-The full official returns of the election in Ohlo, as furnished by the Secretary of State, give Barnes, Rep., a majority of 6956. The total vote was 581,259, again-t 590 090 in 1875.

-The Secretary of State of Indiana reports that the largest vote cast at the recent election was for Treasurer, 213,-019 being given for the Democratic can didate, 206,218 for the Republican and 16 082 for the Independent. Total 434.319. The average plurality for the Democratic State ticket is 5846, that for Williams over Harrison for Governor being 5139.

-The Washington (Pa.) Reporter, Oct. 21, says: The cremation furnace of Dr. LeMone is finished, and for two days it has been fired up for the purpose of drying the masonry. The fire will be kept burning until the structure is thoroughly dried, and sometime next week an experiment will be tried in cremating an animal of about the size and weight of an average man. Should this experiment prove successful then a human corpse will be placed in the furnace and incineration will be an accomplished fact. This furnace is attracting attention all over the world. The doctor is overwhelmed with correspond ence on the subject.

-Says the Portland Argus, of October 20 : Yesterday the United States troops stationed at Fort Preble marched through the streets on their way to South Carolina, under the orders of President Grant, to secure the election of the Hayes ticket in that State. That is the object, as everybody knows; and when our citizens saw these men with arms and knapsacks, marching as if to war, in time of peace, they could but realize the more forcibly how times have changed. Goce an Administration guilty of such an outrage would have been condemned by an outbust of inalgustion from men of all parties, that would have made even the stolld Grant quall, How intelligent Republicans can now acquiesce in and endorse by their voles such a proceeding passes our comprehension. We know that some Republicans, at least, condemn it in the strongest terms.

-United States troops are still arriving in South Carolina. A telegram from Columbia, on Monday last, says thirteen companies are now in that city and twenty-four in other parts of that State. All the rifle club- have disbanded, but the colored militia is still organized. Peace reigns everywhere, and both parties are making a vigorous canvass. A telegram from Charleston says Governor Chamberlain has sent a written demand to the German Fusileers to give up the State arms in their possession and report whether they have disbanded, ill'assedience to his own and the President's proc'amation. Similar demands have been sent to other volun-teer organizations holding State arms, and in all cases, it is said, they will be complied with. The German Fusileers, above mentioned, is one of the oldest military organizations in the Union; il dates ouck to 1775.

- General Sigfried and D. C. Henning, make the following statement in regard to Slattery's accusation : Before the declared that he would not support Pershing if nominated, and after the nomination, at the solicitation of Slattery, they had a meeting with Keboe and Slattery at which Judge Ryon was present, and at which it was agreed that Kehoe and Slattery should have one thousand dollars apiece, to be used in paying their expenses in electioneering for Hartranft, but that it was distinetly understood and said that the money was not to be used for any purpose illegal or improper. A few days afterward one thousand dollars were at Slattery's house in Tuscarora. They further say that at the time the bargain was made nor at any time thereafter before the election neither Sigfried nor were Mollie Magnires, both denying being connected with that order; that nothing was said or insinuated at any time during the negotiation about using influence to obtain pardons for convicted Mollies or any other persons after the election; that no additional thouand dollars was promised or spoken of as a reward for securing the election of one-half of the republican county ticket, but that Kehoe and Slattery were to exert themselves for that end whilst working for Hartrauft; General Sigtried did not go to Harrisburg for the money, nor did the money paid to Kehoe and Slattery come from there, and they did not request Slattery and Kehoe to write to bodymasters outside of the county to secure their influence for Hartrantt, nor was anything of the kind spoken of.

The New York Herald of Monday says: The enormous attendance at the Centennial Exhibi tion makes it possible that it will be not only i great national trumple but also a pecunisty success. If this should be the case America would have double cause for constantiation.

As the poultry show will continue nutil after the election it is feared there may be a scarcity of roosters for the columns of political news papers and for Suit River tickets.

Patent hatching machines will be exhibited at the poultry show, and they will hatch most anything, from a chicken to an ostrich. Giass eggs are probibited.

At this time of the year the small boy goes gunning for ash barrels and boxes. It matters not to him who gains the victory, all he wants is his bon fire, and have it he will, even if it tighs the last ash barrel in the land and he gets his pants dusted in the bargain.

Governor Tilden has defined his position on the "war claims" issue in a lefter to the chairman of the Democratic national committe in which he declares that in no event shall any rebel debt be assumed or paid.

Yours, as nearly, Marcutto,

The train that Master Mechanic Williams ran from Jersey City at five o'clock Tuesday evening on the Central Pairroid of New Jersey, to carry passo part to Roscelle, weathed, Duniselve, and Plainfield, was heavily indened with committees from Sew York, who have seen it ved by the atrian of the rankway curincers and fireme. Mr. Williams was one of the fire or four officials of the road who ran the only trains that were started from Jersey City Tuessay. This side of sometwiffe the train went off the track. The outine was furned upon its side, Iwo condites were piled upon the hocomotive, and three other conches were thrown from the rails. Three other conches were thrown from the rails. Three other conches were thrown from the rails. Three passements were taken out of the wreck dead. Five others were seriously wound of, and nine slightly so.

Democratic Rally ! A very large and cuthusiastic meeting of the Democracy of Lehighton and nomination of Pershing Slattery had vicinity took place in this borough on Thursday evening. Shortly after 6 o'clock the people began to assemble at Semmel's Hall, and at 7 o'clock a large procession was formed with men equipped with hate, capes and torches, who proceeded to the L. & S. depot, where they received a large delegation from Mauch Chunk, and the speakers of the evening. The procession, headed by the Phoenix Band, then paraded through this and our sister borough of Weissport, after which they assembled in the large hall of our school house. The meeting was called to order by Hon. A. paid at General Sigfried's house, and at J. Durling, who nominated J. S. Lentz a later period, about a week before the as chairman; the following gentlemen election, the other thousand was paid were appointed vice presidents : Jos. Obert, Wm. Waterbore, Douglas Miner, Isaac Bagenstose, M. L. Johnson and John Miller, and secretaries, H. V. Morthimer and Or. J. C. Kreamer. Ad-Henning knew that Slattery or Kehoe dresses were delivered by Mr. Bellam, of Philadelphia, Gen. Burke, of N. Y., Mr. Kitterlinus, of Philadelphia, and Allen Craig, of Mauch Chunk. The speakers were frequently interrupted with termendous shouts of applause, the greatest enthusiasm prevailing during the entire evening. It was one of the largest and most orderly meetings ever held in Lehighton.

-An address to the people of the United States, signed by the President of the Charleston Chamber of Commerce, the Methodist, Catholic and Epispocal Bishops, the leading Presbyterian, Lutheran, Baptist and Jewish Ministers, and Presidents of all the banks in Charleston, is published, in reference to the condition of affairs in South Carolina. The address contradicts the statements made by Governor Chamberlain and other officials: affirmthe loyalty of the people of that State; denying that there is any insurrection within her borders, or that the law cannot be duly enforced; asserting that in recent race collisions the whites have not been the aggressors; avowing the fact that there is a "most earnest and excited canvass to overthrow corrupt rule and establish an honest State Gov. ernment," and claiming that this object should command the sympathy and support of every lover of his country."

-Our talented young friend, W. M. Rapsher, Esq., has won golden opinions among the legal fraternity, the press, and the people, by the able plea he offered for the defense, in the case of Com. vs. "Yellow Jack" Donohue, charged with the murder of Morgan Powell. The evidence against the prisoner was most conclusive, leaving no ray of hope for the prisoner's acquittal of the crime, yet so strongly did Mr. Rapsher appeal to the jury that on retiring four of them were in favor of finding a verdict in the second degree. That this effort of Mr. Rapsher's sursurpassed the expectation of his numer ous friends there is no doubt, while it has won him many new and warm friends among our people, who will not forget on election day that he is the Republican candidate for State Legislature.
