talbot, 12,796; majority over all; 11,183. The total vote, 135,947, was the largest by 9229 ever cast in Maine.

—Ex-Governor Allen, of Ohio, in conversation with a reporter last week, reiterated his belief that specie payments are a "barren reality," and said:

"The Republicans say; 'Oh, well, there's plenty money in the country.' So there is, but it isn't in circulation. A man is mediately after his death, if he dies by fair means, has just as much blood in his veins as he had before, but it isn't in circulation. That's just the way with our money. There's plenty of it in the country, but it isn't circulating."

Yes; says the Philadelphia Ledger, and the only thing that will start it in to quicker circulation is confidence, and confidence must rest on an assurance that the dollar of to-day will be worth just as much as the dollar of next week. This assurance a paper dollar which is not convertible into coin at par can never give. When ex-Governor Allen can succeed in vitalizing dead bodies by pumping more blood into their veins he may hope to pursuade sensible people that printing more paper dollars will secure business prosperity.

—Dr. J. C. Kramer, the Democratic nominee for Assembly, is a practising physician, residing in Lower Towamensing; he is very popular among the people of the lower end of Carbon having, by strict attention to business and liberality, built up for himself a reputation unexcelled by that of any other man at this end of the county. While we have all along favored the renomination of Hon. A. J. Durling as Representative, and still think that he would have been the strongest and most efficient nominee and member of the House, because of his experience in that body; still, in taking up a new man for the position, we do not think the Democracy could have made a better selection than Dr. Kramer from the material offered in the Convention. That Dr. J. C. Kramer (Democrat) and W. M. Rapsher (Republican), will be the next members of the Legislature from this district no person seems to infer the slightest doubt.

—By the monthly report of the public debt for September we learn that the debt was decreased during the month $2,915,365 35. The total principal of the debt now outstanding is $2,176,775,418 38, on which there is due and unpaid of interest $47,122,227 37, giving a total of principal and interest of $2,203,902,645 75. There was at the same time cash in the Treasury, of coin, $64,091,124 43, of currency $12,524,945, 03, exclusive of $34,520,000 of special deposits for redemption of certificates, making the total cash in the Treasury $111,636,059 96, reducing the total debt, less cash in the Treasury on Oct. 1, 1876, to $2,092,266,575 51. Debt less amount in Treasury September 1, 1876, to $2,095 181,941 41, showing a decrease during the past month of $2,915,365 85. Decrease of the debt since June 30, 1876, $7,172,760 20. Bonds issued to Pacific railroad companies, interest payable in lawful money, principal outstanding, $64,623,512; interest accured and not yet paid, $962,352 68; interest paid by United States, $22,080,218 42; interest repaid by transportation of mails, etc., $6,950,393 84; balance of interest paid by United States, $25,129,824 58. The payments made from the Treasury by warrants during the month were: On account of civil and miscellaneous, $4,561,926 61; war, $3,558,208 25; navy, $2,214,967 51; Interior (Indians and Pensions), $3,267,935 36; total, $13,597,735 74. The above does not include payments made on account of the interest or principal of the public debt of the United States.

The Democratic Nominations.

The Democratic delegates elected on Saturday last, met in the Court House, at Mauch Chunk, on Monday morning, at 11 o'clock. The chairman of the out going County Committee, Dr. R. Leonard, who was also a candidate for the nomination of Associate Judge, called the Convention to order. After a somewhat "heavy" speech, the gentleman sat down, when Mr John S. Lentz nominated Prof. J. P. Rowland, of Parryville, for Chairman, and that gentleman was elected to that position without opposition. Upon taking his seat, in a few very appropriate remarks, he thanked the Convention for the honor done him in making him the Chairman. The following gentlewere then chosen for Vice-Presidents and Secretaries:

Vice Presidents, John S. Lentz,
" " John Ash.
Secretaries, F. P. Semmel,
" Jas. P. Smith,
" Wm. Simmers.

The credentials of the several delegates were then called for, and a full delegation from each district responded to their names.

The revised Rules and Regulations for the government of the party in this county were then presented and, on motion, adopted. Resolutions favoring the nomination of Robt. Klotz for Congress, and endorsing the nomination of Charlton Burnett for the State Senate were also adopted. The following Committee on Resolutions was then appointed: N. M Belford, E. W. Williams and Dr. Keiser, and the Convention then adjourned until 1:30 p. m.

It was 2. p. m. before the members of the Convention assembled, when the Secretary called the roll, and the Chair announced that nominations of candidates for the several offices were in order. The following persons were nominated:

FOR ASSEMBLY.

The first person named was from Summit Hill.
J. C. Kramer, L. Towamensing.
Jas. A. Harvey, Buck Mountain.
A. J. Durling, Lehighton.
H. J. G. Neumuller Summit Hill.

FOR ASSOCIATE JUDGE.

Dr. R. Leonard, Mauch Chunk.
John Behler, " "
Jos. Lynn, " "
John Stedman, " "
Z. H. Long, Lehighton,

FOR SHERIFF.

Enos Koch, Kidder.
Chas. Kline, E. Mauch Chunk.
Wm. Nesley, Summit Hill.
Paul Kresge, U. Towamensing.
Frank Stocker, Lehighton.
J. W. Raudenbush, "

FOR PROTHONATARY.

J. J. Gallagher, Beaver Meadow.
T. J. Heberling, Mauch Chunk.
Elwin Bower East Mauch Chunk.
Jos. Feist, Weissport.
Pat. Lawlor, Nesquehoning.

FOR JURY COMMISSIONER.

John R. McGinley, Mauch Chunk.
Saml. Rickert, Summit Hill.
E. R. Killer, ———
J. S. Wallace, E Mauch Chunk.
R. F. Hofford, Lehighton.
John Crossan, Nesquehoning.

For Assembly D. J. C. Kramer was nominated on the 4th ballot, and a person from Summit Hill on the 5th. For Associate Judge, Dr. R. Leonard was nominated on the 3d ballot. For Sheriff, J. W. Raudenbush was declared the choice of the Convention on the 4th ballot. For Prothonatory, the result of the 4th ballot showed a majority for Jos Feist, and for Jury Commissioner, E. R. Keller was nominated on the 6th ballot. The committee then presented the following

RESOLUTIONS.

We, the Democracy of Carbon County, in General Convention assembled, present the following principles as essential to just government:

1st. That we endorse the nominations of Gov. Sam. J. Tilden and Gov. Thos. A. Hendricks, made at the St. Louis National Convention, for President and Vice President of the United States and pledge them our earnest support.

2nd. That we adopt the platform and principles laid down at that Convention and approve of the doctrines of government as set forth by our candidates for President and Vice President in their letters of acceptance, regarding them as the embodiment of the true principles of a free and pure government and the dictates of wise statesmanship.

3d. That the unhappy and distracted condition of our country demands a radical change in the present administration of its affairs which has become a mere instrument of partisan tyranny and personal ambition, and an object of selfish greed thereby bankrupting our people and producing anarchy in many of our states by introducing the bayonet for the ballot.

4th. Local self government, with impartial suffrage, will guard the rights of all citizens more securely than any compelling power and that the public welfare requires the supremacy of the civil over the military authority, and freedom of person in every respect at the polls.

5th. That we approve of the action of our representative in Congress, the Hon. Frank Collins, and our State Senator, the Hon. Charlton Burnett, and our Representatives, the Hons. A. J. Durling and James Harvey, and that

5th. We commend the Chairman of the Democratic County Committee for the energy and success with which he conducted last year's campaign, and request him to continue in that position during the present canvass.

—The nomination, by the Democratic party, of J. W. Raudenbush for Sheriff is very favorably received by our people of all classes. He has held the position for one term and is consequently fully conversant with the work of the office, and, if elected, will make a competent officer. Speaking of the nominations for sheriff, our old friend J. C. Fincher, of the Mountain (Hazleton) Democrat, discourses thusly:

This fall the people have a chance to show their appreciation for past services in the nominations for sheriff, both the candidates have once filled the same office. John Painter, an old type and editor, and one of the youngest and jolliest of old men was elected and filled the office very creditably and satisfactorily, way back in the forties, when many who are now gray headed were boys in petticoats. The intervening years have added nothing to John's age, but a little to his weight. If elected he will unquestionably be found competent to fill the office not only as well as formerly but quite as well as any man in the county. Mr. Raudenbush, his opponent was elected sheriff in 1870, served his term with credit to himself and to the satisfaction of the citizens of the county. He is a man in the very prime of manhood, with an unblemished record, and his friends feel that notwithstanding the universal good feeling wrought by the association in favor of "pap" Painter, that the younger men of the county will pull the equally popular Raudenbush through. Be that as it may, which ever man wins the county will have a good officer; Lucky Carbon!

How do yot like the Ticket?

The above question during the past few days has been asked times without number, and as often has it been answered by the Democrats with a shake of the head. In fact, but few of our people are satisfied with the nominees, or at least a portion of them. The Summit Hill nominee especially is not received with any show of satisfaction by Democrats, while the Republicans are jubilant over the defeat of Durling and the elevation of the Summit Hiller, and no wonder, for thereby they see the positive election of one of their Assembly candidates—if not both. Dr. J. C. Kramer may possibly make his election, but he will have some hard work to do for it—he has a load to carry which he will need to shift and twist from shoulder to shoulder many times before he achieves a successful issue to his labors. The indications, however, now appear to be, that W. M. Rapsher and J. C. Kramer will be the choice of the people for Legislative honors. For Associate Judge, it will be nip and tuck between Dr. Leonard and T. L. Foster, with bets in favor of the latter; while for the Prothonotaryship we have on the Republican side the affable and tried Kemerer with his hosts of friends, and on the Democratic Joseph Feist, landlord and proprietor of the Fort Allen House, of Weissport. Whether the latter possesses the requisite strength to pluck victory from the former is a question that a count of the ballots alone will decide, although the indications now point to Mr. Kemerer's re election to the prothonotary's office. In the contest for the office of Sheriff, we have "Pap" Painter on the Republican, and the genial J. W. Raudenbush on the Democratic ticket. Both are very popular throughout the county, and for this office both parties have evidently nominated their strongest men—each have friends in both parties, and that the contest for the position will be lively and close there is not the slightest doubt. To win will require no small amount of labor.

—The trial of General O. E. Babcock and Thomas P. Somerville, at Washington, for complicity in the safe burglary conspiracy, resulted on Saturday in their acquittal. The jury was out two hours.

Our Philadelphia Letter.

PHILA., Pa., Oct. 4 1876.

DEAR ADVOCATE,—Pennsylvania Day was a *great* success, and over two hundred and fifty thousand visitors to the Centennial helped to make it so. Governor Hartranft's reception was well attended, and his fellow citizens nearly shook his arm off—I dought if the Governor ever had such a shake before. My! how his right hand must have ached! Some inventor ought to get up a patent hand and arm for such occasions, there would be "millions in it"—to get. The fireworks in the evening were very fine, that is the aerial portion of the programme was—the set pieces were not so successful: this was owing to their being damp and consequently difficult to ignite. One of the set pieces—a bust of Washington—was a regular bust, the chin, eyes, nose and ears of the Father of his Country stood out in bold and luminous relief—but the rest was in darkness, and this, in spite of an irreverant wag in the crowd, who said, "Put a head on him."

Efforts are being made to retain the Main Building intact, and subscriptions are being solicited to further that end. Many of the exhibitors would leave their exhibits in the building should it be purchased, and it is firmly hoped that the movement will be successful.

The State House bell has been taken down, and will be sent to Troy, N. Y., to be recast. It is said that "new brooms sweep clean," but the same rule does not apply to bells, for this new bell has never rang well.

November 10th will soon be here, and then all will be sad and drear, the Centennial a thing of the past, but its memories will ever last.—Please, weep.

It is not known, as yet, which President U. S. Grant will come out for. Some parties say he will come out for Tilden, and others say he will come out for Hayes. Of course I mean out of the White house.

Stump speeches are so dom. few, made from stumps now-a-days but the stump speaker often stands on a platform and spews his stump speech with a stump in his mouth, and a keg of beer in the back room.

"All that glitters is not gold." The solid looking chunks of the precious metal in the Main building are made of plaster and mighty good.

An infant's dress exhibited by one of our Philadelphia firms can be purchased for the small sum of six hundred dollars. I have not heard, as yet, whether a revolver is furnished with it so that it can be protected when out on the cottage one.

The fearful decline in Philadelphia & Reading R. R. stock has burnt the fingers of many amateur speculators, who stepped in when it had fallen a dollar or so, with the idea that the lowest figure had been reached and that Reading would soon be showing an "upward movement." Thousands of dollars are lost in this city every year by parties who hang around the Stock Board, with the vain idea that their margins would give them a lucky stroke, and that they would jump into a fortune at a single bound. To all such would-be speculators, the good old proverb "A burnt child dreads the fire" goes into naught, for they no sooner get their fingers scorched than they're up and at it again and keep at it until they can no longer raise or scrape anything together, so great seems to be their infatuation.

The car horses have had a hard time of it, and it is presumed that those who survive will be heartily glad when the Centennial is over.

This is the time of year for torchlight parades and chills and fever. One helps the sale of equipments and the other the sale of quinine.

A man exhibits a "panama hat valued at $5.00. It still awaits a purchaser. Where's the stamps and where's the use for the hat? They say it will last a life-time—if you take good care of it. I think I shall go by it and observe it more closely.

Eleven thousand bronze medals will be given out by the Centennial Commission to lucky exhibitors.

The little ship "Charles Carroll of Carrollton," which sailed from Baltimore, on Monday last, for the Centennial, unfortunately capsized and sunk before she was fairly away from her moorings. Her owner hopes to raise her and be able to reach the Centennial before the closing day.

If you want to find out who you are, just get nominated for some political position, then your opponents will tell you all about how your father's great grand uncle voted twice at one election and how—a truce—I beg.

The Centennial now has from sixty to seventy thousand visitors daily.

John Frost, Esq., is expected to put in an appearance before the close of the exhibition. I am sorry he is coming, for then it will be good bye to the beautiful display of flowers in front of Horticultural Hall.

Buck Mountain will be M. T'd of inhabitants tomorrow, Oct. 8th, for it is her day at the Centennial. Yours, Octoberly,

MARCUTIO.

—The sale of the Wilmington and Reading railroad advertised to take place at noon on Monday, in Philadelphia, has been adjourned until the 1st of November.

THE LUTHERAN GENERAL COUNCIL.—The General Council of the Lutheran Church in America will assemble in Grace Church, Bethlehem, on Thursday, the 18th inst. The meeting will be a very important one to that denomination, as it is expected questions of some moment will be presented for their consideration, and the deliberations of this body will therefore attract considerable attention. The Council is composed of sixty clergymen and forty laymen—all of whom are representative men of the bodies from which they are delegated. The Council comprises all Lutherans outside of the General and the Missouri Synods, and representatives from New York, New Jersey, Pennsylvania, Ohio, Indiana, Illinois, Wisconsin, Texas, Tennessee and Canada will be present. The delegates from the Ministerium of Pennsylvania and adjacent States are as follows: Clergymen, Rev. Dr. E. Greenwald, Lancaster; Rev. Dr. C. P. Krauth, Philadelphia, Rev. Dr. B. M. Schmukker, Reading; Rev. Dr. A. Spaeth, Rev. Dr. Wm. J. Mann, Rev. Dr. J. A. Seiss, Philadelphia; Rev. Dr. C. W. Schaeffer, Germantown, Rev. Dr. J. A. Kunhleman, Philadelphia; Rev. S. K. Brobst, Allentown; Rev. S. B. Rath, Bethlehem; Rev. F. J. F. Schantz, Myerstown; Rev. H. Grabn, Philadelphia. Lay Delegates: L. L. Haupt, H. Lehman, E. Endlich, H. H. Muhlenberg, P. P. Keller, D. M. Fox, C. Pretz, C. D. Norton, Dr. J. Rammel, J. B. Zimmele, J. Reichard, Dr. L. K. Stein, G. Heins. Among those who will deliver appointed sermons are Rev. Dr. Brown, of the Holstein Synod, Tenn; Rev. Drs. Krauth and Seiss, of Philadelphia, and Rev. Dr. W. A. Passavant, of Pittsburgh. Rev. Mr. Mechling, of Ohio, will address the Sunday School of Grace Church on Sunday, the 15th inst.

Matters of Interest.

—The Delaware Lackawanna and Western directors, in omitting the usual quarterly dividend, make no public statement of the condition of the company, but the exhibit presented at the meeting shows that for the first eight months of this year the road earned its interest charges and rent of leased lines, and this probably, is equal to the average business of most of our railroads.

—Mr. and Mrs. Edward Chichester were burned to death at Troy, N. Y., Sunday, by an explosion of alcohol, which they were using in the preparation of varnish. The mixture was put in a leaky pan on the kitchen stove.

—The regular term of the supreme court for the western district of Pennsylvania commenced its session at Pittsburgh on Monday Oct. 2. The causes on the trial list numbers 280.

—The quantity of iron podoled in the mill of the Reading railroad company has been doubled since the experimental use of coal dirt. The experiment will prove a success, it is believed by the puddlers.

—George Zinck, on trial at Williamsport for killing a man named Jacs. Martin has been acquitted. The defendant was evidently not a person of sound mind, and the evidence against him entirely circumstantial.

—Philadelphia has a debt of $34,000,000 and $10,000,000 in assets to show for it.

—An organization has been effected in Philadelphia with the object of ultimately getting up a stock company to purchase the main building on the centennial grounds for the purpose of exhibitions hereafter.

—The Bethlehem iron company, of Bethlehem, has a capital of $2,[illegible] and a bonded debt of $1,000,000. It has six blast furnaces with a capacity of 90,000 tons a year, a rolling mill with a capacity of 20,000 rails per annum, and a Bessemer mill turning out 50,000 steel rails per y.

—A centennial tournament is to take place October 19, "Maryland Day." Fifteen knights are to ride in the tournament, and contend for the prize. The queen of love and beauty, who is to be the handsomest woman in America, will be supported by four maids of honor from the north, east, south and west.

—About noon Saturday, an attempt was made to rob the Empire bank of Allentown. The cashier, Mr. Mellar, was alone in the bank at the time. A stranger entered one door and asked for change for a two dollar bill. Just then two other strangers entered and questioned him on the rate of interest allowed on deposits. The cashier suspected them and watched them. He detected the first customer with his hand inside the railing trying to grab the box of money. He was roughly addressed, when the three men beat a hasty retreat.
