Read this Home Certificate, testified to by Edward B. Garrigues, one of the most competent Drugues is and Chemists in Phitadelphia, a man whose veracity none can doubt:

I am happy to add ny toskimony to the great value of the "Landon Hair Color Restorer," which restored my hair to its original dark color, and the hue appears to be permanent. Fam satisfied that this preparation is nothing like a dve, but operates upon the secretions. It is also a beautiful hair dressing, and promotos the growth. I purchased the first bottle from Ed. B. #### Mauch Chunk Items.

The following interesting items from our Mauch Chunk correspondent were

crowded out last week : -Jacob Flickinger, one of the twelve sitting in judgment on Fisher-McKenna ease, was seventy-nine years old on Thursday last.

-Sheriff Nesley, of Summit Hill, has leased the Continental Hotel, at Ash-ton, and contemplates making his bow

in the capacity of landlord some day during the coming week.

Miss Emily Sakkeld, of this place, will shortly wed a Mr. Guliek, of Newark, the ceremony to take place at Waterloo, N. Y., and "sliver tongued Dan" is said to contemplate entering into part-nership for life with a Washington lady. Next?

lady. Next?
Sociables, candy pulling, and sour-kraut parlies, are, just at present all the go among the "upper crust,"
—Mr. Fred. Schulenburg, of Upper
Mauch Chunk has repaired to Philadel-

phia for medical treatment. -Among Saturday's arrivals of distinguished strangers were "Judge" Slattery and Chas. Mulhearn, Esqs. They were accompanied by several lady friends and two members of the C. & I. Police, and took up quarters at Mrs. Breneiser's boarding-house. They expect to remain about 2 weeks.

—Mr. Aug. Keenan, the Californian, a well-liked young man and experienced pharmaceutist, is playing second fid-dle at Lacier's mammoth drug store, and a more polite and attentive clerk (especially to ladies) is not to be found in Chunk.

—Mr. Louis Dietrich, the tin-smith has regained the use his lower pins, and may again be seen about town. Unkraut vergeht nicht-nicht war, Louis.
-The "Columbia" has been the most extensively patronized hotel dur-

ing the week, whereat the worthy Judge feels well pleased. --Bating a fine assortment of smok-ers' articles in Geo. Wolf's and a very attractive display of notions at Richard Kiefer's, the show-windows of our shop

keepers don't look much Christmaslike. -Ellas Schick is somewhat crippled

by rheumatism.

-The Orpheus Singing Society will hereafter meet in the High Shool-room of the first ward School House.

—Miss Bessie Hazard returned from

a six week's visit at Claymont on Thursday.

Thursday.

—That a party of enterprising young ladies should have come to grief on Wednesday evening is sorely regretted by 'yours most respectfully.' Were he at liberty to divulge particulars, it would cause a side-splitting laughter, for the whole affair was so funny, oh! -Among the many useful contrivances lately brought to our notice is an inodorous, steamless boiler, broiler, fryer, and baker, designed and wannfac-tured by Spangler & Esser of this place. On trial we found it a contrivance, which, for adapability and usefulness seeks its equal, and will surely find its way in every household where its advantages are once known and appreciated. As a broiler it excels anything

ing pies or biscuits, or warming them it is decidedly the best thing out, and used for cooking or frying, banishes all disagreeable odors, and thus prevents a whole neighborhood from knowing what one is going to have for dinner. But its main excellencies consist in its being a superior broiler and baker. -Boss Reichard is under the impres sion that the wire-mill over which he presides is the only establishment in town where business is as it "used to was"-brisk. And Simon, I think, is

we have yet seen or tried, and for bak-

correct, and the hands employed under him are lucky fellows. -The clerks of the L. V. R. R. Co. are making every possible exertion to sum up about the 20th or 23d inst. our correspondent is under obligations to the publisher of the Apvo-CATE for the prompt relief received at

his hands a few dags ago.

—People are evidently growing tired of listening to Molly trials, and by the time Alex. Campbell comes to be tried, the defendant, lawyers and jurors will very likely be the only parties in atten-dance. Should the Wagner case come however, it will surely draw a full ALPHAL

Dec. 7, 1876. THE POWELL MURDER. >

Court met at 9 a. m. and the cross-examination of Charles Mulheava continues. With regard to this witness is may be permissible to remark that no one with whom we have yet conversed appeared to doubt that on direct ex-amination he had "told the truth according to the best of his knowledge." Yet ever since yesterday counsel for defense have been engaged in the, thus far unsuccessful attempt of demolishing his testimony. Mulhearn claiming to have been with the party that assassinated Powell, tells what appears to be a straight forward story of particulars Tells us how he came to go to Summit Hill, what happened there, whom the party of assassins (of whom he was one) met, by whom and how the deed was done, and who had paid and received part of the reward. These statements counsel for the defense are now trying to undo by an (let us hope futile) attempt to confuse the witness. Messrs. Ryon and Fox are working hard for their clients, but then—they are working for a fee of a thousand deliars each ! The danger and insecurity of life and limb to which the ishabitants of the coal region have been

hitherto expeced are nothing to them, of course not. The whose proceedings are almost too disgusting to witness, yet thus far, the prosecution have had the better of the defense. Besides, were they even to succeed in their tactics, they can not expect to annihilate the many corroborative facts, some of them already established, and others to be established. Their case is evidently

a desperate one.

An hour and a half having been spent in useless argument, the cross-examination is permitted to proceed according to certain rules agreed upon: I think we went down the plane; don't know that I said at the habeas corpus hearing that Donahoe took us into the brush; don't know how long we were in the brush; Mat Donahoe was nearest to Powell when John Donahou fired the shot; Fisher stood be-bind him (Mat Donahoe); don't re-member what I said at the habes cor-pus; know that Fisher went to Wil-liamson's window; several people passed but none but one spoke; think I mentioned the names of all implicated mentioned the names of all implicated at the habeas corpus; did not say at the bearing that Fisher and Campbell had been talking at Sweeney's about this man (Powell); when I left Tamaqua, I didn't know but what we were going on a lawful errand; Capt. Linden frequently talked to me about this case at the prison; nobody asked me what I was going to testify to.

Re-direct: Was not on the stand long at the habeas corpus; was neither as

at the habeas corpus ; was neither ex-amined by Mr. Ryon nor Fox then ; they were not there; Donahoe called Pisher "Suste" when we met at Summit Fisher "Susie" when we mat at Summit Hill; after the shooting we met between the cars; McKenna had a bottle in his pocket, out of which he gave me a drink; was supervisor of North Schuylkill township at the time of my arrest; had some money due me by the township; Patty O'D nnell introduced me to Fisher at Mrs. Ryan's; O'Donnell told me that this was Mr. Fisher. me to Fisher at Mrs. Ryan's; O'Don-nell told me that this was Mr. Fisher. County Delegate of Carbon county; he had come with a delegation of twenty-five, we with one of ten; they had come, he said, to scare one Coler-ain away from his wife, with whom he had been living in unlawful wedlock; had been living in unlawful wedlock; when I was introduced to Fisher at Sweeney's as Mr. Dwyer, I acted of course as though we had never met before. C. T. McHugh was among those at Mrs. Ryan's; can't tell how long it was between the meeting at Ryan's and the Powell murder; meeting him (Fisher) some time after the murder, he said to me. Wasn't it a clean job? Says I: Wint job? Says he; the killing of Powell; he told me what it was done for; can't say how long after the murder this was; heard something said about a "boatman;" think it was in Sweeney's bar room; don't remember talking to McKenna since the Powell murder,

AFTERNOON SESSION.

Can't tell what I swore to at Dons-noe's trial. Q.—Did you, at the trial of Donahoe swear that the reason given by them for the shooting was beause "he (Powell) refused to give Campbell a breast." A.—Don't remember what ; met two men on the railroad track, but can't just now state what they said : think the men asked what was the matter, or something of the kind; passed one man first, and four or five afterwards; met some men afterwards; can't tell whether these or the former asked us what was the matter; we went part of the way down the plane; it was in or near the swamp that we met a man; can't say what time it was when we got to Tamaqua,

John Sweeney : Was at Coal Dale on the night Powell was shot; between on my way to Ashton, I met three men in the Ashton swamp; when I met those three men I bid them "good eve-ning;" they inquired of me the road to Tamaqua, and I directed them what course to take; they wore dark clothes; the spokeaman of the party wore a long dark coat and cap, this was about

eighty yards east of the old plane. Cross-examined: I was going in opposite direction from what they were ; was going to Summit Hill; had never been called on as a witness in this mat-ter before Donahoe's case was tried; they were within seven or eight feet of

e; they were east of No. 2 plane. David Gridsth : Ou night Powell was shot I was at Tamaqua; on my return accompanied by two others, we met three men about a mile and a half this side of Tamaqua; I was driving the team myself; left Tamaqua at about 10

Thomas Downs : Was in Griffith's company on the night referred to, and corroporates his statement.

Evan Davis : Testifies to the same. C. T. McHugh is now brought into Court, his appearance causing considerable stir among both the audience and counsel for defense; was body master of the Summit Hill division in 1871; in October of that year, Fisher, myself, McKenna, Alex.
