THE LUNGS!
CONSUMPTION!

This distressing and dangerous complaint and its precursive symptoms, cough, night sweats, hoarseness, wasting flesh, fever, permanently cured by Dr. Swayne's Compound Syrup of Wild Cherry.

DR. SWAYNE'S COMPOUND SYRUP OF WILD CHERRY
IS A SOVEREIGN REMEDY.

Hemorrhage, or spitting blood, may proceed from the lungs, trachea, bronchia, or lungs, and arise from various causes, as indigestion, colds, pleurisy, or inflammation of the vessels, weak lungs, overstrain of the voice, suppressed evacuation, obstruction of the spleen or liver.

It restores the blood, purifies the system, invigorates the nervous system, and acts as a powerful expectorant, and is the only standard remedy for hemorrhage, bronchitis, pleurisy, or inflammation of the vessels, and for all the pulmonary complaints, and should not fail to use this great vegetable remedy.

Its marvelous power, not only over consumption but over every chronic disease where a gradual restorative action is needed. Under its use the cough is loosened, the night sweats diminish, the pain subsides, the pulse returns to its natural standard, the stomach is invigorated, and every organ has a power and better quality blood supply, and which new restorative and plastic material is made.

The Price of Dora's Gold!
